Watch This Page for Plans for Your New Home

Houses that have pleasing lines and a pleasing appearance never go out of style.

Waverly has been planned with pleasing lines and the interior arrangement is handy and well worked out, and while planned primarily for a country home will appear equally as well in the city provided one has enough ground space. It really requires not less than 100 foot front, the house itself being about 63 feet across the front.

The first floor contains living and dining rooms, bedroom and sun parlor, kitchen and bath, with plenty of cup-

board and closet space. If the den is not required it may be omitted and the space used in the kitchen. An entrance to the basement is provided from the outside as well as from the inside.

On the second floor are three bedrooms, a lavatory with closet for each bedroom, and plenty of storage space under the roof. The house is designed for tile walls with stucco exterior, but, of course, may be built of frame.

There is a full basement with laundry, vegetable, fuel and furnace rooms.

An infinite selection of materials, the necessary equipment and proper organization with which to handle your business, is what we have to offer.

AN EVERHOT AUTOMATIC STORAGE WATER HEATER

A Dozen Reasons Why You Should Have Installed in Your New, Beautiful Home an
 EVERHOT AUTOMATIC WATER HEATER

1. Only heater that keeps a tank full of water Everhot on a tiny pilot light.
2. A full stream to every faucet at once.
3. Largest heating surface, burner capacity considered.
4. Stepped flueway—increases efficiency and permits larger burner capacity.
5. Insulated like a huge thermos bottle.
6. Specially designed, non-carbonizing burner. Cannot flash back—has no gauges.
7. Exceptionally low stack temperatures prove minimum heat loss.
8. Sturdy, copperoid steel boiler—riveted for strength and welded for tightness.
9. Condensation and liming almost entirely eliminated.
10. Perfect temperature control—entire boiler of water delivered without change of temperature.
11. No copper coils or complicated parts. Freedom from service assured.
12. Real hot water service for a few cents a day.
