

DOGS ORDERED TO STAY IN OWN YARD, BY COUNCIL

The city council at its meeting last night in addition to passing an ordinance prohibiting dogs from running at large passed a number of property adjustment ordinances, discussed important coming legislation and transacted much routine business.

In the absence of Mayor O. O. Alenderfer at Los Angeles, the vice-mayor, A. C. Hubbard, presided. Councilman B. R. Elliott was the only absentee, and Assistant City Attorney Harry Skyrman and City Treasurer Herrian sat with the council through the meeting.

If the city administration keeps on showing its animosity to dogs life for the latter will soon not be worth living, as following on the heels of recently ordering the dog license enforced, since which time license tags have been taken out for over sixty Medford dogs, thereby saving them from the dog pound and probable annihilation, the city council last night passed an ordinance forbidding an owner or custodian of a dog to allow the dog to run at large on any public street, alley or other public place, or upon the premises of any person other than the premises controlled by the owner or custodian during the months of April, May, June, July, August and September of any year.

The ordinance further provides that it shall be the duty of the city dog catcher or any policeman to take up any dog running at large, and if after three days the owner or custodian does not claim the dog, to dispatch the animal in some humane and convenient manner.

A fine of not to exceed \$100 is provided in case of violation, or in lieu of the fine, imprisonment in the city jail at \$2 a day until the amount of the fine is served out.

RUSSELL'S CELEBRATE FIRST ANNIVERSARY

Russell's Department store will celebrate their first birthday tomorrow with a sweeping anniversary sale featuring bargains in every department. This event will mark the first year of Russell's in Medford business circles and a very profitable one. Special prices will greet the thrifty shopper who attends their "party" tomorrow.

One year ago, J. D. Russell assumed the ownership and management of the Deuel's Department store. Coming fresh from Los Angeles where he was a department store manager, Mr. Russell opened his reorganized store with a bang and through employment of an up-to-the-minute merchandising policy and an extensive and judiciously planned advertising campaign, increased the former sales of Deuel's almost three fold. During the past year under his management the store has made hundreds of new friends among southern Oregon shoppers.

"I have been gratified with the generous patronage of southern Oregon people," says Mr. Russell. "The success of my first year in business here has far exceeded my anticipations and I am optimistic over the outlook for this year. In my opinion, indications all point to an unusually prosperous year and Russell's are anticipating the increase in future business with enlarged orders for merchandise from eastern and coast manufacturers."

Russell's Anniversary sale, which opens tomorrow, will continue for several days.

Gloria Swanson in "Madam Sans Gene"

"Madame Sans Gene," made in Paris and featuring Gloria Swanson, will be introduced at the Hont's Criterion today.

In the stage version, this was the most successful play written by Victorien Sardou and his favorite of the ninety or more dramas bearing his name. Perhaps it was his predilection for the color and glamour of the Napoleonic era, for Sardou was born in Paris only sixteen years after the Battle of Waterloo, and his father was an ardent personal admirer of the Little Corporal, that made this romance of Napoleon's washday the best beloved of all Sardou's brain children.

So this tremendously popular comedy, the romance of the little, sharp-tongued laundress who became a Duchess, defied Napoleon and saved his empire from disgrace, the romance which has attracted the talents of such distinguished theatrical figures as Rejane, Ellen Terry, Sir Henry Irving, Ada Rehan, Gertrude Egan, James K. Hackett and many others, reaches the screens of the world with Gloria Swanson as the star.

Added features to the bill are comedy cartoon, International News, and Betty Brown's musical presentation contribute to the entertainment in no small measure.

EAST SIZZLES IN HEAT WAVE

(Continued from page one.)

miles from here. Three persons, two women and a man were killed at Carver when the county fair pavilion was demolished. Five persons were injured.

The wind, bearing the proportions of a tornado and accompanied by a heavy rain, tore and twisted its way through Hennepin county and vicinity leaving besides the five dead, 29 injured and property damage running into millions.

In Chaska, Carver and Shakopee southeast of Hennepin county the

damage was placed at \$1,000,000. St. Louis Park, Hopkins and a score of other points also suffered heavy damage.

Henderson, St. Peter, Mankato, New Ulm, Waconia, Graham, St. Cloud and other points to the south and east were isolated. All telegraph and telephone wires were down and traffic was virtually impossible over the tree strewn highways.

Buildings were torn down at many places and great trees and poles were generally torn from the ground. So terrific was the wind that at Hopkins, the street car trestle was warped out of shape.

Incomplete reports show the greatest damage at Hopkins and down through Chaska, Carver and Shakopee.

CHICAGO, June 3.—(By Associated Press.) Old Sol, after having resigned supreme for several days throughout the middle west and part of the far west, has been basted in many portions of the central states by Jupiter Pluvius, aided by his lieutenant Thor.

The heat wave, which caused more than a score of deaths in this area, has given way in several states to electrical storms, wind storms and thunder showers and further new deaths from the later disturbances occurred late last night.

Local thunder showers, predicted for Illinois for 24 hours still are awaited today as reports came in from Iowa, Nebraska, Kansas, Missouri and Minnesota of rains that brought cooler temperatures and aided crops. But the temperature here had dropped early today to 78 degrees as compared with Monday's high of 92 and yesterday's maximum of 84, and Chicagoans breathed easier.

While predicting showers, the weather bureau here forecast no cooler weather. A tornado struck near Iowa, Michigan, late yesterday, causing the possible fatal injury of a woman. Another person was killed near Smithland, Iowa, and damage of \$25,000 was done by a wind storm over a distance of eight miles. Another drowning occurred in a Chicago suburb and another in Duluth as victims sought relief from the warm weather.

OMAHA, Neb., June 3.—(By Associated Press.) Four dead and property damage estimated at \$250,000 were the toll of tornadoes and electrical storms in eastern Nebraska and western Iowa yesterday.

While the tornadoes were localized they were part of a general weather disturbance which, beginning Monday afternoon with damage at several points brought badly needed rains to crops and relief from abnormal temperatures.

Three persons, Mrs. Robert Scheer, Lott Ware, an employee and the Rev. Henry Heneker of North Bend, Neb., were killed when firm buildings on the Scheer farm near Madison, Neb., were destroyed by the tornado. Lloyd Hansen, 32, was killed when struck by lightning at Orchard, Neb.

DES MOINES, Iowa, June 3.—Three persons were killed and a number injured in Iowa by wind storms last night, making a total of eight deaths since Monday as a result of tornadoes and electrical disturbances.

John Harris, aged 75, and his two daughters perished in a tornado near Adair, Iowa, where buildings were demolished and uprooted between Adair and Casey.

SEC. WEEKS SHOWS NO IMPROVEMENT

BOSTON, June 3.—(A. P.)—The condition of Secretary of War John W. Weeks, who was operated upon for gall stones at the Massachusetts General hospital last week, was described as "not so favorable," in a bulletin issued this morning by his physicians, Doctors Daniel Fiske Jones and F. Gorham Brigham.

The bulletin said: "Secretary Weeks' condition is not so favorable this morning. He had a restless night and has had some vomiting. His temperature is 100 and his pulse 104."

In a statement made public yesterday the physicians attending Secretary Weeks, who submitted to the operation last Thursday said his condition remained critical. Although no complications had developed the statement said, Mr. Weeks had not shown the improvement expected.

CHAMPION GREB FORFEITS BAIL

Pittsburg, June 3.—(A. P.)—Harry Greb, middleweight boxing champion, was arrested today on a disorderly conduct charge after an automobile chase over several blocks on a North side street. As a policeman approached an automobile on a street car, he heard a woman's scream, he said. Greb stepped into a taxicab and drove away, halting after the police fired several shots. Five other occupants, including two women, were also arrested. All posted a \$50 forfeit. They failed to appear for a hearing.

OBITUARY

DYXAL—Dorothy Helen Dynal died at the home of her parents, Mr. and Mrs. Howard Lynna, 117 South Laurel street, sister of Bessie, Susan and Robert Dynal of Medford. Remains are at Conger Funeral Parlor. Funeral arrangements will be announced later.

McKINNIS—Funeral services for Louise McKinnis who passed away at the home of her parents, Mr. and Mrs. Charles McKinnis, will be conducted Thursday, June 4 at 2 p. m., from the Conger Funeral Parlor.

BEND, Ore., June 3.—Thomas

Tweet, 88 year old veteran of the Civil war and native of Norway, left Bend last night for Minneapolis where he will be one of the honorary bodyguard for President Coolidge at Norse American centennial next week.

Mr. Tweet took with him a carved silver bowl which has been in his family since the time of the Vikings and which according to tradition, the Vikings took with them to collect taxes.

Only two other members of the president's bodyguard will be with Mr. Tweet according to information here.

MONDAY LAST DAY TO FILE PETITIONS SCHOOL ELECTION

With the annual school district election, June 15, only a short time away at which time a new member of the school board will be elected to succeed Dr. I. D. Phipps whose term expires, school politics are outwardly in a seemingly dormant state, as only one candidacy has yet been filed, that of Dr. O. J. Johnson.

This condition, however, is a deceiving one, as various groups of citizens, all imbued with a declared desire for the best interests of the public schools, are quietly at work discussing this matter and endeavoring to persuade well known men to consent to become candidates. For days past friends of Emil Mohr have been circulating petitions for him to become a candidate, and for a long time past many friends and acquaintances have been laboring to the same end with C. C. Lemmon.

Strong talk heard about town today was that petitions would be placed in circulation asking two well known citizens, Floyd H. Hart and Clarence Mosker, to run.

Petitions and candidacies must be filed, according to law, seven days before the school election, or in other words some time next Monday.

START WORK, NEW 6TH ST. BUILDING

The Diamond rooming house which has graced the corner of Sixth and South Central streets with its unbecoming beauty for so many years, will soon be no more. A busy crew of men are at work dismantling the old structure, tearing it completely down to the ground, but where once it stood there will arise a new two-story concrete building to be built by J. H. Cooley.

The lower floor it is understood, will house four storerooms, three facing Sixth street, and one facing Central avenue, and the upper floor will be given over to office space.

As yet no contract has been let, but it is presumed that by the time the rooming house is torn down all will be ready to commence work on the new structure.

ESPEE PHOTOGRAPHS VALLEY VIEWS

The Southern Pacific railroad system intends to put forth new southern Oregon scenes hereafter in all its advertising and other literature, and for this reason, C. W. Stinger of Portland, assistant general passenger agent of that railroad, arrived here Monday night with the official S. P. photographer.

They are spending several days here taking the best photographic views obtainable, including a new panoramic view of Medford and the surrounding valley. They have visited the Klamath Falls section for the same purpose, and from here will go to Grants Pass and Roseburg to take new photographs in these sections. Later they will visit Ashland for this purpose.

HYDROPLANE COMES TO GIVE THRILLS

An unusual thrill for southern Oregon people, skimming over the water in a hydroplane at a breathtaking speed, will be provided by a party of California men who are touring the country with a speedy hydroplane, giving rides to those who enjoy the water-sledding sport. The party were visitors in Medford on Tuesday and expect to perform with their hydroplane on Lake Elizabeth, the lake formed by the Emigrant creek dam, a few miles south of Ashland, for the remainder of the week and Sunday.

The hydroplane is driven by a 220 horse power airplane motor, which drives the twenty foot boat through the water at a high rate of speed. The owners are planning to transport their boat to Klamath Falls to appear on the Klamath Lakes against some speedy Klamath boats during the rodeo.

NEW INCOME TAX URGED BY STATE GRANGE LEADER

ALLAS, ODr., June 3.—Presentation of resolutions from the floor and conferences marked today's sessions of the annual convention of the Oregon State Grange in session here. Tonight the lecture program will be given. The sessions will continue throughout Thursday and Friday and before adjournment action is expected to be taken on recommendations contained in the annual address of George A. Palmer, of Hood River, state grange master, which was delivered yesterday.

Attacks upon the Dennis resolution proposing a state constitutional amendment abolishing inheritance taxes and upon the method of electing representatives and the president of the senate, marked Mr. Palmer's address. He also urged that the grange get back of a movement for a new state income tax. He charged that if the Dennis plan is adopted, the state will lose \$400,000 to \$500,000 yearly revenue.

Discussing the method of electing officers of the legislative bodies, he charged that bartering of votes for speaker and president of the senate in exchange for chairmanships and committee berths, amounted to a form of bribery.

He urged that the grangers rally financially to the support of measures they endorsed, declaring that interests opposed to such measures were not in their contributions, "we must do the same or quit," he said. He also suggested that the grange should not get back of too many measures, as it is difficult to carry out such a program.

Reporting on the grange's activities, he stressed the gains made in eastern Oregon. In the year the state grange has made a net gain of 2000 members and 25 new subordinate granges.

VAUDEVILLE BILL ONE OF THE BEST

Orpheum, Jr., vaudeville at the Criterion last night, was one of the best bills of the season, and had for its features a smart dog, and a well acted playlet, with a punch—rare in vaudeville.

The playlet was "Her Midnight Visitors," headed by Herschel Mayall, a Pacific coast stock actor and movie leading man, and was by far the best sketch seen in this city. The audience applauded vigorously at the end.

The other number that found the most favor with the packed house was Nicky, the canine member of the Mike and Carmen duo. The lady did the heavy work, while Mike and Nicky balanced. The dog was clever, and so were his co-workers.

Louis London, character singer, presented four numbers in a talented manner.

Harvey, Hency and Grayce in "Brassies and Brass," had a golf setting, and a lively line of chatter, with several excellent pieces on various wind instruments.

"The Dainties of 1925" was a good snappy revue with plenty of singing and dancing.

A Mack Sennett comedy, and "Topica of the Day" livened up the audience for the vaudeville, which we repeat, was good from start to finish.

OUR GRAIN LODGES AND PEARS DROP, SAYS CROP REPORT

PORTLAND, Ore., June 3.—Barley is ripening in some southern localities, says the weekly Oregon crop report issued by the weather bureau here today. Seeding of spring barley is just being completed in some elevated sections. Considerable rye has been cut for hay and for green feed. Winter wheat which was not winter killed, is doing well and in places is safe from drought. Conditions have been favorable for spring wheat and oats, except that in Jackson county spring wheat is lodging. In some places the growth of corn has been retarded by cool, wet weather.

Strawberries have been slightly injured by rain in places, but are generally abundant. Prunes are mostly thin on the trees, but are sizing well. Pears have dropped heavily, but are now doing well in southern Oregon.

Haying has been slightly delayed by rain, and growth of alfalfa has been retarded by cool weather, but meadows are mostly good to excellent. Some sheep remain to be sheared. Livestock is making rapid gains, and is now good to excellent.

Hops are being trained on the wires in some yards. Early flax is in bloom. Potatoes and garden vegetables are doing well.

Mrs. Al Hagen, who has been confined to the Community hospital for several weeks, was removed to her own home today.
