# GREATEST AUTOMOBILE EVENT EVER STAGED IN JACKSON COUNTY

THE MASON MOTOR CO. proudly announces their removal within a couple of weeks to their large and new home at the corner of 6th and Bartlett streets. Here we will be able to accommodate our many patrons with an up-to-the-minute mechanical department, and a beautiful show room, where new models of the Star, Durant and Flint cars may be inspected and admired by our patrons and prospective new ones. The business in our present location has grown to such proportions that we were compelled to move into larger quarters; this growth is due largely to the continued patronage and the recommendation broadcasted by our friends to others in the circle of their acquaintance. We therefore wish to thank you, and hope that our association in the future will be pleasant and lasting.
