

EX-COUNTY NURSE TO VISIT FRIENDS IN ROGUE VALLEY

Miss Marie Faldine, the well-known former county nurse of Jackson county, will arrive here tomorrow from Alaska for a visit. She is on her way to New York City, and concerning her work and trip east from Alaska the Health First magazine of the Oregon Tuberculosis association, says:

"En route from Sitka to New York, Marie Faldine, R. N., Red Cross nurse for Alaska, visited Portland and called on the offices of the bureau of nursing and the Oregon Tuberculosis association on May 2. She left Alaska three days previously at the request of Governor Scott C. Bone to attend the Child Health association conference in New York City, and although on a rapid traveling schedule, she took time to visit some of her Oregon friends.

"Miss Faldine says that this is her first trip south since she reported for duty with the Red Cross chapter in Juneau in February, 1923. She has been serving the entire territory of Alaska, an area many times the size of the whole of Oregon. Her work consists of school inspections, much infant welfare work and general Red Cross nursing service. A great deal of time she gives to the care of native Indians, for the population is divided about half and half between natives and whites.

"On her way back to Alaska the latter part of June, Miss Faldine expects to have more time to visit with her friends here."

AMERICANS FIRED UPON.

(Continued From Page One) agitation against foreigners and also that he has wired to Chiang Tso-Lin, Manchurian war lord, urging that the military leaders co-operate with each other and with the nation to obtain "the rights of the Chinese people."

LONDON, June 9.—(By Associated Press.) Foreign police in Shanghai fired into crowds of students during the first outbreak of the present disturbances, at a moment when the mob was forcing entrance into the police station and shouting "kill the foreigners!" Ronald McNeill, under secretary for foreign affairs informed the house of commons today.

SHANGHAI, June 9.—(By Associated Press.) The situation created by the strike of dock workers has become aggravated through the decision of the Chinese seamen to join the movement. Three hundred men on six privately owned coastal and river steamers walked out last night and other lines reported difficulties with their men.

Jazz Girl Operated Upon. SAN FRANCISCO, June 9.—Dorothy Ellingson, 17-year-old matriculate, was operated on for appendicitis today at the St. Francis hospital. She withstood the operation well. Her trial for murder was postponed from June 15 to August 11.

3 CANDIDATES IN FIELD FOR SCHOOL BOARD

With the closing late yesterday afternoon of the time for filing candidacies, everything is now squared away for the election next Monday of a man to succeed Dr. I. D. Phipps to the school board.

The last candidate to enter yesterday afternoon was Chas. T. Higdon, proprietor of the Crater Lake Confectionery and Cafe in the Medford building, whose residence is 124 South Newtown street on the west side. The petition asking him to run was only placed in circulation yesterday noon.

This makes three candidates who will be voted on at next Monday's school election, from 2 p. m. to 7 p. m. They are Dr. O. J. Johnson, dentist, who was the first to file some time ago; Emil Mohr, proprietor of the Hotel Medford, who filed last week, and Mr. Higdon who filed last yesterday afternoon.

Mr. and Mrs. Higdon and their children came here several years ago from White Salmon, Wash., where he had been in the garage business, and was a member of the school board there where he had also served as a city councillor.

Two daughters of Mr. and Mrs. Higdon graduated from the Medford high school last year; one other daughter is a sophomore in the high school, and two other daughters and a son are in the city's grade schools.

'BEARCAT BILL' BARRED FOR QUITTING FIGHT

BALTIMORE, June 9.—Bill "Bearcat" Clemens of Loran, W. Va., who last night walked from the ring in the third round of a scheduled 12-round boxing bout with "Young" Stribling of Macon, Ga., today was barred from the ring for three months in 18 states by Latoro Cozwell, president of the National Boxing association. Clemens also was prohibited from entering a ring in Baltimore for an indefinite period.

STATE SUPREME COURT PASSES UP MEETING

SALEM, Ore., June 9.—Because of the absence of members of the supreme court no opinions were handed down by the court today. Several of the justices are attending a Masonic meeting in Portland, Chief Justice McBride was absent because of the death of his sister, Mrs. Nancy Dolman of Salem, and Justice George M. Brown was in Roseburg. It is not expected that any opinions will be handed down until next Tuesday.

PRESIDENT AND MRS. COOLIDGE EN ROUTE HOME

PRESIDENT COOLIDGE'S TRAIN EN ROUTE TO WASHINGTON, NEAR MADISON, Wis., June 9.—(A. P.)—Somewhat wearied by their strenuous day in the twin cities of Minnesota, where the president took part yesterday in the Norse-American centennial celebration, Mr. and Mrs. Coolidge spent a restful night on the first lap of their return trip. Washington will be reached Wednesday morning.

Returning to their train in the Union station yards, after the reception held at the state capitol in St. Paul, Mr. and Mrs. Coolidge retired by ten o'clock last night, more than an hour before departure of the train. The downward drop in temperature made for a comfortable night.

Mr. and Mrs. Coolidge were smiling broadly as they passed the last crowd of the day at the station and though weary, both were apparently pleased at the reception. The president seems none the worse for the two hour visit to the state fairgrounds, where, on an open stand, he participated in the centennial celebration during a rain and wind storm speaking for more than 30 minutes.

Despite the severe elements, the crowd was attentive throughout.

ALLIES TO USE L. OF N.

(Continued From Page One) a full member of the league. The statement said nothing in the pact will weaken the provisions of the Versailles treaty regarding Germany's other frontiers, and that the possibilities of trouble on all frontiers other than those with Belgium and France, specifically treated in

LOOK OUT FOR SELF POISONING

Neglect of the liver results in self-poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach, or constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again. Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost. Dr. Thacher's Liver and Blood Syrup is sold and recommended by the Drug Store and all other leading druggists. Adv.

AMERICAN GOLD IS POURING INTO EUROPEAN HOMES

PARIS, June 9.—(A. P.)—The points of agreement between France and Great Britain in reply to Germany regarding her proposal for a security pact are:

First—The pact no longer presents the appearance of assistance to be given by France to Belgium, but a firm decision by Great Britain to defend her own security from the Rhine and the Scheldt.

Second—The interests of France's allies, the Poles and Czechoslovaks, have been guarded, because France retains the right to cross the demilitarized Rhine zone in case of a threat by Germany over her eastern frontiers.

Third—The arbitration treaties which Germany has proposed to conclude with Prague and Warsaw, as with Paris and Brussels, and which must be negotiated at the same time as the security pact, will only affect differences arising in the future, that is, they cannot apply to questions of frontiers or other dispositions provided for in the peace treaties.

Mercury's year is 88 days long. Eugene Field had eight children.

AMERICAN GOLD IS POURING INTO EUROPEAN HOMES

DENVER, Colo., June 9.—(A. P.)—American gold is pouring out of this country into Europe at the rate of many millions of dollars each month—a total loss to the nation—to support members of families divided by the restrictions of the immigration law. Miss Cecilia Raspsky, secretary of the American division of the Jewish Women's Council of New York, declared in an address here last night before the national conference of Jewish social service workers.

This flow of American money to foreign hands was not a myth, she declared, citing the figures of the Hebrew Immigrant Aid society of New York, which April 1920 to May, 1925, alone sent more than \$23,000,000 out of the country.

This figure was but a small part of the total amount dispatched by immigrants, she asserted. Censure of the immigration act was due because of the wholesale separation of families, not for provisions of the law, she said.

CAILLAUX PLANS INCREASE BANK NOTES IN FRANCE

PARIS, June 9.—(A. P.)—Financial writers in newspapers here today credited Finance Minister Caillaux with a plan to print four billion francs more of bank notes and to increase the Bank of France's limit of advances to the government by a like amount so that the government can meet maturing bonds.

M. Caillaux was to appear this afternoon before the chamber of deputies finance commission to outline his proposals for rehabilitating France's finances. It was assumed he had obtained, according to custom, the cabinet's approval of his ideas at this morning's session, but nothing was revealed officially.

M. Caillaux's plan was said to be to ask parliament to authorize additional advances of four billion francs from the Bank of France to the government, which would increase the bank note circulation by that amount.

The average individual prefers to get sick and be treated. Few follow preventative measures.

NEW HIGH SCHOOL MAY BE FINISHED BY FEBRUARY, 1926

Arrangements are fast maturing for the beginning of the construction of the new high school building on the Holly street site recently voted by the people, and last night J. E. Tourtelotte of Portland, of the firm of Tourtelotte & Hummel, architects for the new high school, met with the school board to discuss arrangements.

Mr. Tourtelotte submitted preliminary plans for the building, which show that the new structure will be a very sightly and commodious two-story reinforced concrete building with fireproof corridors, 32 class rooms, with a big gymnasium-auditorium seating 1000 persons.

The final plans of the architects will be submitted to the school board about July 1st, following approval of which the contracts will be let in time for the building to be started August 1st.

It is confidently expected by the school board and the architects that the new high school structure will have been completed and put into use by February of next winter.

The school board also transacted much routine business at last night's meeting.

MANN'S—The Best Goods for the Price, No Matter What the Price—MANN'S

Mann's Wednesday Specials

Women's coats, excellent styles, all colors; most of them full silk lined; many as high as \$35.00 values; Wednesday special—
