

DRIVE ON WHITE
PINE BLISTER IS
UNDER WAY HERE

A campaign against the white pine blister in Jackson county is now being conducted by T. D. Mallory and R. B. Fehren of the O. A. C., under the direction of the department of agriculture.

The cultivated English black currant is the object of attack, also the wild gooseberry, as the blister is a fungus disease that thrives on these two bushes alone. The disease spreads from the currant and gooseberry bushes to the white pine trees and kills them, causing heavy damage.

A force of 30 men are now camped at Woodruff Meadows engaged in destroying gooseberry and black currant bushes. All citizens are urged to do the same.

At date, there is none of the disease in the county, but it is flourishing in Washington and British Columbia and the present action is a precautionary one.

The disease is of European origin and once it gets a start is hard to control.

In a few days a panel showing the effects of the disease will be exhibited at the Chamber of Commerce, and later a film depicting the life, habits, history and ravages of the white pine blister will be shown at a local theater.

Literature on the subject will also be distributed.

The war on the fungus will be waged until snow flies.

LOCAL LEGION MEN
DEPART TOMORROW

The delegation of the Medford post of the American Legion to the state convention of the American Legion, which is to be held at the latter part of the week at Prineville, Ore., will depart by auto early tomorrow morning.

The delegation numbers between 25 and 30 members and will make the journey to Prineville and return in from six to eight days, via Anna Spring camp at Fort Klamath, and Bend. They expect to arrive in Prineville late tomorrow night.

The regular meeting of the post will be held at 7:30 tonight at the armory, at which time all committees will be on hand to make reports on the "Days of '49" show.

Legionnaires from Camp Jackson are cordially invited to attend this meeting.

PAGE THEATRE IS
TO BE REBUILT

Soon the old walls which housed the Page theater for so many years before that structure burned down about two years ago, will again be the walls of a new and more modern theater than was the old one.

By September 10 it is expected the theater will be complete, according to Dr. Frederick Page. In name it will be known as the New Page theater. Office and storeroom rental space will also be available for tenants.

Information is not given out concerning the builder, or those who are interested in the new theater, but it is said that building operations are due to begin in a comparatively short time.

The old Page theater was destroyed by fire early one morning in late December, 1923, and ever since rumors have been current that the building would be rebuilt. Plans for rebuilding were also laid out, but not until now has the realization of these plans or rumors been so near.

Variety Program
Vaudeville Tonight

The outstanding feature of the V. M. association vaudeville at the Hunt's Craterian theater tonight is its wide range of variety.

The De La Plaza Trio, Argentine dancers, a regular Orpheum act, present a program of aesthetic, classical and comedy dances with special scenic and lighting effects, and gorgeous costuming.

Janis & Chaplow present a clever skit titled "It Pays to Advertise." A young actor advertises for a female assistant. A young woman answers and proves a typical "hick." After many comedy situations Miss Chaplow changes her gown and the audience realizes they have been witnessing a clever performance of imitations.

A most unique novelty is the "Rag Art" presented by Wills and Harold Browne. They create beautiful scenic and portrait effects from nothing but a bunch of rags.

After the "mess" the party will be driven thru the camp after which Secretary Jardine and party leave by auto for a trip thru the valley to Roseburg.

The night will be spent at Roseburg, the party driving to Corvallis for luncheon at O. A. C. Friday noon, and to Portland Friday evening.

The party leaves Saturday for a two days trip in the state of Washington and then continue his trip toward Washington, D. C.

ROAD TO CRATER LAKE
OPEN TO GOVT. CAMP

Of interest to many local motorists is the fact that the Crater Lake road is now open as far up as the government camp, leaving only about a mile of the highway yet to be cleared before cars can journey to the rim.

After the close of the EKA convention which is to be held at Portland during next month, a special train carrying over a hundred members from San Francisco will stop in Medford to discharge the entire number, who will then visit Crater Lake and make the loop trip to Klamath Falls where their special train will be awaiting their arrival to take them to their home city.

PRE-SCHOOL CLINICS
BOOKED AT TALENT

Two pre-school clinics will be held today and tomorrow from 1:30 to 5 p. m., at the community hall in Talent. This conference has been arranged by Miss Vera Beard, county nurse. Miss Irene Mann and Miss Josephine Koppes of the county health unit will assist, while Dr. V. S. Geary, county health officer, will do the examining.

Forty-six children have been registered. Mrs. Everett Beeson, Mrs. Bannister, and Mrs. Brown of the Jackson County Public Health association will assist with the records.

Have Narrow Escape
From Lightning Bolt

A number of Medford people at Prospect lake last Sunday afternoon had the fright of their lives while standing on the west side of the fish pond of the Grieve hotel grounds when there was a terrific detonation of thunder, accompanied by a very sharp flash of lightning, which shattered a big fir tree on the east side of the pond by which they were standing.

The lightning and thunder were totally unexpected as the sky was comparatively clear except for a small dark cloud overhead. The tree was shattered.

This dangerous freak of nature so impressed Clyde Gardner, one of the Medford group, that he immediately hurried back to the city and attended Sunday evening services.

KNIGHTS OF COLUMBUS
PARTY WELL ATTENDED

The ball given last evening by the local Knights of Columbus at their hall in honor of the Oregon national guardmen who are members of that organization was a big success. A large crowd was present, including nearly 200 guardmen. The evening was most enjoyably passed away by dancing and in between the various dances an entertainment program.

Miss Evelyn Wolf opened the evening festivities by giving two selections on the piano, and after several dances Miss Alice Lynch presented two readings, followed by more dancing and then a vocal selection by Mrs. John Wilson, accompanied at the piano by Miss Mercia Mischke.

Refreshments consisting of ice cream and cake were served to guests, and about 11:30 the party ended, due to the fact that the soldiers had to be back in camp at that time. Alford's orchestra furnished the music for the occasion.

Your Health is affected by wrong hygienic habits
This NEW way in solving woman's oldest hygienic problem will mean much to you
SIXTY per cent of many women's disorders, doctors now point out, are often traceable to wrong hygienic methods.
Now there is a new way... a way that supplants the dangers and uncertainties of the old-time sanitary pad.
Physicians urge it. Women's doctors have adopted it. Hygienic authorities employ it. And your own peace of mind demands it. For it offers charm and immaculacy under any and all circumstances.
The name is Kotex... a method scientifically right.
It absorbs 5 times the moisture of the ordinary cotton pad. And that means great protection!
It is as easily disposed of as a piece of tissue—that ends an old-time embarrassment.
It is deodorized. And that prevents danger of offense.
You can get it at any drug or department store. Just by saying "Kotex." And that banishes the embarrassment of asking for a "sanitary pad."
Eight in every ten women in the better walks of life have adopted it. Which proves its benefits.
It will mean much to you in health, in daintiness and protection. It proves old ways a needless folly.

MAN ARRESTED
AFTER GIVING
RACY EVIDENCE

NEW YORK, June 23.—(A. P.) Named as co-respondent, Talbot W. Chambers, coal dealer, has been arrested as the result of his testimony of his relations with Mrs. Thomas H. Symington, who is being sued for divorce by her husband, a wealthy railroad equipment manufacturer.

Chambers faces a penalty of \$500 fine or two years imprisonment, or both, under the law, invoked now for the first time, holding co-respondents responsible for actions revealed in divorce actions.

Edward Hackett, elevator operator in the Sylvania apartment building who corroborated Chambers' statements, has also been arrested as a material witness and released on \$500 bail. Chambers was released in \$1000 bail.

The startling turn in the trial came after adjournment yesterday. Hackett substantiated Chambers' testimony of last Friday that the latter had misconduted himself with Mrs. Symington on two occasions.

Hackett said he was a soda dispenser at Miami, Fla., and that Mr. Symington had paid his expenses to come to New York to testify, Counsel for Mrs. Symington, asked Supreme Court Justice Ford, hearing the case, to sit as a committing magistrate and requested the warrants.

Justice Ford as a state senator introduced the state adultery bill in 1895.

SHERIFF JENNINGS
CALLS ATTENTION TO
NEW CAR TITLE LAW

Sheriff Jennings today called the attention of local motor car owners to the new law in Oregon which goes into effect July 1.

According to this new law, "no certificates of the registration of any vehicle or number plates thereof, whether original issues or duplicates, shall be issued or furnished by the secretary of state unless the applicant shall at the same time apply for and be granted an official certificate of title of such motor car."

This means that no motor car licenses for the second half of 1925 can be secured at Jacksonville until the applicant establishes his title to the car.

Until the application blanks from Salem are received, therefore, it will be impossible to issue new licenses for the last half of the year. The sheriff's office expects, however, that the blanks will be received in a few days, certainly by the first of July, and then licenses will be issued to those who make application and establish title to their car, in accordance with this new law.

S. P. to Route Tickets
To City Via Crater L.

In a very short time, probably July 26, the Southern Pacific lines will inaugurate a new policy; an optional route on all tickets purchased. Those coming from the south will have the option of either choosing the branch line from Weed to Klamath Falls or taking the line direct to Medford.

This is being done so that passengers who are northern bound can go to Klamath county to see Crater Lake without coming to Medford and then to the lake. The passengers, of course must meet the fees covering the traveling charges from Klamath Falls to this city.

When they reach Medford they can reboard the train and proceed with their journey.

PRESIDENT LEAVES
FOR HIS VACATION
AT SWAMPSCOTT

WASHINGTON, June 23.—(A. P.)—President Coolidge left Washington today to spend the summer in Swampscott, Mass.

WASHINGTON, June 23.—(A. P.)—Only a cabinet meeting, perhaps the last to be held this summer, stood today between President Coolidge and his vacation.

With his departure for the summer White House at Swampscott, Mass., set for early afternoon, Mr. Coolidge devoted the morning to a last minute check-up with his cabinet and to arranging for a "transfer of the major business of his office."

Practically every important pending question has been disposed of by Mr. Coolidge today, although a few appointments remain to be made and he still has under consideration some reports from the tariff commission recommending changes in duties.

An office has been set up for the president in Lynn, Mass., and with part of the executive force there, including Secretary Sanders, he will carry on such business there as arises during the summer.

Mr. Coolidge has not announced plans for his program while in Massachusetts. For a time, however, it is expected he will remain close to the spacious home at White Court, where he and Mrs. Coolidge will stay, resting
