Local and Personal

The frost season seems officially at an end, as Floyd Young, the government frost expert stationed here the past two months or more to give frost warnings, departed last evening for Portland and to inspect the frost warning stations and crops in the Washington state fruit belt, following which he will depart for Washington, D. C., to remain there for some time in finishing up his research work, reports of which will be published by the Department of Agriculture.

WEDDING BELLS

Earl C. Leever of Central Point and Mrs. Ruby Porter of Medford were united in marriage at the home of Rev. D. J. Howe Sunday morning accompanied by Mr. and Mrs. O. H. Ames and Miss Gladys Ames.

Both young people are well known in the city; the bride has held a position for the past year with the Medford Grocery company and has lived in the valley for the past several years, during which time she has made hosts of friends who all wish her well.

The groom is a son of Mayor and Mrs. W. C. Leever of Central Point, and has practically spent the greater part of his life in that city, being connected with the hardware store run under his father's name. The young man is a graduate of the Central Point high school, a member of the class of "23."

The happy couple will make their home in that city where their business interests are centered.

Joseph R. Barnum of Medford and Miss Velma Goodlet of Ashland were united in marriage at the Presbyterian manse Tuesday afternoon by Rev. E. P. Lawrence at 4 o'clock, accompanied by Miss Vivian Rease of Ashland and M. P. Schmidt of Medford.

The happy newlyweds will make their permanent residence in the home city of the charming bride.

The out of town Oregonians, in addition to Portland residents, who arrived in Medford yesterday for short stys are Mrs. H. J. Gleason and N. Cushman of Marshfield, T. L. Dinsmore and James E. Beard of McMinnville, Mr. and Mrs. W. E. Bobbitt and J. H. Cranahan and family of Klamath Falls, Harry E. White of Salem, E. W. Harney and Mr. and Mrs. J. L. Crowfall of Eugene, and B. C. Owens and A. H. Ferguson of Roseburg.

The Civic Opera company of Grants Pass presents Fra Diavolo, under the direction of Charles D. Hazelrigg, June 10th and 11th, at the Rivoli theater. The cast to be headed by James Stevens of Medford has the leading role, supported by a Grants Pass cast.

C. T. Hamilton, who is in charge of the construction of the Medford Memorial Mausoleum, reports that the work is progressing very nicely, and that in a very short time a larger force of men will be engaged.

Cars from Phoenix, Ariz.; Hammond, Ind.; Milwaukee, Wis.; Rustor, Okla.; Prescott, Ariz.; Billings, Mont., and Dunean, Fla., were among the eighty-four cars which were guests at Merrick's Motor Inn yesterday.

Camp Jackson, northeast of the city, where on June 12 the Oregon National Guard encampment will be held, now has complete water connections with the city water pipe line nearby, thus insurin gan ample water supply for the 22 shower baths recently completed and also for the myriad other uses of the camp.

Jesse Winburn, of New York who has interests in Ashland and who expects to visit here this summer at "Sap and Salt," his beautiful cabin up Ashland creek canyon, recently startled and deeply interested New York city when he announced taht he would establish a "stag" golf course on some property which he had purchased in Mount Vernon, at the edge of New York City.—Ashland Tidings.

Born, to Mr. and Mrs. Joe Metternich, a baby girl at community hospital.

SPRAY NOTICE.

On account of the recent heavy rains and the lateness of the first brood of codlin moth, and the fact that about 90 per cent of the moths are out at the present time, it seems advisable to spray both apples and pears at this time. A good many eggs have been laid in the past week, and if we get a few warm days now, many of these eggs will hatch and a large percentage of larvae will enter the fruit, making it very difficult to control them in the second brood.

On account of slight burning with some of the oil spreaders, it is possibly advisable to omit the oil as a spreader on pears. I still think it advisable to use it on apples. On account of the wet season and the tender fruit and foliage, it is probably best to use a Casein spreader on pears at this time.

C. C. CATE,
County Agent, Jackson County.
June 2, 1925.

I saw a man the other day who was young, though eighty. I saw another who was old, though twenty.
