FIGHT TO FINISH LOOMS IN MINE FRACAS, ENGLAND

SCARBOROUGH, England, July 15.—(A. P.)—The mine workers' federation today unanimously adopted a resolution refusing to accept the government's proposal for a court of inquiry into the mining dispute, and the mine owners' proposal for negotiations, until the latter withdrew their notice terminating the present work agreement.

In officially announcing their decision the miner's federation said it would inform the government it could not accept another court of inquiry "having for its purpose the ascertainment of whether wages shall be reduced or their hours extended."

The announcement said the federation would meet the owners in open conference as soon as the owners withdraw their proposals for lower wages or longer hours.

This action indicated the determination of the miners' federation, in session here, to fight to a finish the wage reductions proposed by the owners. Strong influences were brought to bear upon the miners to get them to accept the government's proposed court of inquiry, or to meet the terms of the mine owners, but these influences were unavailing.

NEGRO JANITOR FINDS $1100 IN L. A. BANK GIVES IT TO POLICE

LOS ANGELES, July 14.—The honest man for whom Diogenes looked and could not find, walked into central police station here last night carrying a large mean looking pistol. After detectives had pounced on him and confiscated the gun he gave his name as Herbert Howard, negro janitor of a branch bank. Conjuring his captors to calm themselves and listen, he explained that while sweeping out the bank he had found a fat bundle of currency on the floor and had come to turn it over to the police for safe keeping until morning. The pistol was the bank's. He had brought it along to protect himself and the $1100 from possible less honest pedestrians.

Simple Dairyman Proves to Be Pal of Highway Bandit

LOS ANGELES, July 15.—(A. P.)—An awkward, rawboned stranger who introduced himself to R. J. Oppedyk, Las Vegas, N. M., hog raiser, as a simple dairyman from the great northwest, was the object of police search today. Oppedyk told detectives that he struck up a chance acquaintance with the self-styled dairyman and liked his honest face so well that he invited him to go along to the Union Stockyards where Oppedyk collected $1600 for a shipment of hogs. A few minutes later a highwayman pushed a pistol against Oppedyk's ribs and the pusedo dairyman, giving the gunman a friendly wink helped him hog the hog money.

for Steady Nerves!

Riding a girder is not a job for a nervous man.

BUT no one is nervous by choice. There is a way that you may so strengthen your body that the nervous system will be cushioned on sound muscles and flesh. But this condition will not come about unless you have rich red-blood-cells. Red-blood-cells are the most important thing in all the world to each of us. More red-blood-cells! That's what you need when your nerves give way and you cannot control yourself.

S.S.S. will prove to you its "Why" and "How" reason. Since 1826 S.S.S. has helped thousands. Because S.S.S. does build blood-power, it builds you up when you are run-down, clears the system of blood impurities; routs so-called skin disorders—and stops rheumatism, too.

This is why S.S.S. is accepted as the greatest of all blood purifiers, blood builders and system strengtheners. Start taking S.S.S. today. Its medicinal ingredients are purely vegetable. Your nerves will become stronger, you will have more energy, vitality and vigor and a more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Beavers Get New Twirler.

PORTLAND, Ore., July 15.—(A. P.)—President Thomas L. Turner, of the Portland club of the Pacific Coast league, announced today that Arthur Stokes, right-hand pitcher, had been purchased from the Philadelphia American team. Stokes will join the Portland club at Oakland next Monday.

Unlike many communicable diseases, an attack of grippe does not seem to render one immune to subsequent attacks; on the contrary, one attack seems to make one more susceptible to another.
