MISS WETHERED WINS TITLE IN THRILLING MATCH

TROON, May 22.—(By the Associated Press.)—Miss Joyce Wethered retained the British ladies' open golf championship title today by beating Miss Cecil Leitch at the 37th hole in a hard fought match that was all square at the end of the first round and again at the end of the second. Miss Wethered won the championship in 1922 and again last year.

The Wethered-Leitch match was perhaps the greatest and the hardest-fought final in the history of the British women's championship plays. Certainly this was the case in the latter stages of the match. It was watched by the largest gallery that ever saw women play golf in Europe.

Miss Leitch squared the match on the 36th green after being faced with a dormie two only to lose it by one putt at the thirty-seventh hole. So well did Miss Leitch play against her opponent that it was not until the 28th hole that Miss Wethered found herself in front. Just as Miss Glenna Collett, the American champion faltered in rounding the turn with Miss Wethered here two days ago, so Miss Leitch weakened today. She pulled her second to the 28th hole and became one down. Then at the 30th she flubbed her drive and the two shots that followed, so that she had played four before Miss Wethered hit her second.

The match was at 36 holes. Miss Wethered was three down at the eleventh, but played the remaining holes of the first eighteen under an average of four and evened the match at the home hole by dropping a ten-yard putt for a birdie three.

The gallery following the match was almost as large as that for Wednesday's battle between Miss Wethered and Glenna Collett, the American star.

The cards: Out: Miss Leitch 3 5 4 5 4 5 4 4 4—38 Miss Wethered 4 5 4 5 3 6 4 5 4—40 In: Miss Leitch 4 4 4 4 3 5 7 3 4—38 Miss Wethered 5 4 3 4 3 4 5 4 3—35 Miss Leitch 76; Miss Wethered 75.

News Notes From Moviedom

These long curls belong to Mary Philbin, who came to the notice of movie fans through her characterization of the pathetic little heroine of "Merry Go Round." Since then Mary has been seen in "The Gaiety Girl," "The Rose of Paris" and "Fifth Avenue Models."

She was also cast opposite Lon Chaney in "The Phantom of the Opera," a picture, by the bye, which has been tied up by litigation and never released.

versal is going to keep her busy in "Another Woman's Life," "Miss Yancy," "Moonlight Kisses" and "The Prince," the latter with Norman Kerry, who played with her in her initial success, "Merry Go Round."

Mary is a little thing—five feet two in height, has plenty of brown hair—as you see—and gray eyes. She hails from Chicago.

Star Dust. Frances Howard, star of "The Swan" and "Too Many Kisses," who recently married Samuel Goldwyn, movie producer, has retired from the screen. Her permanent engagement in the feminine lead in "Home Sweet Home" seems to occupy all her attention.

While Mary Hay and Dick Barthelmess have severed diplomatic relations for the present, Cupid is still strong with other equally well known screen celebrities. For instance, Colleen Moore and her hubby, John McCormick are enjoying life together in Europe. Corinne Griffith and her "better half," Walter Morosco, are

in New York, where they expect to meet Harold Lloyd and his wife, Mildred Davis, who have been doing a honeymoon stunt in this country and Canada, even visiting Niagara Falls. And Tony Moreno and his spouse send word that Spain—where they are visiting Tony's old home—was never more beautiful than now.

Evelyn Brent has just been notified that she has been left a legacy of 100 pounds English money by the will of the late William Hempstead, scene shifter at a Manchester theater where Evelyn once played in stock. Hempstead was injured while at work and Evelyn was kind to him.

What chance is there to sell stories to the film makers? Twenty-five stories out of more than three hundred read by First National's scenario department in the past six months were purchased as suitable for screen production, according to a report made by Florence Strauss, scenario editor of the company. Only two of the acceptances were originals.

FREIGHT AIR LINE IS ESTABLISHED BY LEADING AUTO MEN

CHICAGO, May 22.—A commercial air line between New York and Chicago carrying express and freight by night, will begin operations early this fall as a result of the organization here yesterday of the National Air Transport, Inc., capitalized at \$10,000,000.

Colonel Paul Henderson, second assistant postmaster general in charge of the air mail, will resign his post, effective August 1, to become general manager of the new line, it was announced.

No passengers will be transported. A tentative schedule calls for planes leaving New York at 9:30 P. M., flying over a lighted airway to Chicago, arriving here about 5 A. M.

Direction of the lines will be by radio. Present plans embrace only the eastern route, but others will be mapped out to the south and west with Chicago as the hub.

No stock will be offered for public sale. Of the \$10,000,000 capitalization, \$2,000,000 already has been secured. The project represents the first effort of private capital to operate a strictly commercial air line on a large scale. Howard E. Coffin of the Hudson Motor Car company, Detroit, was elected president, with Clement E. Keys, Curtiss Aeroplane & Motor company, New York, chairman of the executive committee. Temporary executive offices will be in Detroit with operating offices here.

Gets Pleasant Surprise

"About 6 months ago my father was very sick with his stomach, which had been troubling him for several years. Three doctors said he had cancer and one said it was gall stones—all agreed an operation necessary, but on account of his age I was afraid to risk it. I told a friend about it who said his wife had been through the same trouble and had been cured by taking May's Wonderful Remedy. I at once bought a bottle for father and he is now as strong as a bear and can eat more ham and cabbage than any 3 men." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. RECORD BREAKING LIQUOR HAUL IS MADE IN BOSTON

BOSTON, May 22.—Federal officers who raided an office in Haymarket Square today said they believed they had uncovered the biggest rum running organization found in this city since the Volstead act went into operation. Records seized, they said, revealed that three steamers, together with schooners and a fleet of 35-knot speed boats were used and that wholesale bootleggers and persons of prominence throughout the country were customers.

President W. H. Burton of the Maine coast and Canada Steamship company was arrested charged with conspiracy to violate the customs laws. He was to be arraigned with Captain McLean of the Van and the thirteen members of the crew.

The steamer Van was seized at her berth here by customs officers aided by Boston police, who found 1000 cases of assorted liquors on board. The eleven members of the crew were arrested. The vessel, which ordinarily plies between Boston and Crassell, N. J., had cleared from Jonesport, Maine.

Frank Savastino was arrested and held in \$5000 bail.

According to the records, it was said, the organization operated along the New England coast line from Eastport, Maine to Block Island. It was said that spies were maintained in the coast guard service and that a system of lights was employed to
