

BUILD FIRST OF MANY NEW HOMES IN GRANITE CITY

ASHLAND, June 29.—The Jordan Home Building company, composed of a number of local business men, who organized some time since to build a number of modern low priced homes in the city, announced the completion of the first one today. It is a four room bungalow with built in features and is constructed throughout on modern lines. Frank Jordan was in charge and said that the building was open for public inspection Sunday afternoon. All interested in seeing the first of the series of homes to be constructed was invited to attend the opening.

George Nichols, who resided in Ashland, on Church street, for many years, but for several years has been living in Los Angeles, is visiting relatives and friends in Ashland. He is a guest in the Wm. Bryant home on East Main and at his nephew, Archie Millon's on North Main. Mr. Nichols notes many changes in the years of his absence. His daughter, Della, has been teaching in the Los Angeles schools, but leaves soon for a trip to Mexico City. Mrs. Nichols passed away a few months ago. Mr. Nichols met with old comrades of the G. A. R. Saturday. When he lived here the attendance used to number fifty. Saturday there was not a quorum. They adjourned and all went to call on a comrade, Mr. Aden Spencer, who was reported critically ill.

Mrs. L. N. Woodside has recovered from her serious illness and leaves Monday morning for Medford for Crater Lake, where she will act as hostess this summer. Mrs. Woodside will be sorely missed in musical and social circles where her musical talent has been so graciously shared. She was director of the choir of the Presbyterian church the past year, and has been a most active member of the Ashland Music Study club, where her assistance was generously given.

Mrs. Lillian Reed-Book arrived the last of the week for a visit with her parents, Mr. and Mrs. W. E. Reed of Avery street. Mrs. Reed was a popular Ashland teacher, whose marriage occurred last fall. The union meeting of the churches is held this Sunday evening at the Congregational church, where a sermonic lecture on China will be given by the pastor, the Rev. W. Judson Oldfield. Special music has been prepared for the service. A large attendance is expected.

On Wednesday evening at eight o'clock, the Rev. E. H. Edgar of Jacksonville will bring a report of the general assembly before the Ashland church. Mr. Edgar was the representative of the Southern Oregon Presbytery at general assembly. The Rev. Wilmington W. Hendry will occupy the pulpit next Sunday morning in the absence of the pastor, the Rev. J. C. Mergler, who, with his family will attend the C. E. convention in Portland.

During the rest of the summer the Ashland public library will be closed Sunday afternoons. This will obtain until the first of September, states the librarian, Miss Blanche Hicks. Mrs. Ralph Billings, Mrs. F. L. Nutter, and Mrs. Walter Herndon have just returned from Corvallis, where they represented the local organizations of the Methodist church at the Woman's Home Missionary society convention held at that place.

Mayor and Mrs. O. H. Johnson are enjoying the visit of Mrs. Nora Ralph and children, John and Martha, from Garfield, Washington. They expect to spend a number of weeks here. A grass fire caused \$250 damage at the Natatorium Saturday. O. O. Sletten, one of the operators, was burning grass by the side of the building, when the fire swept under the building and broke out between the walls. Efficient service of the fire department prevented a serious fire.

It is confidently expected that the Lithia Springs Hotel will be opened by the first of July. The largest crew since the opening of the work on the building is engaged in rushing its completion. The six lower floors will be ready Wednesday. The lobby is plastered and the painting will be taken care of, at such times as not to interfere with the operation of the hotel. The scaffolding has been removed and the finishing work on the outside is in progress. On the inside, floors are laid in the dining and ball rooms. Kitchen equipment is in place, and carpets are down on the three lower floors. By Tuesday evening these rooms will be ready for occupancy. The employees arrived the last of the week.

Mr. and Mrs. Irving Finley left for Alhambra, California, after a short stay in Ashland. Mr. Finley is very interested in the new hotel and is one of the investors. The Aaron Andrews family visited in Medford Saturday at the home of Mrs. J. W. Thomas and with the D. W. Wheeler family on Almond street.

A large attendance is expected at the Pratt Art Institute which will open shortly, using the Junior High building as was done last year. The committee is asking for rooms for students.

Earl J. Fraley, who taught in the Red Bluff, California schools, will teach in Alameda this coming year. He is in Ashland for the summer. Mr. and Mrs. J. F. Rocho of San Diego, California, who have been visiting friends and attending to business matters, will leave shortly for their home. It is understood that Mr. Rocho has sold his ranch in the Bellevue district.

Mr. and Mrs. Stephens and Miss Aghurst of Eugene, who have been guests of Mrs. Elizabeth Van Sant and Mrs. Mary Dunn, have returned to their home after a stay of a fortnight. Mrs. Moore, who was a guest during the time, has also returned to her home.

LOCAL RESIDENTS MUCH INTERESTED IN EARTHQUAKE

Among the Medford people who are very much concerned about the Santa Barbara earthquake and its casualties and injured list are Mr. and Mrs. W. M. Homes, whose daughter and son-in-law, Mr. and Mrs. Clarence Boyle, reside in Santa Barbara. Mr. and Mrs. Roy Brown are also eagerly awaiting news from that city, their daughter and son-in-law, Mr. and Mrs. C. E. Stover, residing there. Lylo Walther, son of H. L. Walther is residing in Santa Barbara, while Paul McKee, manager of the California Oregon Power Co., has close relatives living there. Mrs. Maud Cowles, former Medford resident, mother of Miss Barbara Cowles, who is visiting with friends here is living in Santa Barbara. Mr. Cowles being in the east. Jack Scudder, son of Mrs. H. C. Egan is supposed to be in Santa Barbara, and David Coolidge, former Medford resident now resides there. A number of tourists from southern California spending today in Medford also called at the Mail Tribune office this noon to learn the extent of the earthquake and about the casualties and injured, as they have relatives in Santa Barbara.

SILENT HUSBAND ANSWERS WIFE

In his answer to the divorce complaint of his wife, Viola May, George L. Corby of Ashland, a Southern Pacific telegrapher, admits the allegations of his mate that "for nine months no words were exchanged," but denies that he alone was to blame as intimidated, and replies: "Said condition was mutual and both were to blame, and persisted and participated in the persistency of said situation."

The answer recites that the "plaintiff has had the flu," which impaired his health, "but will be normal soon." He asks for a decree of divorce, and the custody of the child, and is "willing to make a very moderate allowance for the support of his wife until she is better able to provide for herself."

ASKS DIVORCE FROM HIS WIFE, REBECCA

Morris A. Lipschitz asks for a divorce from his wife, Rebecca, now a resident of Bronx, New York City. Lipschitz alleges as grounds for divorce, that his wife "tried to hit him in the head," "slapped and tripped him in public places"; "insulted before friends"; "threatened to cut his throat"; "is a bad housekeeper and don't care to cook"; and "that when the plaintiff suffered a nervous breakdown in 1923, defendant ignored the doctor's orders not to excite him." After this, the complainant says he left.

A decree of divorce and the custody of a minor child is sought.

CRATER LAKE MOVING PICTURES EXCELLENT

The Webfoot News movie pictures of the National Guard caravan to Crater Lake, at the Craterian shows a number of local citizens in booster and patriotic endeavors; also an excellent view of Crater Lake, and the Guardsmen who went there, enervating in the snow. The governor's review at Camp Jackson, and military and civil dignitaries are shown along with camp scenes. General White is shown washing his face, and a cologne is exhibited with a string of trout. The swearing in of Governor Pierce surrounded almost entirely by Jackson county republicans, for Defense Day, July 4th, is another interesting view. Attorney Gus Newbury is pictured shaking hands with Supt. C. G. Thomson of the Crater Lake park, and there is an excellent view of the front of the caravan arriving at Union Creek.

WANTED: Women's Votes

On this simplified summer breakfast QUICK QUAKER cooks in 3 to 5 minutes. Supplies energy breakfasts, ends hot summers. WOMEN say this solves the summer breakfast problem. That it ends hot morning troubles in the kitchen. That it cooks without heating up the kitchen. That men like it, and children take to it. And... feel better all day long as a result. Get a package of Quick Quaker. And then tell us your opinion. Cooks in 3 to 5 minutes. Has all that rare Quaker flavor. And with milk it is almost a complete food in itself... at low cost.

175 CARS MADE TRIP TO CRATER LAKE ON SUNDAY

While the Crater Lake company management and the park officials are hurriedly completing arrangements for the official opening of the Crater Lake season next Wednesday, many pre-season visitors have been going up to the lake in 175 cars, whose occupants were mostly Medford and Klamath Falls people, having gone up to spend yesterday there. A number of people also left here this morning for an early visit at the lake.

The road has been open all the way to the lodge since Saturday morning, and was yesterday in fact condition for travel, and is much better today, all the mud which proved so troublesome early last week, having practically disappeared. Indications are that there will, as usual, be a very large attendance on the opening day next Wednesday.

This forenoon three stages of the Crater Lake company departed from the city with 15 more employees for the lodge to join the other employees there who went up last week, and in addition motor trucks of the company were still busy today in rushing up supplies to the lodge. Also Superintendent C. G. Thomson and his aides were busy in getting up to the park supplies and additional employees.

The drivers of the Crater Lake stages operating between Medford and the lodge are practically the same as last year's personnel of drivers. They have been sworn in by Postmaster Warner here, as the stages will carry mail back and forth during the season between the lodge and this city, as usual, one mail a day, each way.

COPCO TEAM WINS FROM ROGUE RIVER

The Copco team journeyed to Rogue River yesterday and cleaned up the home team of that city in a close match which took ten innings to decide, the final score being 21 to 16. It was one of the most exciting "slug fest" seen in the valley for some time and afforded much enjoyment to the many ardent fans who were present.

Rogue River started the game off with a four-run lead, which was quickly overcome by the "power vendors" who ran up 12 runs in the first six innings. Bowne and Oliver pitched good ball for the Copco boys and Oliver led the pace in the "slug fest," getting six hits out of seven trips to the plate. The game was a tie 15 to 15 in the ninth, but when the "lighthouse leaguers" got busy in the 10th, they put the game on ice by annexing 6 runs. Rogue River garnered one more in the 10th, which left the deciding score 21 to 16, with Copco on the upper end.

A large crowd of Copco employees and local baseball fans numbering nearly 200 was present to support the home team and it seems that their efforts brought results. The next game is scheduled for July 4th at Jacksonville when the Copco nine will attempt to get even for the defeat administered by the "county senators" a few weeks ago.

The Screen By Ye Press Agent.

"Revelation" Splendid Picture "Revelation" closes at the Rialto tonight. Story, cast and direction, are all three of extraordinary worth. Viola Dana and Monte Blue, carry the chief parts, doing by far the best work they have ever contributed to the screen. Supported by a splendid cast. Irving Willat and Byron Morgan make a good combination on the screen. Willat as director and Morgan as story-teller, in dealing with outdoor subjects, and in "The Air Mail," at the Rialto theater tomorrow Wednesday and Thursday. Natural, from its title, the picture has to do with airplanes and daring exploits in the air. In the cast which will present it are Warner Baxter, Billie Dove, Mary Brian, Douglas Fairbanks, Jr., Richard Tucker, Guy Oliver, Lee Shumway, George Irving, Jack Bryon, John Webb Dillon and Lloyd Whitlock.

The Cheapest Store in the West

WILL H. WILSON, 28-32 N. Front St.

"My ELECTRIC RANGE"

ECONOMY isn't the only reason why housewives take such a natural pride in their electric ranges.

It's one of the practical reasons, of course—like the quick, clean, electrical heat, the freedom from fuel and ashes, the better roasts and baking.

But after all, these might be a man's reasons for equipping his home with an electric range. Woman's reasons go deeper. If you wish to see what every woman thinks of clean, convenient, efficient electrical appliances throughout the home, notice the pride with which she says, "MY electric range."

There is now an electric range in one out of every seven houses on the COPCO system.

Select one for your home from the models on display at your nearest dealer's. Convenient payments may be easily arranged.

Wong Pon Chinese Medicine

For Treatment of Acute and Chronic Diseases of Men and Women.

DRINK Maid O'Sko

IT'S DELICIOUS

Never before could you buy so much fruit in a small bottle.
