

SUMMER DRIVE ON BOOTLEGGERS STARTED AGAIN

New Dry Director Goes to Canadian Border While Big Bootlegging Ring Is Smashed in New York—Rum Fleet in Atlantic Reappears.

NEW YORK, July 18.—(A. P.)—Uncle Sam has started an intensive mid-summer drive against rum, and the liquor forces are making several counter moves.

In today's news there figured, on the side of the prohibition enforcement:

1—Eight arrests in New York as the result of heavy shipments of liquor to inland points in trucks.

2—Tour of Assistant Secretary of the Treasury Andrews to Canadian border points to repair leaks in the roof.

3—Reports of warnings to Canadian rum-runners that they will be fired on in American waters or the Great Lakes.

4—Completion of formalities on a treaty between the United States and Canada regarding smuggling.

5—Impending shakeup under which all prohibition agents will lose their jobs and many will be hired over again.

In behalf of the wets there developed these moves:

1—Reappearance of rum fleet off the north shore of Massachusetts.

2—Efforts to hold up salary of Prohibition Commissioner Haynes because of his employment of a woman lecturer on prohibition.

A sales organization that retailed liquor at the rate of 20 trunks a day to 20,000 customers throughout the country has been smashed in New York. One woman and seven men comprising the head office force were arrested yesterday.

Federal Attorney Buckner described the organization as the biggest bootleg uncovered since the apprehension of Mannie Kessler. Kessler was on his way to his home here today from the Atlanta penitentiary after serving two years and paying a \$10,000 fine for the alleged withdrawal of more than \$500,000 worth of liquor from bonded warehouses.

The Association Against the Prohibition Amendment has addressed a letter to Comptroller-General McCarl requesting him to withhold the salary of Commissioner Haynes until the treasury has recovered about \$11,250 paid to Miss Georgia Hopeley. The association charged that Miss Hopeley who recently resigned had been employed as a prohibition officer but had been assigned to touring the country lecturing on prohibition.

Three rum ships driven off New England's rum row by the recent dry blockade have returned with fresh supplies, and four destroyers, supplemented by a flotilla of smaller craft, have swung into action. The latest arrivals are far at sea, off the north shore of Massachusetts, considerable distance from the summer White House.

KUBLI RESIDENCE IN JACKSONVILLE SOLD TO J. A. LITTLE

"The old Kubli residence property on South Oregon street was sold last week to J. A. Little, a recent arrival from Minnesota," says the Jacksonville Post.

"Mrs. E. J. Kubli came out from Portland a few weeks ago to pay her old home a visit and to sell the property before returning. Many buyers came, but no bargain was made because there are memories associated with the place which made her reluctant to see its ownership pass from the family. The Kubli family played an important role in business and social activities of those earlier days in this city, and no one can describe more entertainingly the outstanding incidents of those days when Jacksonville was a metropolis with a Chinatown, two breweries and thirteen saloons—when the famous Madame Holt in her fine hotel played hostess to the elite of the land.

"Mrs. Kubli's daughter, Mrs. Metcham (Valene), Mrs. Watson (Ella) and Mrs. Kilham (L. W.), who have taken turns keeping their mother company during her stay here, have unearthed many valuable relics of early days. There is an old safe which had not been opened for many years and Mrs. Kilham was the only one who remembered the combination. The opening of the safe brought a surprise as it contained valuable papers which the family had given up as lost.

"Then there is a fine old square piano—the one used by the girls and their brother in their contest which resulted in the latter being declared the best pianist of the family. An old dresser is to be shipped to Portland and kept in the family. This dresser was bought in California and carried in pieces by pack train over the mountains to the Kubli home when the late Kasper Kubli was engaged in business in Applegate.

"Though the Kubli home is sold and other interests have taken the family away, Mrs. Kubli and her children on every occasion show a deep interest in everything pertaining to the welfare of Jacksonville."

DOUBLE HEADER PLAYED TOMORROW STARTS AT 12.30

The stage is all set for a real baseball game tomorrow afternoon at 12:30 p. m., when Copoo faces the strong Rogie River team. However, the Copoo followers are all confident since it was announced that Dick Miller will do the hurling, and John Wilkinson will be back at second base. Old ace is creeping upon John and it is for this reason that he can only play about one full game a month. Nevertheless, when he gets out on the diamond in a uniform, the fans know that they can expect good baseball. The rest of the power producers line-up will be as follows:

Opp. c; H. Miller, 1b; King, ss; Clark 3b; Oliver, lf; Guiley, cf; Rob, 2b; rf.

It will be noted that some changes have been made in the line-up, the shake-up being due to the loose playing of last Sunday against Phoenix. The reason for the early starting time tomorrow is to permit the Hornbrook-Oregon game to be started on schedule—2:30 p. m. with such a good offering of baseball, with this double-header, accommodations are being arranged for an exceedingly large crowd.

The probable lineup for the O-O team will be as follows:

Foley, p; Childers, c; Dunn, ss; Tozier, 1b; Hart, 2b; Robinson, 3b; Antle, lf; Woods, cf; Greene, rf.

Batteries for Sunday's game will be Foley and Childers for the Oregon-Oregon nine, and Jones and True for Hornbrook.

FAMOUS COAST COMEDIAN HERE TO TACKLE FISH

C. Wm. Kolb of Centerville, Calif., of the popular Pacific coast team of theatrical comedians, Kolb & Dill, and Bill Hayward, the well-known former athlete and coach of the University of Oregon, arrived in the city late last night from a fishing sojourn at the McKenzie river near Eugene, to spend several days fishing in the Rogue in this vicinity. During their stay they will make their headquarters at the Hotel Medford.

This morning they tried out their luck at the high banks, without landing any steelhead. Late in the afternoon, Messrs Kolb and Hayward returned to the city to get their bearings from Wm. F. Isaacs, who sent them to another location on the river this afternoon. Tomorrow Mr. Isaacs will take the visiting fishermen in personal charge, probably taking them out to his lodge on the river late tonight, and hopes to steer them into plenty of piscatorial sport.

KLANSMEN FLY TO AVERT SPLIT IN DENVER CLUB

DENVER, Colo., July 18.—(A. P.)—The Denver Times today says that three executives of the Ku Klux Klan from Washington, D. C., as a result of the reported action of the Denver Klan last night in voting to secede from the national organization.

William Zumburn, national attorney for the Klan, and two other executives whose names were not divulged, are the officials who will arrive here tomorrow, the newspaper says.

The action, the Times says, came after Denver Klan officials received a telegram from Hiram Wesley Evans, imperial wizard, advising them all money and property of the Klan was to be held and released only upon signature of national officials.

The Rocky Mountain News today declared that the secessionists voted to join an organization known as the "Minute Men of America," which was incorporated here recently immediately after they withdrew, and elected Dr. John Galen Locke, grand dragon of the Colorado Klan, to head the body. The Times says that 14 other local Klan organizations took similar action last night, surrendering their charters to the national body.

The papers also declare that a portion of the Denver klansmen have decided to "stand pat" and continue as a part of the national body. Recently Denver papers declared that Dr. Locke had been requested to resign as head of the state body by Atlanta, Ga., officials, but remained in office when klansmen protested against his removal.

Dr. Locke recently served a ten-day jail sentence and was fined \$1500 for contempt of federal court when he failed to produce his books for inspection in connection with an investigation of his income tax returns by internal revenue agents.

MARSEILLES, France, July 18.—(A. P.)—France is facing a serious situation in Morocco, General Strolious Naulin said today. He is the new commander in chief of the French forces fighting Abd-el-Krim's invaders of the French Moroccan zone and is enroute to the front to take active charge of the French campaign.

SMOULDERING FIRE AT GOLD STORAGE PLANT BURNS ON

When working men were welding in the vicinity of the brine tank in the plant of the Southern Oregon Pre-cooling and Storage company on South Front street last evening, they caused the six-inch lining of cork about the brine tank to burn, because of contact with the welding apparatus. After what they thought was a successful attempt to extinguish the blaze they left the building, but this morning the cork was again burning giving forth a thick heavy smoke.

The fire department rushed to the scene about 7 o'clock with the chemical car, but their efforts were of no avail after having spent an hour attempting to extinguish the smouldering cork. The Pole Hartford truck was sent out, but water pressure from the city mains was useless, as the cork was burning between the walls, keeping the water which hit the cork above from touching the fire below caused by the swelling of the cork with the contact of water.

The only solution of the problem was the drilling of a hole through the concrete wall surrounding the brine tank, giving access to the base of the fire. The hole had been finished about 2 o'clock this afternoon, but the fire was not yet out.

The cork blaze is centered in the northwest corner of the large brick building, with no chance of burning any other part of the structure.

Archie Ash, president of the company, states the fire is not serious and will not retard the opening of the plant for the fall fruit season.

DERN KNOCKS OUT B. EDWARDS AGAIN AND WINS MATCH

PORTLAND, Ore., July 18.—(A. P.)—Knocked out and carried from the ring for the second time in one week, was the fate of Billy Edwards, Kansas City, who met Ira Dern, Salt Lake, in a sensational return wrestling bout last night. They are light-heavyweights. After losing the first fall to Edwards on a headlock, Dern, with a body scissors clamped on him, rose to his feet, locked his arms about Edwards' legs and catapulted Edwards backwards onto his back so violently, the latter was knocked cold and had to be carried from the ring. Edwards was unable to resume and Dern was awarded the decision. Edwards got a decision over Dern Wednesday night on a foul when Dern struck Edwards with his clenched fist.

J'VILLE AND PHOENIX TO PLAY SUNDAY

What is expected to be a real battle will take place next Sunday at Eagle Point when the baseball nines of Jacksonville and Phoenix will cross bats at 2:0 in the afternoon.

As both Jacksonville and Phoenix have beaten the California Oregon Power company team by approximately the same score, it is expected the scores will be very close. Bannister will catch for Jacksonville while Foley will pitch. A good attendance is expected.

The Bend baseball team is making a tour of southern Oregon during the first week of August, playing Jacksonville at the Holly street grounds on Sunday, August 2, as the latter team is the only one that accepted Bend's challenge issued to teams of southern Oregon.

AMERICANS WIN IN LONDON GAMES

LONDON, July 18.—(A. P.)—Prizes, which Loren Murchison, the American sprinter, won in the British A.A.A. championships at Stamford Bridge today, have been withheld because of dissatisfaction with his status as an amateur. The Newark flash won the 100 and 200 yard dashes, being the only competitor to win more than one event.

LONDON, July 18.—(A. P.)—American track athletes from the middle west ally aided by the eastern sprinting flash, Loren Murchison of the Newark, A. C., took a full share of honors in the annual British amateur Athletic association championships concluded at Stamford Bridge this afternoon.

Harold Osborne, outstanding star of the invading team from the Illinois Athletic club, won the high jump with a brilliant leap of six feet, four inches besides placing in others of the nine events in which he was entered.

Murchison raced home to win both dashes, taking the 100 in 9.2-10 seconds and the 200 in 21.3-5 seconds.

was too much for the Giants who gleamed but four hits off him while the Cardinals collected a dozen hits off a trio of New York twirlers, for an easy victory.

Young Hafey, who was recalled by the Cardinals from the Syracuse club when Blades was injured, got four hits in five times at bat and scored two runs.

Caveney, Reds' shortstop, had a busy day in the field against the Dodgers, handling sixteen out of seventeen chances. He participated in three double plays.

Ed Rousch, Cincinnati outfielder, collected four hits against Brooklyn, and scored two runs.

Combs returned to the Yankee lineup and smashed out four hits in five times up, scoring three runs which helped down the Indians.

Walter Johnson, speedball star of the champion Senators, has staked out an eight and a half acre claim near Battery Park, for a chicken farm when he finally decides to give up baseball.

OLD TIMERS AGAIN LEADING IN RACE FOR BATTING HONORS

CHICAGO, July 18.—(A. P.)—History is repeating itself today in the dash for the 1925 league batting championship. Back in 1916, Tris Speaker, gray haired leader of Cleveland, playing his first season with the Indians, beat out Ty Cobb after the Detroit star had held the honors for nine consecutive years. Speaker finished the season with .386; Cobb batted .371. Today these famous rivals are battling for the lead with Speaker leading on every trip to the plate. Cobb is batting .406; Speaker .401. Harry Rice of St. Louis is third with .399. Harry Heilmann of Detroit, fourth with .393 and George Sisler, pilot of the Browns, fifth with .369. The figures include games of Wednesday.

Ken Williams of St. Louis is threatening to chase Babe Ruth out of the picture as leading home run hitter. He has connected with 22, passing Muesel of the Yankees for the home run honors of the league.

Johnny Mostill of the White Sox added three more stolen bases to his lead of 29.

Rogers Hornsby, back in the game after an injury, did not lose his eyesight while on the bench. In fact, the National league batting champion is as dangerous as ever remaining at the top with an average of .427. Wilson of the Phillies is second with .393.

Hornsby lifted one over the fence this week, giving him a total of 23 homers, two more than Hartnett of the Cubs. Hornsby has considerable edge in total bases. By cracking out 114 hits, the youthful pilot of the Cardinals has rung up 214 bases.

Max Carey of the Pirates broke the tie shared with Sparky Adams of the Cubs for the base stealing laurels. Carey went into the lead with nineteen. Sparky has seventeen.
