

TELEPHONE SUPERVISOR

Tells of the Benefit Received by Taking Lydia E. Pinkham's Vegetable Compound

Leavenworth, Kansas.—"My work was long-distances operating and supervising, and I got into a very nervous state and was all run-down. I was easily annoyed at trifles, was extremely nervous and always had a tired feeling which made me awfully listless. Through a newspaper I learned of Lydia E. Pinkham's Vegetable Compound and thinking it would help me I tried it. It quieted my nerves, I was less annoyed and more lively. It took away that dragging feeling and improved my health in every way. I was able to continue my work with more vigor than before and I recommend the Vegetable Compound to all young girls. I am married now and have a big baby boy and am in the best of health. If I should ever have any trouble I'll take the Vegetable Compound again, for I know it will help me as it did before."

—Mrs. O. W. THIEL, 925 Pawnee Street, Leavenworth, Kansas.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all these troubles. For sale by druggists everywhere.

And again the alibi failed

LATE again! For the third time this week she has had to keep dinner hot so long that it isn't fit to eat. And while he really was working, he has a hopeless feeling that the alibi isn't going over.

Even a box of candy won't convince her that there is any reason why he should be the only man to work overtime.

Some day they are going to wake up to the fact that a Corona at home would enable him to leave the office on time and finish up his work after dinner. The newest Corona has the same keyboard as the big machines in his office.

The price of Corona Four is \$60 cash. Easy terms arranged if needed. Call or phone for a demonstration.

U. S. AMBASSADOR TO MEXICO MAY NOT RETURN THERE

NEW YORK, June 25.—(A. P.)—Coincident with the entrance of Joseph Sheffield into hospital here came reports that he would not return to Mexico as United States ambassador.

Mexican reports that he would not return have been denied authoritatively at Washington hitherto. New statements in the matter were in the form of dispatches to officials at border points signed by the government's chief of publicity at Mexico City. These dispatches said it was assured in diplomatic circles that Mr. Sheffield would not return and that he would ask that George L. Summerlin be appointed in his place.

In contrast with these messages are dispatches from Washington that not only will Mr. Sheffield go to Mexico City, but will take with him a note giving his specifications as to treatment of Americans and American property, the subject of recent statements by Secretary Kellogg and President Calles.

PETTING PARTIES NOT EVIDENCE OF EVIL, SAYS JUDGE

NEW YORK, June 25.—(A. P.)—Notwithstanding kissing and cocktail parties, young women are just as pure nowadays as they were years ago, in the opinion of John W. Ford, a justice of the state supreme court and a backer of the clean book league, which has been active in seeking suppression of salacious literature. He expressed his views in court yesterday in ruling that testimony of a wife's breakfasts in negligee with another man and occasional kisses and cocktail parties were not sufficient evidence of infidelity. The dictum was given in the suit of Thomas H. Symington, wealthy railroad equipment manufacturer, Justice Ford said, that many of the things women did nowadays were misconstrued.

Talbot W. Chambers, coal dealer, and one of two co respondents named by Symington, was arraigned yesterday on charges of adultery as the result of his testimony concerning Mrs. Symington. He pleaded not guilty.

Counsel for the wife gave notice that she intended to file perjury charges against Symington.

Dr. Edward S. Pope testified that Mrs. Symington had admitted to him confidentially that she had been unfaithful to her husband. Six of the nineteen charges against Mr. Symington were withdrawn by the plaintiff. The court indicated that in eleven other charges he would direct the jury to find in favor of the wife. The eleven counts concern relations between Mrs. Symington and Maurice Fatio, an architect.

Evidence was introduced that Fatio had kissed Mrs. Symington and had breakfasted with her in her room.

KLAMATH CONVICT MAKES ESCAPE AT M'NEILS ISLAND

TACOMA, Wash., June 24.—Federal guards under Warden F. R. Archer of the McNeil Island penitentiary near here were searching the island this morning in the effort to capture Morton Hanson who escaped yesterday while at work with a gang of men outside the prison walls. Notices have been sent broadcast and boats having been circling the island constantly since his escape. Prison officials believe he is still on the island, hidden in the brush.

Hanson who came to McNeil March 14, 1925 from Portland to serve two years for violation of the Dyer act, is believed by prison officials to be "Whitey" Fuller and to have been implicated in a murder in Klamath Falls two years ago.

KLAMATH FALLS, Ore., June 24.—Reports sent out from here a week ago that Hanson, alias Fuller, had confessed the murder of Dan McDonald, logging camp blacksmith here two years ago, were branded as wholly false today by Fred Morley, special state agent, who was reputed to have procured the confession.

Morley says he believes Hanson may have some knowledge of the crime, but he has never obtained any admission from the convict, either written or oral.

GIRL SHOTS HERSELF WHEN MOTHER SCOLDS

EUGENE, Ore., June 24.—Jeanette Myers, 18, is at the Pacific Christian hospital suffering with gunshot wounds in the body as the result of what is believed to have been an attempt at suicide at her home at Springfield, three miles east of here, about noon today. At a late hour this afternoon the condition of the girl had not been determined. The girl is the adopted daughter of Mr. and Mrs. A. F. Myers and it is said that a scolding from her mother may have led to the attempt at suicide.

PORTLAND WOMEN AGAIN PRAY FOR 5-CENT CARFARE

PORTLAND, Ore., June 24.—A petition for 5-cent carfare, filed three years ago with the public service commission by the Housewives' Council, came up for hearing today. The carfare in Portland has been 8 cents since 1920.

Mrs. Josephine Othus, president of the Housewives' Council, requested the reading of the three-year-old complaint.

"Three years is a long time," she said, "between the filing of a complaint and the hearing on it. The data gathered then is out of date. We had an attorney then, but have none now; we are throwing ourselves on the mercy of the commission."

Mrs. Kate Bonham, member of the council, followed the reading of the petition with reading of a survey made by mail in other cities throughout the country.

The council rested its argument with the reassertion that the present carfare is "unreasonable, unlawful and injurious to Portland and the state."

H. D. Wagon urged the public service commission to recommend purchase of the Portland Electric Power lines by the city. He asked that a 5-cent fare with possible deficits to be made up from the general fund be stipulated. He said he intended to introduce witnesses later in the hearing to strengthen his argument.

BAND CONCERT AT CITY PARK TONIGHT

The farewell band concert of the 186th brigade band will be given in the city park tonight, when Brigadier General White will present a brigade flag to the city. The concert will be the last function in which the National Guardsmen will participate, during their local encampment, as they embark for home in the morning.

IMPROVEMENT IN VETERAN'S RELIEF SEEN BY HINES

OMAHA, Neb., June 25.—Extensive improvement in the administration of the United States veterans' bureau, made possible by legislation, improved study of conditions and excellent co-operation by the veterans, had enabled the bureau to extend more benefits than ever before, General Frank T. Hines, bureau director, said in an address for delivery today before members of the Disabled Veterans of the World War in their convention here.

General Hines stressed his desire for a continuance of co-operation between the bureau and the veterans and their officials.

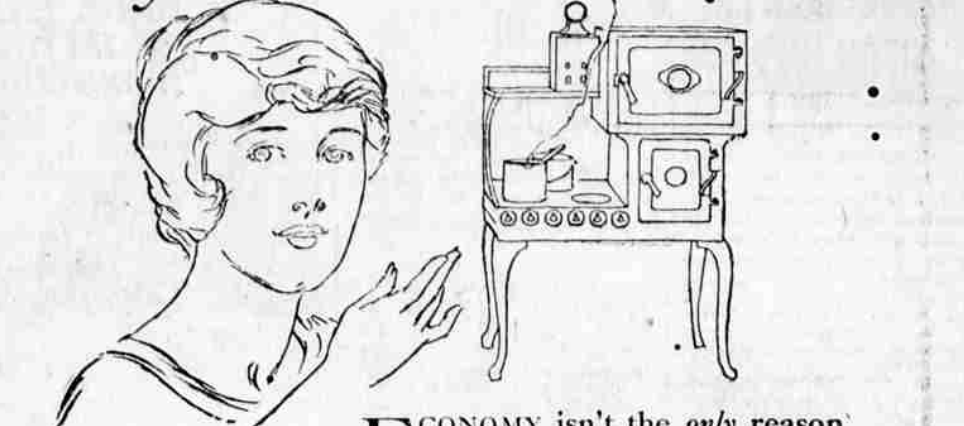

"This spirit of co-operation," he said, "must prevail as it is one of the largest factors in putting over the job."

Reviewing the activities of each bureau division during the past year, General Hines said the organization now had a better conception of the wants of the disabled veterans, that hospital care had been improved through the erection of many modern hospitals, that rehabilitation had made progress so that by July 30 next all veterans will have been contacted; that employment had improved; that action on more than 200,000 cases calling for compensation claims had been completed; a more efficient rating schedule adopted and war insurance policies reinstated for many veterans.

Banker's Wife Advises People of Medford

"I had stomach trouble so bad everything I ate soured and formed gas. Was miserable until I tried Adlerika. This helped the first day." Adlerika helps any case gas on the stomach unless due to deep-seated causes. The QUICK action will surprise you. Because Adlerika is such an excellent intestinal evacuant it is wonderful for constipation—it often works in one hour and never gripes. Heath's Drug Store. Adv.

"My ELECTRIC RANGE"

ECONOMY isn't the only reason why housewives take such a natural pride in their electric ranges.

It's one of the practical reasons, of course—like the quick, clean, electrical heat, the freedom from fuel and ashes, the better roasts and baking.

But after all, these might be a man's reasons for equipping his home with an electric range. Woman's reasons go deeper. If you wish to see what every woman thinks of clean, convenient, efficient electrical appliances throughout the home, notice the pride with which she says, "MY electric range."

There is now an electric range in one out of every seven houses on the COPCO system.

Select one for your home from the models on display at your nearest dealer's. Convenient payments may be easily arranged.

THE CALIFORNIA OREGON POWER COMPANY

Remember: GENERAL Gasoline assures YOU—MAXIMUM MILEAGE CLEAN COMBUSTION FULL POWER EASY STARTING

All Summer--- Happiness

The makers of GENERAL Gasoline—the General Petroleum Corporation—first learned, by careful tests, just what a gasoline should be to give consistent, satisfactory performance in motor cars in this climate. Then, by means of the unique GENERAL refining process, the last word in petroleum refining, they were able to make exactly the fuel the specifications called for. Thousands of motorists enjoy GENERAL every day. Its planned and balanced features insure freedom from all fuel troubles. It guarantees, in any engine, the best performance of which that engine is capable. It adds wings to your car.
