WORCESTER, Mass., June 4.—(A. P.)—Bobby Jones of Atlanta, amateur golf champion and Willie MacFarlane, professional from Tuckaloo, N. Y., were docked at 291 strokes apiece in the national open golf championship today, necessitating 18 holes of medal play-off tomorrow.

Walter Hagen and Francis Ouimet, former open champions, pressed closely, but failed to make necessary birdie throws at the home green. Ouimet finished with 282 and Hagen with 292. Earlier in the afternoon Johnny Farrell, youthful Quaker Ridge professional had posted a score of 282.

WORCESTER, Mass., June 4.—(By Associated Press.) Bobby Jones, amateur champion, posted a 72-hole score of 291, finishing his last round in 74. This gave him a temporary lead at least, with Johnny Farrell second with 292.

HAGEN passed the ninth hole on their last round. Willie MacFarlane needed a 39 and Walter Hagen a 36 to tie Jones for the national open golf title. MacFarlane covered the incoming nine in 33 this morning.

SIMPLE FUNERAL FOR MARSHALL

INDIANAPOLIS, June 4.—Thomas Riley Marshall was laid to rest here today. Such simple obsequies as might be tendered any humble citizen were accorded the man who served the nation as vice president during the World war and his native state of Indiana as its twenty-seventh governor.

A tribute was paid by Rev. Matthew Smith, Mr. Marshall's warm friend and pastor. Scottish rite services for a departed brother were read and then the body was taken to Crown Hill cemetery where it will remain in a receiving vault until Mrs. Marshall decides upon its final resting place.

PORTLAND, Ore., June 4.—With sixty Oregon reviews—four of which are new since last year—represented in the assembly, the Women's Benefit association opened its two-day state convention here today.

BOYS AND GIRLS TO ATTEND SUMMER SCHOOL AT O. A. C.

Thirty boys and girls, delegates from Jackson county and members of ten different county projects, together with a delegation from Klamath county will depart for Corvallis, where they will attend two weeks summer school, June 14 by special train; this train will be the first one ever run special to transport club members of southern Oregon to their annual school at Corvallis.

The train will leave Ashland June 14 at 10 a. m., and will leave Medford 40 minutes later.

All first prize winners in different projects or divisions of projects at the 1924 state fair, won trips to the coming summer school. These are paid for by business men of the state, by livestock breeders' associations, and by some counties which send their county winners.

From the time of their arrival on the O. A. C. campus until they leave the club, members are under the supervision of H. C. Seymour, state leader of the club department. While the girls are quartered in Wadsworth Hall the boys are quartered at Hawthorn, but the meals will be served to them at the former.

A schedule has been worked out for the benefit of the members. A certain amount of time will be used for class work and a certain amount for recreation. There will be assembly speakers which will include prominent men of the state, such as Governor Walter M. Pierce, J. A. Churchill, state superintendent of public instruction; W. J. Kerr, president of Oregon Agricultural College and Paul V. Maris, director of the extension service and others.

ALL TENTS UP AT CAMP SATURDAY

By next Saturday all the tents will have been erected at Camp Jackson, where the Oregon National Guard encampment will be held from June 12th to the 26th. With that completed the major portion of the preparation for the encampment is over.

A rifle range is being laid out upon a northwestern slope of Rocky Anne. On the during the encampment, elimination contests will be held to pick out a rifle team, which will represent Oregon at the National shoot at Camp Perry, Ohio, next fall.

Last year Oregon was awarded first place in the infantry target shooting match, and this year it is expected that the feat can again be duplicated.

At the same time electricians are at work wiring the camp; lights will be installed in every tent and building, insuring ample illumination for all purposes.

MURPHY HEARING IS POSTPONED

The preliminary hearing of Omar W. Murphy, charged with manslaughter in connection with the death of his wife, Emma Murphy, a short time ago, has been continued until next Tuesday afternoon at 2 o'clock in Judge Taylor's court by mutual agreement of District Attorney Newton C. Chaney and G. M. Roberts, attorney for the defense.

The hearing was to have been held at 2 o'clock this afternoon in Judge Taylor's court, and one of the reasons for the continuance until next Tuesday afternoon was the fact that no report has yet been received from the analysis of the stomach of the dead woman, which was sent to Portland last week.

The verdict of the coroner's inquest held early last week will also not be rendered until a report of this analysis has been received.

FIRE GUTS BUSINESS BLOCK.

The fire was damaged by water, yet a great deal of stock was salvaged by the fire department spreading heavy canvas over that portion they were able to reach. A large supply of paper cartons, sacks and numerous cases of soft drinks in the back room were ruined by the flames.

The Glad Tidings Mission suffered the loss of their piano besides other equipment, and while the Medford Business College did not suffer loss because of the flames, their equipment, such as typewriters, and book-keeping machines were damaged somewhat by the smoke and heat.

RIFFS ACCEDE TO SPAIN FOR RIGHT TO BATTLE FRANCE

NEW YORK, June 4.—(A. P.)—A new angle to the Moroccan situation was seen today in dispatches from Gibraltar indicating that Ehd-el-Krim was prepared to allow the Spaniards a nominal victory in their attack on Alhucemas in return for peace and an appointment as chief of the Riff district under Spanish supervision.

This, it was pointed out, would leave him free to pursue his campaign against the French protectorate without having his flanks constantly exposed to attacks from the Spanish aviators and the mobile columns. The dispatches, however, are based on reports circulated in Melilla in the Spanish zone, and lack confirmation.

PARIS, June 4.—(A. P.)—Firmly held by the French in the center, Abd-el-Krim is seeking to extend his front to the east, according to the latest reports from French headquarters in Morocco.

The Riffian chief has been made wary by his defeats when attacking in force, and is reverting to guerilla warfare and his previous attacks of filtering men between outposts.

Efforts are being made by Marshal Lyautey, and the government in Paris to put a definite end to the Riffian activities.

It was learned that Foreign Minister Briand will continue daily conferences with the Spanish ambassador concerning French-Spanish cooperation in Morocco.

Premier Painleve told the cabinet the war situation in Morocco is stationary. He said there are only minor engagements.

ARTIST'S ASHES ON TOP PIKE'S PEAK

COLORADO SPRINGS, Colo., June 4.—(A. P.)—To the music of a band, interpreting the stirring strains of Wagner's "Ride of the Valkyries," the ashes of Carl J. Lotave, New York portrait painter will be placed beneath a giant granite boulder on the top of Pike's Peak here today.

In fulfillment of his last request, the artist's ashes will be interred in an acre of ground, set aside on the crest of the continent as "Colorado's Valhalla."

Lotave's best known work was executed during the World war when he painted portraits of King Albert of Belgium, General Pershing and Marshalls Joffre and Foch.

HEAT WAVE CONTINUES.

commonwealths, was favored in the weather bureau's prognostications. Showers and thunderstorms, the weatherman said, are to be the order in every state from Michigan and Indiana to Montana and Wyoming.

Iowa, whose famed "flat corn" is not yet tall enough to stand up under such violent rain and windstorms as have hit that state this week, received the forecast with apprehension. It has had more of these disturbances of late than probably any other central state, and just last night another severe wind and rain storm struck western Iowa.

While the midwest had several deaths due to storms during the past 36 hours, in addition to several others previously, the east announced a death toll of twelve in three days, due to heat and prostrations.

OMAHA, Neb., June 4.—Seven injured and \$100,000 property damage was the score for the elements yesterday, when, for the third successive day violent wind storms, called baby tornadoes, in the Missouri valley, swept across northwest Omaha, leveling trees, houses and wires.

While the death toll in Nebraska of the three days' debauch of the storm king stood at four, and the injured numbered over a score, additional reports of violent weather continued to reach Omaha.

Millard and Blair, Neb., and other isolated points reported wind and rain. Three deaths near Madison, Neb., Tuesday and one at Orchard, Neb., the same day, comprised the fatalities.

Yesterday's storm unroofed and in some cases razed several houses.

MANIAC SLAYS 8 OF FAMILY, THEN TRIES SUICIDE

HAMILTON, Ohio, June 4.—(A. P.)—Becoming violently insane, Lloyd Russell early today shot and killed eight members of his family, according to the police, who arrested him after he had shot and slightly wounded himself. His victims are the five children of his brother, his mother, brother and sister-in-law.

Russell is in a padded cell in the county jail. The dead: Mrs. Rose Russell, 60, mother, John Lowell Russell, brother, Emma Russell, 35, wife of John Lowell Russell.

Julia, 12; Robert, 8, George Francis, 6; Paul Lewis, 3, and Richard, four months, all children of Mr. and Mrs. John Russell.

Dorothy, 10, saved herself by hiding in bed when she heard shots. Russell then turned the weapon on himself, shooting himself in the left lung.

After the shooting he riddled the bodies of the children with bullets. He had talked incoherently about a mortgage on the house and said he would shoot the pictures off the wall. Russell is 43 years old.

Most of those killed were sleeping. Robert Leonard and Louis Keller, policeman, and Captain Wesley Wulzen, deputy sheriff, were summoned. As they approached the house, Russell, who was employed as a laborer, appeared at a window and told a story that a \$1600 mortgage was due on the place, and that they would have to move today. "I'll shoot the pictures off the wall and then surrender," Russell told the police.

Which that the slayer turned about and fired more bullets into the bodies of the children lying in the room.

Russell then appeared at another window and the police broke in a door. Russell then turned the pistol on himself. He fired one shot before the police could reach him and the bullet penetrated his lung, near the heart, but he will live, according to reports from the jail.

BULGARIA STARTS DRIVE ON REDS

SOFIA, Bulgaria, June 4.—(By Associated Press.) The country-wide round-up of communists yielded 450 suspects, many of whom have confessed, the police say to connections with illegal organizations. Two suspects were killed at Lougras, when they resisted arrest.

Street traffic is being permitted until midnight and the restrictions on traveling are to be lifted tomorrow. The authorities at Varna arrested 140 persons on charges of connection with the communist plot or membership in communist groups.

SITUATION IN CHINA SERIOUS.

British and Japanese, he said, and many private rickshaws were demolished in the streets Tuesday.

Consul General Cunningham at Shanghai reported that a strike of waiters occurred today at the Astor house and other Shanghai hotels and at the Shanghai club.

Domestic servants, he said, were leaving their employers.

The Great Eastern and Burlington hotels in Shanghai were searched Wednesday and munitions and "considerable bolshevik literature," the advices said, were found in some of the rooms. Some public wharves, with the exception of the Dollar, Jardine and Matchless piers, were closed on account of the strike. Chinese banks in Shanghai have been closed for two days.
