S. P. AGREES TO EUGENE'S PLAN FOR TERMINAL

EUGENE, Aug. 4.—Definite announcement that the Southern Pacific railway company will accept the proposed terminal site northward of Eugene was made last evening at a special meeting of Eugene citizens. The promise of acceptance was contained in a letter from F. L. Burekhalter, first assistant general manager. The text of the letter was: "The Southern Pacific stands ready to exchange about 255 acres of land it owns in the vicinity of Springfield for about 265 acres of land you offered us in the vicinity of Eugene on the basis agreed with you. "If you will cause said lands near Eugene to be conveyed to us within a few months, we will, as agreed, promptly provide track and repair shop facilities necessary for establishing terminal for train and engineers, and thereafter establish such terminal, and also construct timber treating plant on the property." The terminal, under the plans previously announced, would cover facilities for the Shasta route (main line of the Southern Pacific in this district) and would also provide for the Coos Bay Branch and the Eugene-Klamath Falls cut-off. In order to provide for the terminal site, a bond issue of \$175,000, has been proposed for the city of Eugene. A committee of more than 100 representative citizens was named yesterday to further the plans for the passage of the bond issue. The bond election will be held August 18. The estimated initial investment for the proposed terminal is said to be \$1,250,000 and the monthly payroll more than \$100,000.
