DOUGLAS GRANT IS NOW FAVORITE IN BRITISH AMATEUR

WESTWARD HO, England, May 26.—(By Associated Press.) Without playing up to his own high standard Douglas Grant, the only American left in the British amateur golf championship, today defeated J. S. F. Morrison of Sunningdale, two up and one to play.

WESTWARD HO, May 26.—(A. P.) The last of the "Big Three" of British amateur golf was eliminated from the 1925 championship today when E. H. Thompson, of Wearside, defeated Cyril Tolley, ex-champion, three up and two to play. Sir Ernest Holderness, the title holder and Roger Wethered were eliminated yesterday. Douglas Grant, an American, now is the reigning favorite of the tournament.

A. F. Bourne of the Garden City club, of New York, was eliminated today by V. C. Longstaffe, of Alderburgh, the American being beaten four up and three to play.

BERLENBACH RULES 8 TO 5 FAVORITE

NEW YORK, May 26.—(By Associated Press.) Many boxing fans expect that a new light-heavyweight king will be crowned at the Yankee stadium Friday night.

In spite of the statement that Mike McGuire, title holder has wagered \$5000 that he will stop his challenger the hard-swinging Paul Berlenbach of Astoria, Berlenbach is an eight to five favorite. A long string of knock-outs, an aggressive style and youth tilt the scales against the champion's greater experience and superb defense.

McGuire has many supporters. They say that he will be compelled to exceed his previous championship performance because he will be defending his title to a decision. His recent reverses at the hands of Young Stribling and Mickey Walker were no difficult affairs when he was merely called upon to remain upon his feet for the distance of the bout. The fight is for the milk fund.

NURMI TO RUN LAST RACE IN U. S. TONIGHT

NEW YORK, May 26.—Paavo Nurmi will run his farewell race in America tonight at the Yankee stadium in what is considered the hardest task of his five months' campaign. He will compete in a special half mile event against his chief rival, Alan Helffrich, Penn State star, and will try to improve upon the nine year old record of Ted Meredith of 1:52 1-5.

JACK DEMPSEY READY TO MEET WINNER

PARIS, May 26.—(A. P.)—Jack Dempsey announced today that he will be ready to meet the survivor of the four-cornered competition between Weibert, Willis, Gibbons and Tunney.

The statement was made after Dempsey had taken a strenuous workout at the athletic club at Paris. He declared he was anxious to get back into the ring and feels that the eventual winner of forthcoming bouts in America is worthy of a chance at the championship.

MOTOR BOAT BEATS 20TH CENTURY LIMITED

NEW YORK, May 26.—Gar Wood, driving his motor speedboat, Baby Gar IV, today beat the time of the crack Twentieth Century limited between Albany and New York City. Wood's boat passed the finish line at the Columbia yacht club at 8:50:20 a.m. The boat left Albany at 5:49 a.m. The Twentieth Century's official time between Albany station and the Grand Central terminal is three hours and ten minutes.

Beavers Get New Shortstop. PORTLAND, Ore., May 26.—(A. P.)—President Thomas L. Turner, of the Portland club of the Pacific coast league wired today from Philadelphia that the suspension of Johnny Jones, shortstop, imposed for his failure to report to the Portland club, had been lifted and that Jones would join the club here Wednesday. Jones was with Portland two days ago and with Brooklyn last year.

NOW IS THE TIME TO SELECT GRASSES FOR COUNTY FAIR

Now is the time for communities expecting to exhibit at the county fair to begin to select their grasses, as several varieties are just about ready to gather, especially Blue Grass, Orchard Grass, and some of the native grasses. Samples should be gathered, and tied in small bundles and placed in dark rooms. It is best to hang these bundles from the ceiling so that the air can circulate thru it, and the grass will cure and hold its green color.

A wonderful lot of advertising was given Jackson county last year by tourists from many states, and it is hoped to make a showing at this year's fair that will excel that of last year. It should be the pride of every community to make the best possible showing. Now is the time to start.

The Markets

Livestock. PORTLAND, Ore., May 26.—Cattle nominal, steady; no receipts. Steers, good, \$9.25@9.50; medium, \$8@9.25. Hogs nominally steady; receipts 20. Sheep steady; receipts 550.

News Notes From Moviedom

"Sweet Sixteen" is the age of the newest Cinderella of the screen, Sally O'Neil. She is younger by two years than Betty Bronson the Peter Pan girl. Sally was "Discovered" by Director Marshall Neilan and wife, Blanche Sweet. Neilan had written a story for Mary Pickford, called "Patsy." Mary changed her mind

Peggy O'Neil

about appearing in the Neilan story, so it looked as if a "perfectly good" story was going to waste.

However, Mr. and Mrs. Neilan, "dining out" one evening, beheld a winsome form on the ballroom floor—dancing, you understand, not prostrate. Ha, ha, they should have said, there's our Patsy. Subtitle—"Followed an introduction and screen tests. Perfection. Sign on the dotted line." Close-up of Sally, the beautiful screen star.

"Flapper wives" are the latest Hollywood problem, says F. B. Fineman, manager of F. B. O. studios. "A few years ago," he said, "most

of the new applicants at the studios were young, unmarried girls. Now, they are mostly young, married ones. They declare they are single, of course, but after a little questioning, most of them will admit having a husband in the home town. The prevailing unrest and spirit of youthful independence is responsible. Young girls get married on impulse. Then they realize they have acted too hastily and look around for an excuse to get out of it. If someone has told them they are pretty and attractive, they head for Hollywood."

A small unit of motion picture workers recently made a round trip to France on the steamer Leviathan, and completed the greater part of a two-reel comedy, "A Fast Sea Knot," while at sea on the big liner. They were gone 18 days. It is said that the picture is the first ever made on board an ocean liner while at sea.

WIFE MAKES UP ONLY TO SHOOT HUSBY THRU HEAD

EL PASO, Texas, May 26.—The wife of a man who followed him from Los Angeles to El Paso and yesterday shot him perhaps fatally, in a crowded court room, is being held by authorities here today pending the outcome of her husband's wound.

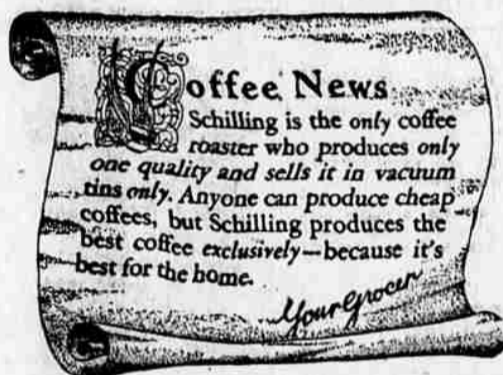

Mrs. C. R. Jones, slender, pretty blonde was desperate to gain possession of her five year old daughter, police learned. Her husband had had the child since the couple quarreled in Los Angeles and his resultant departure for El Paso, she said.

In efforts to reach an agreement concerning the child, Jones and his wife came to the local court room and consulted R. B. Redie, assistant county attorney. He lectured them, calling their separation foolish. This appeared to have been effective. Following it the couple seemed to talk amicably.

But it was only a few minutes until the court room spectators were shocked by the report of a small "bullet" revolver, which Mrs. Jones dropped to the floor after shooting her husband through the head. She waited calmly for arrest.

Holland Will Hold Games PRAGUE, Czechoslovakia, May 26.—(By Associated Press.) Holland today officially informed the opening session of the international Olympic congress that Holland formally engages to stage the 1928 Olympic games at Amsterdam.

question? Anyhow Pola says she'll pick an American—when she picks. La Negri avers American men are "simple and restful."

Attention, Fruitgrowers!

A Letter of Interest to Every Orchardist in Southern Oregon.

RICHEY & GILBERT CO. Yakima Valley Fruit

Yakima, Wash. April 17th, 1925.

Mr. H. W. Hamlin, Medford Precooling & Storage Co., Medford, Oregon.

Dear Mr. Hamlin: Your letter of the 13th received and noted. We are quite sure that when the growers of your district become acquainted with and realize the value of cold storage and precooling for the handling of their pears and apples, that they will be very grateful to you for installing your storage plant. We here at Yakima have been adding to our cold storage facilities as fast as we possibly could. Ever since we first tried it, we have found that the cold storing and precooling of fruit is very valuable, not only as regards the condition of the fruit, but also in the selling and in the prices realized. There is no question but that experienced shippers and experienced buyers will give preference and in many cases, more money for precooled fruit, both apples and pears, than they will for common storage stock. The history of our pear business here certainly shows the value of cold storage in connection with pears. It was only a few years ago that it was practically impossible for us to deliver second picking pears to eastern markets in good condition. We had freight claims and allowances on practically 50 per cent of all the cars that were shipped. With the installation of our first precooling plant, and since we have learned how to handle pears through precooling and storage plants, we now have shown the trade that we can deliver pears, both the first and second pickings, to the most distant markets in the United States, even after they have been held in storage here for as long as sixty days. By having our cold storage we have lengthened our pear selling season fully 100 per cent and in some cases Bartlett pears have been held as late as November and then successfully shipped on to the markets. Canneries are now also giving preference to the districts where there are ample cold storage facilities, for it enables them to hold pears in storage, thus giving them a longer canning season on Bartlett pears than they could have if the pears had to be handled as soon as they were off the trees. We have held pears in our storage here for some of the canneries as long as 57 days and then shipped the pears to one of their canneries, the trip taking six additional days. The pears on arrival at the cannery were still so green that they were held on the floor six more days, or a total of 69 days between the time they were brought into cold storage and the time they were ready to use. This instance is not an unusual case. As regards apples, it has extended our apple shipping season so that we now sell apples as late as the first of July and can send them out in first-class condition. Before we had cold storage, April was about our limit. We want to congratulate you on your progress in putting in this cold storage plant, and feel sure that as soon as the growers become acquainted with its advantages they will fill your plant every year to the roof.

Yours truly, RICHEY & GILBERT CO. By GRANT, Assistant Gen. Mgr.

CWG-CA

Under the caption "YAKIMA PEARS NET \$6.14 BOX," the following item appeared in the Seattle Post-Intelligencer: "Extra fancy and fancy D'Anjou pears, comprising a carload shipment to New York by Fred E. Thompson, sold there for an average of \$7.34 per box, according to returns upon the transaction. The higher grade sold for \$7.87 per box and the second grade for \$7.03. The average price f. o. b. cars here, after deducting \$1.32 per box for shipping and handling, was \$6.14."
