COPCO TEAM WINS AT PROSPECT, 12-10

The Copco baseball team "brought home the bacon" when they returned from Prospect last evening with a 12-10 victory safely tucked away after a close and exciting game. Over a hundred Copco fans and rooters accompanied the team and spent the day at the Prospect resort taking in Jim Grievie's aquarium, hunting grounds, fishing streams, hospitality, and best of all one of Mrs. Grievie's famous chicken dinners.

Although the diamond was in rather moist condition, causing many errors, it was a good game and kept the fans interested throughout. Copco scored two runs in the first inning. Three runs being the deciding factors in the victory. This was the second time Copco had cleaned up. Jim Grievie's "Vets" and it is hoped that Jim will now acknowledge that Medford is a bigger town than Prospect. The victors are considering a game with Ruch or Eagle Point for next Sunday, place of battle and other details to be announced later.

SEES WORLD WAR IN BRITISH NOTE

LONDON, May 18.—(By Associated Press.) The Daily Herald's Berlin correspondent claims reliable authority for the statement that Great Britain has proposed to the allies to send a joint note to the soviet government, demanding absolute repudiation of the communist international and expulsion of the headquarters of the international from Moscow.

Commenting on the dispatch the Herald says that such a proposal, if successful, must lead to disaster for the whole world, as it may easily rekindle the fires of war.

ANNEXATION TO CITY LOSES OUT BY A CLOSE VOTE

At the election held last Saturday, annexation proposals lost, by a vote of 121 no to 74, yes. The vote by districts was as follows:

North Riverside	
No	Yes
North Riverside.	44 9
Siskiyou Heights.	47 33
West Medford.	30 26

The North Riverside vote was the heaviest against coming into the city and in the other two districts a close vote was polled.

Little interest was shown in the election in Medford, but 19 votes were polled in the city hall precinct, and 59 votes in the North Main precinct, the two largest precincts in the city. The city vote was not counted as under the state law, if the districts annexed lose, it is not necessary to count the votes cast in the city. The official count of the vote will be held at the regular meeting of the city council tomorrow.

Residents of the Siskiyou Heights and West Medford districts will petition the council at once to call another annexation election for those districts alone, and it is believed by a change in the boundaries the second elections will carry. In Saturday's election the outside districts voted as one district so the total vote decided even if one district had voted otherwise. At the second election it is probable each district will vote on its district alone.

"Uncle Tom's Cabin"

In many respects "Uncle Tom's Cabin" is the most important of the season's productions. In the first place it serves to exploit the masterpieces of two of Europe's noted artists, i. e., Ralph Brunst's elaborate painting entitled "The Celestial City" and Hertz Verlor's picture of the New Orleans slave mart; and secondly it has brought back into prominence the memories of that grand old lady, Harriet Beecher Stowe, and serves to reveal the beautiful lessons really to be learned by careful attention. Second to the Holy Book does Uncle Tom's Cabin rank as a sacred instructor. The pulpit has endorsed it as a moral teacher worthy of mankind's support, while the Board of Education in many of the large cities has encouraged scholars in witnessing the worthy dramatization of the story that was instrumental in making our country religious, free and happy. Like a poorly composed book, there are many versions of Uncle Tom's Cabin now being forced upon the public under the embossed covering, which are detrimental to the greatest degree. They are usually short-lived for the people of today are not to be hoodwinked as easily as those of not so many years ago. It is a known fact that this is the original version of Mrs. Stowe's story has been unanimously accepted by the press, pulpit and public of America and England. The Stowe revival will be brought to Medford on Thursday, May 21, 8:15 p. m. in a mammoth water-proof tent, having seats for nearly two thousand people. Mr. Stow's company numbers nearly fifty people, traveling in their own train of motor cars, trucks and trailers. Two free band concerts on the principal streets daily of the "worth while" kind, 6th street, near postoffice. Adv.
