The Valley Fuel Company has added to its stock the well known Carbon Briquets, made in Portland by the Portland Gas and Coke Company. Mr. Taylor has tried for several years to get this fuel here but on account of the great demand for it in the city of Portland has not been able to get it in quantities enough to guarantee deliveries in Medford until the present date.

Dr. W. W. Howard will be out of town until August 1st. *9?

Do you love your wife? *95

In the city of Portland alone approximately 25,000 tons were sold prior to June first this year. Carbon briquets produce more heat than any other fuel on the market, because they are manufactured from pure carbon, guaranteed free from ground coal or coke, free from ash or clinkers.

Carbon briquets used in furnaces or fireplace produce better results than any other fuel and also perfect results are obtained in coal stoves, wood heaters and ranges. Carbon briquets have no equal for heating and cooking purposes and are economical and clean, but do not conflict carbon briquets with the ordinary coal briquets as they are as different as hard and soft coal.

It is reported that the Copco ball team will play Phoenix at Talent next Sunday. Why they did not play Talent at Phoenix or Tolo at Jacksonville is puzzling some of the local ball fans who plan to attend the game. After losing the last game by one run in the last of the 9th, the "lighthouse leaguers" are out for vengeance and will endeavor to get even by taking Phoenix into camp by a large score.

Byron Campbell, a tourist, was arrested by State Traffic Officer J. J. McMahon, Monday for speeding on the Pacific Highway. Campbell placed $25 with the traffic officer for his appearance at Judge Taylor's court yesterday forenoon, and due to his non-appearance that bail was forfeited. R. E. Kinney, on plea of guilty this morning before Judge Taylor on a charge of speeding preferred against him by C. P. Talent, was fined $10, receiving the minimum fine because of the inaccuracy of the speedometer on his car.

A frying pan 20 inches in diameter is eliciting more than casual glances from people at the Medford Hardware and Sporting Goods store where it is on display. Being 20 inches in diameter it is more than five feet in circumference, and it is claimed to be one of the largest ever sold in Medford. James Grieve of Prospect is the purchaser, and it is generally conceded that he bought the pan to fry the one or two trout he is planning to catch before the summer is over.
