The first arrests of women on charges of angling without license, since the law became effective providing that all persons over 16 years of age must have licenses to fish, were made last week at East Lake when Mrs. E. L. Jones of Burns and Mrs. O. H. Gray of Bend, were fined \$25 each. This law provides that women as well as men must have licenses to fish became effective May 23, and was one of the new laws passed by the state legislature. Game commission officers believe that the women have been given long enough to be familiar with the law and warden have been instructed to enforce the measure.
