SCARCITY OF CLOTHES TENDS TO MAKE MODERN GIRLS HEALTHIER THAN BOYS

LONDON, June 12.—In view of the low cut neck, short skirts and spider-wee stockings, which are now the mode, girls have a better chance for health than boys, who usually wear too much clothing in the opinion of Dr. Leonard Hill of the National Institute of Medical Research.

Montana Newspaper To Drop Editorial Writing Entirely

BILLINGS, Mont., June 12.—Because of "tight space" and the belief that its readers are more interested in the news of the community, state and nation rather than in perusing editorials, the Billings Gazette will this afternoon announce the elimination of its editorial page as such, beginning with Saturday afternoon and effective thereafter in morning, evening and mail editions.

FEAR RADICALS WILL LOSE CASE FOR EVOLUTION

Swarm of Long-Haired Cranks From Greenwich Village Held Menace to Success of Scopes Defense—Scientists Alarmed By Developments.

NEW YORK, June 12.—(A. P.)—While John T. Scopes, high school teacher, was returning today from New York to Dayton, Tenn., his counsel were brushing up on the intricacies of the rise of man and there was much discussion of the part radicals are playing in arrangements for the defense of Scopes on a charge of violating the state law against teaching evolution.

Clarence Darrow, Bainbridge Colby and Dudley Field Malone, associate defense counsel, visited the American museum of natural history yesterday.

When Scopes visited the museum several days ago, Professor Osborn warned him not to let radicals run the case.

In this connection the New York Evening Post says: "Greenwich village is on its way to Rheba county. There shortly will descend on Dayton, Tenn., the greatest aggregation of assorted cranks...

Some members of the Civil Liberties union which is aiding the defense disagree with suggestions that the case will be lost in spectacular fashion at the first trial in order to arouse interest in evolution and to let the United States supreme court pass on the constitutionality of the law.

These dissenters feel that it would be more beneficial to rout the so-called powers of darkness right at the start.

Arthur E. Hunt of New York, co-author of the book "Biology and Human Welfare," from which Scopes taught, has been amazed to learn the part of his book was playing in the case.

"I have no doubt," says Dr. Hill, "that in the near future, both men's and women's clothing will be designed with a view to allowing the body to receive as plentiful a supply as possible of the sun's rays."

EXPLOSION ON PLEASURE YACHT KILLS 5 PEOPLE

Atlantic City Pleasure Boat Is Blown Up When Cigaret Is Dropped in Hold—Captain Held Pending An Investigation of Tragedy.

ATLANTIC CITY, N. J., June 12.—(A. P.)—Five persons are believed to have been drowned last night when an explosion, followed by fire, destroyed the pleasure boat Crystal, forcing thirty persons, including the crew, to leap overboard while on a pleasure cruise eight miles off Atlantic City.

The explosion is believed to have been caused by a cigarette end thrown down a hatchway.

The body of Deborah McKnight, 18, was brought ashore by coast guards, while a patrol boat is continuing the search for John Hannum of Northfield; Warren Dilks, of Linwood; Joseph Wilson, of Northfield, and Martha Weiss, still missing.

Captain William Young, commander of the craft, is held in \$2000 bail pending an investigation. Curtis Lyle of Northfield, a passenger, said the merrymakers were singing and dancing on the top deck when the explosion occurred. "There was a terrific blast—like a crack of thunder banging right into your ears," he said.

MEXICO IS WARNED TO KEEP PEACE

Secretary of State Kellogg Issues Stern Warning to Mexican Government On Rumors That Another Revolution Is Impending—Seized Property Must Be Returned.

WASHINGTON, June 12.—(A. P.)—The administration will support the government in Mexico "only so long as it protects American lives and American rights."

"Our relations with the government (of Mexico) are friendly, but nevertheless, conditions are not entirely satisfactory," the secretary's statement said.

The statement was issued today, after conferences with Ambassador Sheffield, who is home on leave from Mexico City.

"We are looking to and expect the Mexican government to restore the properties illegally taken and to indemnify American citizens," Mr. Kellogg declared.

PRESIDENT'S SON THE GUEST OF GOV. TRUMBULL

John Coolidge Visits Home of Pretty Girl He Met at His Father's Inauguration—Young People Have Seen Much of Each Other.

NEW YORK, June 12.—(A. P.) A Hartford dispatch in today's New York Times says: "John Coolidge, the president's son, is the guest of Governor Jonathan Trumbull of Connecticut."

"The president's son met Jean Trumbull, the governor's daughter, on the way to the presidential inauguration on March 4, when the governor's party and young Coolidge traveled in the same Pullman car."

"Miss Trumbull is a student at Mount Holyoke while Coolidge is an undergraduate at Amherst, only a few miles distant. The young people have seen each other several times since then."

Wall Street Report

NEW YORK, June 12.—The closing was strong. Buying operations broadened in the late trading despite rather extensive week-end profit taking in recent strong spots.

Smith for President Club Incorporated By Denver Zealots

DENVER, Colo., June 12.—(By the Associated Press) —Articles of incorporation for "The Alfred E. Smith for president in 1928 club" were filed with the secretary of state here today by Julius Alchele, John T. Maley and Anna E. Hansen, prominent democrats of Denver.

RUSH TROOPS TO QUELL OUTBREAK IN NOVA SCOTIA

500 Soldiers En Route to Cape Breton Coal Fields to Restore Order—Conditions of Actual Warfare Exist—Casualties Grow.

HALIFAX, N. S., June 12.—(A. P.) Five hundred troops were on their way today for duty in the Cape Breton coal fields as the result of armed clashes between striking coal miners and British Empire Steel corporation police at New Waterford.

It was reported that the company's food shops at Mines 12 and 14 had been cleaned out by a mob of miners.

In clashes yesterday for possession of the New Waterford power house several hundred rounds of ammunition were fired. After the fighting, police took refuge in the jail at New Waterford and reports of plans of miners to raid it were heard.

The power plant is the strategic point of the colliery system. A large detail of provincial police departed for Sydney on a regular train several hours before the troop trains left Halifax.

RAILROAD TRACKS ARE WASHED OUT

ST. PAUL, Minn., June 12.—Albert Lea advises today told of a large section of tracks on the Minneapolis and St. Louis railroad being washed out near Twin Lakes. All trains south of Alberta Leo on that road were being routed via Albert Lea and Mason City, Iowa.

Mixed train No. 559 on the M. and St. Louis was blown from the track last night between Hampton and Algona, Iowa, but no one was injured.

The armor used by Joan of Arc was especially made for her in Tours.

BLACKIE IS 3RD WHITE HOUSE PET TO BE DISCHARGED BY PRESIDENT

WASHINGTON, June 12.—(A. P.) Blackie, coal black White House cat has incurred official disfavor and has been shorn of his rank. Although fed plenty of choice scraps of food from the president's table, Blackie developed an appetite for birds and squirrels. Lately he has done so much day and night prowling around the White House grounds looking for easy prey that Mr. Coolidge decided to give him away.

SENSATION SPRUNG IN GERM CASE

Robert White, Long Missing Witness, Suddenly Appears in Court Room With Wife and Children—Is Rushed to District Attorney's Office—Big Story Promised

CHICAGO, June 12.—(A. P.)—Robert White, long-missing witness in the Shepherd trial, unexpectedly walked into the court room this morning and reported to Joseph Savage, assistant state's attorney. "Here I am, Mr. Savage," said White, who immediately was rushed to the office of the state's attorney.

CHICAGO, June 12.—(A. P.)—Ultior purposes imputed to Alexander Reichmann, co-guardian with Mrs. Julie Shepherd of William Nelson McClintock, for whose alleged murder William Darling Shepherd is on trial, were brought into the open today when Reichmann was so bitterly assailed upon cross-examination by William Scott Stewart, chief of defense counsel, that four times he begged Judge Thomas J. Lynch for "protection from these insinuations."

Reichmann was the second witness of the trial. Stewart indirectly accused Reichmann of having profited from his attorneyship of the McClintock \$1,000,000 estate, which was willed virtually to Shepherd by young McClintock shortly before he died of typhoid fever December 4, last, a death Shepherd is accused of having caused by administering typhoid germs.

Mr. Crowe insisted Reichmann was one of the leaders of the Chicago bar and his affluence was legitimate and due to his ability as an attorney. The first mention of the proposed suit by the McClintock cousins to break the will was made when Reichmann admitted he knew such a suit was contemplated, but denied he had an interest in it.

CHICAGO, June 12.—(A. P.)—No means known to medical science would reveal how William Nelson McClintock contracted the fatal attack of typhoid fever for the alleged causing of which William Darling Shepherd is on trial for his life. Dr. W. D. McNally, coroner's chemist, testified today.

No poison was revealed in the youth's stomach, the doctor testified although tests were made for virtually every known poison. The physician performed an autopsy on the exhumed body of the youth and described the findings, summarized in one sentence upon cross examination as a typical typhoid case.

Previously the two doctors who attended Billy McClintock in his final illness, had testified that his illness and death occurred during an epidemic of typhoid fever caused by eating oysters.

Today Blackie is in new surroundings at the home of a White House secret service man on the outskirts of Washington. The cat is the third White House pet to fail to measure up to official requirements. Tigs, a feline of an unusually discolored nature, would not stay at home and has been given up as a hopeless case, while Paul Fry, the Alrodale pup became so officious that he had to be castrated.

The Noted Dead

OTTAWA, June 12.—(A. P.)—Sir William Petersen, a leading figure in maritime shipping and head of the proposed subsidized North Atlantic Lines, died today in his hotel apartment of a heart attack.

Burglar Is Wounded

PORTLAND, Ore., June 12.—William Kinzel, a grocer, whose store has been robbed three times lately, early today fired a shotgun at a burglar who broke into the place. The intruder fled, wounded. Kinzel had been sleeping in the rear of the store recently, to watch.
