

JUNK PEDDLER IS HELD ON CHARGE INVOLVING CHILD

T. E. Eddy, the junk peddler residing near the end of West 11th street, who has been under arrest since last Friday on a serious charge preferred by District Attorney Newton C. Chaney, was bound over to the grand jury this forenoon in Judge Taylor's court under \$3000 bail.

The technical charge is that on May 20th last, in Gold Hill, he made an attempted assault on a ten year old girl of that city. Eddy is unable to give a full and true account of the incident and hence will languish in the county jail until the case is disposed of.

Eddy has no attorney, and just enough evidence was put on by the district attorney's office at today's preliminary hearing to insure the accused man of being bound over under heavy bail.

Eddy is the man arrested a year or more ago on the charge of poisoning dogs in the west section of the city, on which charge he was bound over to the grand jury. The latter body, however, did not find any indictment against him. Since Eddy's arrest at that time there have been no cases of dog poisoning in that section of the city.

ALCOHOLUS SHOWS CRATERIAN TONIGHT

Alcoholus, the miracle man, will hold a side splitting séance with the spirits tonight at the Craterian theatre and all southern Oregon people have been invited to participate. The Crater club have secured the famous Alcoholus for this special entertainment and every member of the club will personally guarantee the performance. While he doesn't make any pretense of having supernatural powers the demonstrations which he presents are uncanny and unbelievable.

Those who attend tonight have been invited to ask the great Alcoholus any questions they desire and he will answer all of them that are possible in the limited time. There is no charge for answering these questions and his answers are sure to be enlightening and entertaining. Alcoholus presented his performance at Prospect recently before the members of the Crater club, their wives and many invited guests and it proved to be a most astonishing and sensational entertainment. Through the cooperation of George Hunt, Craterians secured the use of the Craterian in order that the general public might enjoy the novel show. Members of the club positively guarantee that Alcoholus is not Alexander the Great or Albus but an entirely new star in the firmament of mind readers and magicians.

PEACE LOOMS IN GOLD HILL ROW

Frank Reussig, engineer of the safety division of the Oregon State Motor association, will meet with the council of Gold Hill tonight in an effort to reach an amicable agreement, in the disagreement that has been under way for a year, over the alleged maintenance of "speed traps" in the city for motorists, resulting in numerous arrests and fines.

Reussig this morning inspected the proposed route of the Pacific highway across the river from Gold Hill. If carried out it would excommunicate Gold Hill from the main lane of travel.

It is also expected that County Judge W. J. Hartzell will attend the meeting tonight as an arbitrator. The matter came to a head last week when the motor association threatened to mandamus the state highway commission from building a bridge across Rogue river as the last connecting link in the Pacific highway. A local factional fight keeps the trouble boiling.

KIWANIANS TELL JOKE ON 'VERN'

In the Kiwanis club bulletin sent out to members calling attention to the club meeting of this noon, and also containing other interesting club information, under the title "One On Our Vern" is the following: "The other day a lady went into the Jackson County Bank to get a check cashed. Well dressed and winsome, she presented a pleasing appearance. The jovial Vern happened to be at the cashier's window and when she presented the check, he said, 'Madam, I can't cash this check unless you are known here in the bank.' 'But I don't know anyone here,' said the lady in dismay. 'Have you any means of identification?' asked the gallant Vern. 'She looked up blushing and replied, 'Yes, I have a mole on my right knee.' Vern cashed the check."

C. OF C. FORUM IN CHARGE KIWANIS TOMORROW NIGHT

The Kiwanis club, who have charge of entertainment and attendance for the Chamber of Commerce forum Tuesday night at 8:30 p. m. at the Hotel Medford, report the advance ticket sale went over the 200 mark today, which indicates a record breaking attendance.

They further advise that their entertainment, which will be rehearsed again tonight, will show what Kiwanians do when they are called upon to cooperate with the chamber of commerce. The Kiwanis have obtained W. E. Bobbitt of Klamath Falls for the speaker of the evening. Mr. Bobbitt needs no introduction to Medford people.

Captain Cowell, of Company A, National Guard, has consented to give the forum an analysis of the state emergency situation, as it exists just ten days before the arrival of the troops. Floyd H. Hart, one of the directors of the chamber, and who has charge of the entertainment committee, will explain the details of the tentative program.

Vernon Vawter, another of the directors and who has charge of the transportation committee, will have his chairman explain with regard to the progress being made by this committee relative to securing the necessary 600 automobiles to haul the 2000 National Guardsmen to Crater Lake while here.

There seems to be a contest on with the four service clubs with regard to their membership attending these monthly forums, and a check will be made tomorrow night to ascertain just which one had the largest percentage of attendance.

GEN'L FRIES VISITS RELATIVES HERE

Major General Amos A. Fries, head of the chemical warfare department of the United States army, arrived in the city Saturday evening at 6 o'clock to visit his nephew and niece, Mr. and Mrs. Volney Dixon of this city, besides other relatives in Central Point and Prospect. A family reunion was had yesterday at the home of the General's brother-in-law, William Grievy of the latter place, at which 24 were present.

General Fries is on a tour of inspection of the different army camps throughout the country. He is now en route to Portland and Seattle, from whence he will return to Washington, D. C., about June 9th to continue his official duties there. At noon today he addressed the local Kiwanis on a current subject, and tomorrow he will address the Portland Chamber of Commerce.

Many years ago the General attended and finished high school at Central Point, and during the short time he has been here he has been meeting many friends and school mates of other days. He is leaving this evening to continue his tour of inspection, with a regret that he was unable to stay longer in the valley of his childhood and youth.

APPROVE MOVIE PUBLICITY STUNT

WASHINGTON, June 1.—The navy department's publicity scheme to have Rafton, movie actor, line up with the states at Annapolis next Wednesday and receive from President Coolidge a dummy diploma, the whole event to be filmed, will go through as scheduled, as far as Secretary Wilbur is concerned. "I regard the matter as settled," the secretary declared, adding that he had not planned to talk with the president about it. At the White House it was said some officials were dubious about the plan to involve the president in a publicity venture.

STRAWBERRIES GLUT PRODUCE STALLS

PORTLAND, Ore., June 1.—Strawberries will be at the peak of supply this week. This morning the Portland produce market was over supplied and prices ranged as low as \$1.60 a crate to \$2 and \$2.15 for choicest berries in best condition. For several days the weather has been favorable for gradual ripening, but the double holiday Friday found the markets this morning over-supplied. The first crop of watermelons for this season arrived today from Imperial Valley, Cal., selling at 5 1/2 cents a pound. The first local raspberries are in the market at \$4 a crate. The market for country dressed veal and pork and for poultry is slow today.

Card of Thanks. We wish to extend our thanks to our many friends who gave assistance to Fred J. Norman at the time of his accident in taking him to the hospital. Also for the many beautiful floral pieces sent and to the Oregon Lumber company and the train crew who when Mr. Norman worked. MRS. FRED J. NORMAN. MRS. M. EVENOFF. 61

PHOENIX SCHOOL WINNER OF MUSIC MEMORY CONTEST

The music memory work of 1924-1925 culminated in a contest on Jackson County School Day with teams from five schools participating. The team winning first place with a score of 96 per cent represented the Phoenix school; the second team was from the Oak Grove school; the Gold Hill team scored third place. The awards were as follows: Orders for records amounting to \$3.00, \$2.00, and \$1.00 respectively. Individuals scoring high were first, Arlo Bianchi, Oak Grove, \$3.00 in cash; second, Joseph Hartley, Phoenix, \$2.00; third, Lucille Hittle, Gold Hill, \$1.00.

A total of \$24 worth of prizes was secured for the music memory work, contributed as follows: Rose Brown, \$2.00; Palmer Piano House, \$5; Weeks & Orr, \$3.00; and the Ashland Chamber of Commerce, \$11. In the singing contest two schools participated: Gold Hill 5th and 6th grade children winning first place, prize \$3.00 in cash; and two girls from the 7th and 8th grades of Sams Valley securing second place, prize \$2.00.

In addition to the contest numbers some splendid concert numbers were rendered by the orchestra from the 5th and 6th grades of Gold Hill under the efficient leadership of Mrs. Margaret Callahan. The results showed what can be accomplished by an earnest teacher in fifth and sixth grades without the aid of a trained music supervisor. Friends and parents of 8th grade graduates of Jackson county gathered at the Chautauqua building in Ashland park on Friday morning, May 29th, for the graduating exercises. The address of the day was given by Dean U. S. Dubach of O. A. C. His message was direct, forceful and interesting to all in the audience. Miss Alleen Shepard, supervisor of music in Ashland, conducted the singing of Oregon and of patriotic songs. Medford and Ashland graduates as well as those from one-room and small town schools were present to receive diplomas. Altogether the class numbered 235 members.

Picnic dinners in the beautiful park occupied the noon hour. During the afternoon because of showers the park events were held on the stage of the Chautauqua building with Miss Zippora Blumenfeld presiding. Most delightful were the drills and folk dance presented by the following schools: Medford, Ashland, Gold Hill, and Talent. Much credit is due the teachers whose pupils made such creditable appearance in all of the Jackson County School Day events.

'OLD OREGON' NINE FACING O. A. C. TEST

EUGENE, Ore., June 1.—The university of Oregon baseball team, smarting under the ten to four defeat at the hands of the Oregon Agricultural school here last Saturday afternoon will go to Corvallis tomorrow in an effort to gain revenge. A win by the Aggies will mean a tie with Washington for the conference honors, while a loss to Oregon would mean that Washington would hold the high position. The slightest sign of weakness on the part of an Oregon pitcher Tuesday will mean his demise as far as the O. A. C. game is concerned, according to Coach Reinhart. Knutson, Williams, Brooks and West will be held in reserve and a change of pace will probably be tried against the Aggie swatmen.

SALEM, Ore., June 1.—Attorneys and chairmen of the wheat loan committees of Gilliam, Sherman and Morrow counties have been summoned by the state board of control to meet in Salem next Thursday for a conference relative to charges made by the attorneys for their work in those counties. They are claiming fees from \$500 to \$1000 which some members of the board, especially State Treasurer Kay, think are exorbitant. Mr. Kay says he wants full information before the claims are approved. Of the \$1,200,000 made available by the state legislature to loan farmers for purposes of re-seeding their land in frozen out areas less than half that amount has been loaned.

FARMER'S AID, IS SAME TO LAWYERS

SALEM, Ore., June 1.—Attorneys and chairmen of the wheat loan committees of Gilliam, Sherman and Morrow counties have been summoned by the state board of control to meet in Salem next Thursday for a conference relative to charges made by the attorneys for their work in those counties. They are claiming fees from \$500 to \$1000 which some members of the board, especially State Treasurer Kay, think are exorbitant. Mr. Kay says he wants full information before the claims are approved. Of the \$1,200,000 made available by the state legislature to loan farmers for purposes of re-seeding their land in frozen out areas less than half that amount has been loaned.

ROSE CITY MULE SHEDS SWEEPED BY FIRE

PORTLAND, Ore., June 1.—Damage of \$12,000 was done tonight by fire which burned the sheds of the North Portland Horse and Mule company.

HAMMOND, Ind., June 1.—(A. P.) Fire in the industrial section of Hammond today caused damage estimated by Fred Hill, chief of the fire department, at \$2,000,000. The fire originated in a lumber yard and quickly spread to nearby plants and departments from several nearby towns were summoned before it was extinguished.

Sports

BABE RUTH BACK, YANK HOPES HIGH FOR REJUVENATION

NEW YORK, June 1.—(A. P.)—The New York Yankees entered today upon a home series against the champion Washington Senators with new hope growing out of the unexpected lineup of Babe Ruth and his mighty bat.

Improvement in the club's morale and attack are looked for by Manager Huggins, although he does not expect much of Babe in the way of home runs, for two months of illness have left the batting champion still weak.

The Hugmen made a desperate effort yesterday, but after twelve innings they bowed to the Red Sox, 9 to 6, as Boston bunched hits off Shawkey.

Philadelphia dropped one to the Senators, 4 to 3. Bucky Harris singled with the bases filled in the ninth, driving home the deciding run.

Four home runs figured in the Browns' triumph over the White Sox, 15 to 11. George Sisler leading the attack with a home, a triple and three singles. St. Louis gathered 23 hits for a total of 40 bases.

Cleveland handed Detroit a six to four trouncing in spite of a belated ninth inning rally in which all the "Tigers" runs were scored.

The Pirates' winning streak of seven straight games in the National was broken by the Cubs, who pounded two Pittsburgh pitchers for fifteen hits to win by 11 to 2.

Blake let the Corsairs down with four hits. Charley Hartnett hung up his fourteenth home run of the season in addition to a triple and a double.

Although Dazzy Vance, speedball king of the Robins, struck out 13 and allowed the Giants only five hits, one a home run by Terry in the ninth, the Brooklyn club lost, 2 to 0. Jack Scott, pitching for New York was inactive.

Fans enjoy Rogers Hornsby, new pilot of the St. Louis Cardinals, an enthusiastic welcome upon his first appearance as manager. St. Louis won over Cincinnati, 5 to 2.

GIBBONS ALL READY FOR TUNNEY BOUT

NEW YORK, June 1.—(A. P.)—Tom Gibbons has come from Atlantic City to complete his training for his fifteen round heavyweight fight with Gene Tunney at the Polo grounds Friday night. Gibbons will wind up his preparation for the fight at a Coney Island gymnasium. Tunney is not due to leave his Saratoga Lake camp before Thursday.

LOS ANGELES, June 1.—(A. P.)—Described by Jack Kearns, manager for two world's champions, as the best heavyweight prospect on the Pacific Coast, Ernie Owens, 21 year old boxer, was to leave here today for the east where June 6 at New York he will challenge the winner of a bout between Gene Tunney and Tormy Gibbons, both veterans of the ring. Kearns, who is his manager was to accompany Owens. Owens, who has been boxing for but three years, has taken decisions over Eddie Huffman, navy champion; Roy Cliff of Los Angeles and Lew Rollinger of Chicago.

500 SEE COPCO DEFEAT O. O. TEAM

Copco made it two straight yesterday when the Owen-Oregon nine was again defeated to the tune of 12 to 7. Nearly 500 people witnessed the game which was a fast exhibition from start to finish, the first three innings being without score for either side. Dick Miller pitched a good game for Copco, holding the "Lumber-jacks" down to a few scattered hits and tightening up in the pitches. Copco's new line up presents a strong front with Johnny Wilkinson on the first sack, Andy Thomason at short and several other changes. With this line up and the present pitching staff of Dick Miller, Roy Oliver and Charles Bowne, the "lighthouse workers" have a good chance to cop the championship. The team is getting good support, not only from the local ball fans generally, as is evidenced by the large attendance at yesterday's game.

SPORT BRIEFS

EUGENE, Ore., June 1.—Frank Troch of Portland was the stellar performer in the Oregon state championship trap shooting tournament, which came to a close yesterday on the traps at the municipal aviation field. The three-day shoot with its nearly 100 entrants was run off in fine style, due to the co-operation accorded Walter M. Carnack, manager of the Eugene traps, by the shooters. In spite of the unsettled weather

"Romeo and Juliet," Craterian, June 8

Scene from the romantic love story featuring Jane Cowl.

Jane Cowl, whose performance of Juliet has been praised the length and breadth of the land in Shakespeare's "Romeo and Juliet," will appear before players at Hunt's Craterian theater, Monday night, June 8th, coming direct from San Francisco to Medford.

Even the most conservative of critics have paid flattering tribute to her. There is no question that on her opening night in "Romeo and Juliet" she created theatrical history.

To play Juliet had been a dream of Miss Cowl's lifetime, and when all was in readiness, came the intruding doubts and fears, not perhaps as how she

would quit herself, but how she would be received. It was then that Jane Cowl resolved that as far as her professional career was concerned, it was "do or die."

The first night in the role of Juliet might have been a Waterloo of all her hopes, but an audience acclaimed her with a silence almost sacred, with tears and at the end with wild tumult that bespoke the depths to which it had been stirred.

On this short tour Miss Cowl is attended by Iollo Peters, who plays Romeo, and the entire company that was with her throughout the New York engagement.

WRESTLER IS HELD, 'INTENT TO KILL'

ST. LOUIS, Mo., June 1.—(A. P.)—The technical charge of "assault with intent to kill" upon which Joe Stecher, Nebraska heavyweight wrestler, was arrested after his match with Stanislaus Zyzsko here Saturday, will probably be dismissed when the hearing is held June 10. Zyzsko last night reported that except for a slight stiffness, he was in excellent health. Stecher was arrested and released on bond as a precautionary measure, the police explained, because it was reported after the bout that Zyzsko's ribs were broken by Stecher's scissors hold.

Yesterday Results At Portland 10-2; Los Angeles 13-7. At Oakland 4-2; Sacramento 3-1. At Vernon 2-5; Salt Lake 1-5. At Seattle 5-3; San Francisco 4-5.

Special Sale on Tailor Made Suits -- Trousers

During the winter season we made up a few summer Suits and also odd Trousers to match your old coat and vest and will sell these Suits and Trousers at greatly reduced prices to close them out.

Suits from \$25 and up Trousers from \$5 and up

DECISION UPHOLDS RIGHT OF BUSINESS TO BE ORGANIZED

WASHINGTON, June 1.—(By Associated Press.) The Cement Manufacturers' Protective Association and the nineteen individual cement concerns composing it were today declared by the supreme court not to be operating through their trade association in violation of the Sherman anti-trust law.

The case was regarded as in some measure a test of the legality of "trade associations," such as exist in many industries. The ostensible purpose of these associations is to exchange information of mutual value to members of the trade, but the federal government has taken the position that in some instances at least, the real object was to circumvent the Sherman law.

This contention as it applied to the Maple Flooring association was upheld by a decision of the federal court in Michigan which ordered dissolution of the association.

Justice Stone delivered the opinion, saying it was not the intent of the Sherman law to prohibit the intelligent operation of business. No concerted action to restrain interstate commerce, he said, had been shown by the collection of statistics by the association.

WASHINGTON, June 1.—(By Associated Press.) The Maple Flooring Manufacturing association whose plants are largely located in Michigan, Minnesota and Wisconsin was today declared by the supreme court not to be operating in violation of the Sherman anti-trust laws.

French Town Gassed ANNEMASSE, France, June 1.—(By Associated Press.) Fifty persons were gassed in the streets here yesterday as a thick screen of yellowish fumes from a tank of liquid chlorine swept over the town. The container exploded from heat. Twelve of the victims are in a serious condition. One of the minor cases of injury was an American, Ernest Steinworth, who lives in Geneva.

still C-T-C sales mount upward

FROM Los Angeles, Salt Lake, Spokane, Seattle, Tacoma, Portland, San Francisco, ... everywhere in the West ... come reports of increasing C-T-C sales!

In 1924, the number of retail dealers selling C-T-C's made a tremendous increase—120 per cent gain over 1923.

And still C-T-C sales mount upward! It looks as though unquestionably 1925 sales will be at least double those of 1924!

The reason? Engineers behind C-T-C are keeping their promise!

They came West from Akron, where they held high executive positions, to build even a better tire in the West. Motorist say they have done it.

We shall be glad to give you expert information about your tires, and — if you need them — put on C-T-C's — either balloons, semi-balloons, heavy-duty cords or oversize cords!

"Quality will never be sacrificed to meet a price!" Robert Wenzelburg President Columbia Tire Corporation
