

RECORD BREAKING LIST OF VIOLATORS NABBED BY COPS

Through the efforts of state traffic officers J. J. McMahon and C. P. Talent, 16 violators of state traffic laws were brought to justice yesterday in the justice courts of Justice G. O. Taylor of this city and Justice Roe of Jacksonville. Twelve of the cases were heard before the latter, while the remaining four were heard before the former. Of the 16 cases, 12 involved fines, 2 were balls forfeited, another a bail to appear in court this week and the last one a dismissal.

Eight of the violators were arrested by McMahon. The first one was J. O. Reed of Medford charged with speeding on the Crater Lake highway. On his plea of guilty he was fined \$15. Richard Scott of Klamath Falls was fined on two charges, one of which was the failure to give right of way with his truck on the Green Spring mountain road, and the other failure to carry a mirror. Luther O. Gillam was fined \$15 for speeding on his plea of guilty. R. J. Singler, a local man, was assessed \$20 for driving at an abnormal speed on North Riverside avenue. A. H. Miller of Bellingham, Wn., forfeited \$25 ball because of failure to appear in court on a charge of speeding. J. F. Kistler was fined \$15 for speeding on the Crater Lake highway, and for hitting an automobile driven by George Cottrell, while he was attempting to pass it. Enos Asham also paid \$20 to the state for speeding on the above mentioned highway. Alfred Davis, a local youth, pleaded guilty to a charge of speeding on Medford streets at the rate of 30 miles an hour and cutting corners. He was fined \$20 and suffered the suspension of his operator's license for 30 days. This was Davis' second offense.

State Traffic Officer C. P. Talent arrested the other eight, the first one was L. C. House, who pleaded guilty in Judge Taylor's court this morning to a charge of speeding and was fined \$10. F. P. Darby of Hillsburg, Cal., put up a ball of \$25 to appear in court next Saturday to answer a charge of speeding on the Pacific highway. George Sherwood of Hollywood forfeited a \$25 ball for non-appearance to answer a plea of guilty charges placed against him. W. W. Fosdick of Concord, Calif., was assessed \$15 on a similar charge. Miss K. A. Symons of Dayton, O., was fined \$15 on a plea of guilty to speeding on the Crater Lake highway. W. B. Thompson attempted to drive to the city on the same road with no lights. He was arrested and fined \$20. Officers say if he had called for their assistance before he made the attempt they would have escorted him into town. D. V. Fleming of Gold Hill was fined \$10 because of reckless driving when he struck a car belonging to Sam Chisholm at Gold Hill. The case against N. R. Attard, a stage driver, for driving a jitney without a proper tail light was dismissed because of the fact that the light was completely broken in such a manner that it could not be repaired when the officer requested it.

MEDFORD DOKKIES WIN 1ST PRIZE

George Hunt of the Hunt Amusement company received a wire this afternoon from Wilson Waite saying that the Medford Dokkie band of which Waite is the leader, won first prize in Class A at the D. O. K. northwest convention in Aberdeen, Wash., today.

This news will increase the enthusiasm for this local musical organization, which has improved so rapidly in recent years and has reflected so much credit upon the city. The Mail Tribune also received a telegram from Harry G. Hortman, from Aberdeen, this afternoon, stating that the band had won first prize.

2 SMALL FOREST FIRES IN COUNTY

The forest fire situation in the Crater National forest is still satisfactory, no new fires having been reported for the past several days, and but two have been reported to the forest service office as burning on state land.

One of these is near Brownboro, covering an area of several acres, and the other in the Applegate country, both being put under control before they had caused any serious damage. The Brownboro fire, which was but two miles east of Eagle Point, destroyed two rows of bearing pear trees and several acres of reproduction. The Applegate fire, which was near Rastra creek, was caused by a careless camper who had left a camp fire burning against a large log, but was brought under control before it had reached any size.

Jim Barnes Leads
PORTLAND, Aug. 4 (A. P.)—In the exhibition foursome being played on the Portland Golf club course, Jim Barnes, British open golf champion and Captain Carter of Dublin, Ireland, were one up on Rudolph Wilhelm and John Junger, at the end of the first nine holes of play.

Barnes had a medal score of 35, while Captain Carter, Wilhelm and Junger each turned in a 26.

FORCED BY HUNGER TO ROB GARDENS, HOBOES RELEASED

When hunger became so strong that not even the law could stop them from eating, three men, who gave their names as Shuck, Klaser and McCusker, and their home as Newport, attempted to secure food from the vegetable garden of Mr. and Mrs. C. M. Parker, an elderly couple who live on the Pacific highway a short distance from the Owen-Oregon logging railroad, last night about 10 o'clock. The three men, one of whom was gray-haired, were in the act of digging potatoes when Mr. and Mrs. Parker confronted them with a shotgun telling them to put up their hands.

A passing motorist seeing the situation rushed to the police station and left the information that a holdup was in progress north of the city. Night patrolmen Leggit and Cave promptly arrived on the scene, and took the three men in custody, lodging them in the city jail for the night. The three men, all of whom had wives and together were the fathers of eight children, claimed they were completely bankrupt. When Mr. Parker arrived at the police station this forenoon, he decided to place no charge against them, and consequently the men were sent out of the city with their families, driving two old decrepit Fords. The men said they were forced to steal as they had asked for assistance, but none was forthcoming, and they had expected to work next week during the annual fruit harvest.

LOCAL RUNAWAYS RETURN TO HOMES, PUT ON PAROLE

ROSEBURG, Aug. 4 (A. P.)—John and Arthur Hunter, 12 and 14 years of age, who ran away from home on Saturday and were picked up by county officers near Myrtle creek Sunday, were returned to their parents, Mr. and Mrs. E. R. Hunter at Medford this morning. The boys were given a lift by a tourist, but at East Haven auto camp the boys were seen by Miss Etchard, county juvenile officer, who became suspicious that they were runaways, and upon questioning the tourists and finding her supposition to be correct, ordered them turned over to the Roseburg police. They were held until the authorities could get in touch with their parents. Transportation was received for them this morning, and they were sent home by stage. The older boy had \$44 in his possession when picked up. Three boys between the ages of 12 and 15, who had run away from their homes in and around Medford, came home today, not of their own accord, but because police officials had forced them.

Gilford White, a 13 year old boy of Jacksonville, arrived in the city aboard a stage from Woodland, Cal., where he was stopped by officials. Chief of Police Adams paroled the boy to himself, making it necessary that he report to the chief periodically. According to the boy's story, he was picked up near Phoenix by two men in a large car who took him to Ashland that night, where they purchased him a new pair of overalls and shoes, proceeding the next day to Woodland. There he left them to think over the situation whether it would be best to return home or continue on his adventure. During that time city officials of Woodland apprehended him promptly, sending him to Medford. The boy promised the chief to obey the rules of the parole, and that he would stay with his uncle, E. A. White, who is a stage driver between this city and Roseburg.

Two boys, William and Robert Hunt, aged 12 and 15 years, were returned to Medford this afternoon by Roseburg officials to their father, E. R. Hunt, who lives on the Griffin Creek road. According to their story they left home to join their brother who lives in Canada, but they had only progressed as far as Roseburg when their progress was intercepted by officials of that city. They were given a severe reprimand by the chief upon their arrival.

TEXT BOOKS CAN'T BE CHANGED NOW ATTY. GEN'L. RULES

SALEM, Aug. 4.—The state text book commission yesterday failed to clarify the situation which it faced, and the only definite result of the meeting was an opinion of the attorney general ruling neither Superintendent J. A. Churchill nor the text book commission has authority under the law to change the text books at this time as one third of the books were changed last November and the second one-third cannot be changed until November, 1926. In the face of the opinion the commission adopted a resolution that the two thirds of the text books not considered last November should be adopted in open competition.

An effort was made to bring the controversy to a conclusion by a motion directing Mr. Churchill to notify publishers that the commission would meet in Salem, August 20, for the purpose of adopting text books in the subjects for which contracts have expired. Representatives of the publishing firms will be given a definite amount of time before the commission and to present such books as may be considered. Mr. Churchill declared he would be governed by the ruling of the attorney general and would act accordingly. This is in opposition to the desire of the commission which may resort to mandamus proceedings in order to set the entire matter settled by the courts, it was intimated.

D. O. K. K. CONVENTION INVITED FOR 1926

The Medford Chamber of Commerce, through the local delegation of members of Puhat Burkan temple, D. O. K. K., attending the annual northwest convention being held at Aberdeen, Wash., this year, has extended an invitation to the Pythian lodges of the northwest that this city be selected as the convention city for 1926. A letter was written by the chamber to the grand lodge, setting forth the adaptability of this city to the needs of such a meeting and telling what it has already done in the way of entertaining conventions and other big events during the past year.

JURY FAILS TO AGREE IN MAX BROOM CASE

EUGENE, Aug. 4.—Jury disagreement was reported yesterday in the case of Mark Broom, on a charge of possession of liquor. It is expected that the state will try the case again. The hearing was held in the justice court. Today Broom will be tried on a charge of transportation of liquor. He was recently indicted on six counts.

SCHOOL TEACHER MURDER MYSTERY STILL UNSOLVED

MATTOON, Ill., Aug. 4.—(A. P.)—Whether Miss Anna Stollman, 48 years old, former Cincinnati school principal, took her own life by poison or was murdered is as much of a mystery as it was last Saturday when her body was found in the cellar of the farm of her sister, Mrs. Thomas Seaman, near here.

Three days of investigation of the tragedy have thrown no light on the motive for the death. Finding and deciphering of notes found with the body served only to complicate the tangle.

Mrs. Seaman, who with her husband took the body to Cincinnati for burial yesterday, is confident her sister committed suicide. Important to the murder theory are some thirty-odd scrawled and printed letters, most of them attacking Miss Stollman. Some of these notes, made public by P. S. Schilling, Coles county coroner, were partly undecipherable. One of them said:

"You are as common as dirt and are a regular snob. Your horse is a nuisance and keep him where he belongs."

Another read: "We felt sorry when we saw you cry and felt we made a mistake to make a goat of you. We are on our way to Chicago and want to say three times someone has followed your buggy out of the cornfield."

One note, believed to refer to written demands for money, said:

"Look under your front door for the check. So sorry we made a goat of you."

Friday night Seaman and Miss Stollman remained at home during Mrs. Seaman's absence on a boat trip on the Mississippi river. The body was found about 7 o'clock Saturday by Seaman after Miss Stollman had been dead not over three hours.

Time to Spray for Coddling Moth

The second brood of coddling moth are working at this time, and will continue all through the month of August. Due to the fact that picking of berries has been generally delayed for a week, it is highly important that this fruit be kept thoroughly covered. Fruit that has not been sprayed for three weeks should be sprayed at this time, even though picking is to start next week. The second brood of coddling moth are especially bad on fruit and lots of pears are wasted on accounts of the young worms just entering the fruit at picking time.

It is best to use the casein sprayer at this time in order to spread the lead evenly over the fruit. All other varieties should be sprayed at this time also.

C. C. CATE, County Agent, Jackson County, August 4, 1925.

ASHLAND BAPTIST CHURCH WINS IN FIRST DECISION

The Ashland Baptist church of Ashland, won a legal skirmish over the First Baptist church of that city, in an order handed down last week by Circuit Judge C. M. Thomas, denying two motions of the defense, filed on July 3, last.

The defendants, upholders of the "Aimee McPherson Four Square Gospel," in the motions asked that the Ashland Baptist church, upholders of the established Baptist faith, "set forth in particularity" in their complaint, the difference in the tenets and faiths of the two bodies, and asking for the authority, by which rules of faith were mandatory.

The other motion asked that the use of words "proselyting," "hypnotic influence," and charges that members of the established church had been denied admission to the church, be stricken out as "irrelevant, immaterial and sham."

While the motions were pending before the court, members of the Established church "seized" the church from the Four-Square Gospel wing, after they had retained possession since the start of the schism last winter. The regulars were standing guard over the property, when the property was first retaken. The other faction deplored the action, but announced they would take no steps to rout them, and have been holding meetings on the lawn of one of their members.

The case which has attracted wide spread attention, through church circles in the state, will probably be set for trial at the fall term of the circuit court.

Tonight! A Summer Treat

For Dessert
Serve Your Favorite Fruit in Jell-Well

Clip this ad and mail for FREE Recipe folder. Inset on Jell-Well in the Red-Bird

A light lunch and delicious cool drink —prepared in a moment

DURING the hot weather when you want a light digestible meal—or a cool refreshing drink between meals—that's no trouble at all to prepare—

Mix yourself a glass of Borden's Malted Milk—the improved kind.

All you need is some cold milk—a few heaping teaspoonfuls of Borden's Malted Milk—a quick stir of the spoon—and you've got a delightful summer drink that is as nourishing as a light meal.

Made in a minute, yet as satisfying and refreshing as if it had taken hours to prepare—a perfect boon to the whole family in hot weather.

Borden's has the preference—because it is made by a special process that gives it higher food value, greater digestibility, better flavor than any other malted milk.

Your dealer sells it in 7 and 15-oz. glass containers, and 5-pound tins. Be sure you ask for the square package. The Borden Company, Borden Building, 350 Madison Avenue, New York, N. Y.

N.P. HANSEN

"I Was Cured of Stomach Trouble After 20 Years of Suffering"

"I suffered for 20 years from stomach trouble, during which I doctored constantly," said N. P. Hansen, 6908 S. Astor St., Tacoma, Wash. "A friend told me of this great remedy and how it was guaranteed to cure stomach trouble, but I was not convinced. I had tried so many treatments and found them all unavailing that I became discouraged and disheartened. When I learned that Moorite was an acknowledged stomach remedy I decided to give it a trial.

"That was 18 months ago and it seems like a dream to me that I have been so well and strong since. Despite the fact that I am 60 years of age I am proud of the fact that I am able to do a hard day's work in my blacksmith shop.

"I am glad to tell how I regained my health. It is great to feel as I do now—not to have one ailment. I can thank Moorite for restoring me to perfect health."
