

STORE IS ROBBED FOR NINTH TIME

ROSEBURG, Aug. 6.—Wilder and Agee clothing store in this city was robbed last night of merchandise valued at more than \$1,000. The robbers, evidently two of them, backed a car up against the rear end of the building and loaded in thirty or more suits of clothes, four or five pairs of shoes, at least two dozen silk shirts, underwear, pajamas, four dozen pair of gloves or more and other articles of clothing such as socks, neckties, etc. Entrance to the store was gained through a skylight, and the robbers then opened up the rear entrance and made several trips to the car with their load, their footprints indicating that they worked for some time gathering up their loot.

Last night's robbery was the third loss for the Wilder and Agee store this year. It was robbed early in the spring by Lee Duncan and two companions. Duncan is now serving terms in the penitentiary for five robberies in Roseburg, and an attack on his jailor, the attack having resulted in his sensational escape and recapture late in the month of April.

Two months ago the clothing store sustained another loss from fire, water and smoke when an adjoining building was gutted by fire.

The robbery last night was the second for this year and the ninth since the store has been established.

Officers are inclined to believe that the robbery was performed by the two men who accompanied Lee Duncan on his first visit to Roseburg. At that time there were known to be three men implicated. Duncan was captured at Marshfield, but the two men, who were with him were never located. Tracks found near the clothing store building this morning, correspond closely to those of the robbers, made in the early spring.

Record Business
Ford Motor Co.
For July, 1925

DETROIT, Aug. 6.—During the month just ended the Ford Motor company did a record July business in every division, it was today announced at the Highland Park general offices. Domestic sales of Ford cars and trucks totaled 167,626 in July, exceeding by 6182 those of a year ago; sales of Fordson tractors were more than 3300 greater than last year and 207 more Lincoln cars were delivered to customers during the month than in the previous July.

On the basis of branch reports received early in July, the company anticipated an increased volume of business, and while it predicted that summer buying would rise to a higher level than usual, the demand for all Ford products during the month exceeded expectations.

The outlook is for increasing business in August. One of the chief indications of this appears in agricultural sections of the country, where farmers are coming into the market with rapidly growing numbers. Evidence of this is found in the remarkable sale of Fordson tractors during July.

MISSISSIPPI COLLEGE AFTER SHY HUNTINGTON

EUGENE, Aug. 6.—Mississippi college, at Clinton, Miss., is seeking Charles "Shy" Huntington, former University of Oregon football coach, to guide the gridiron destinies of that institution. An urgent communication was received by Huntington from the Mississippi institution, bearing the approval of the president of the institution, but Huntington is still undecided as to his action in the matter.

Knowing that Huntington is in business here, the southern college went so far as to shorten his contract to cover the football season only, so that he might return to Eugene after the season is closed.

Miss Ederie Ready To Start
BOULOGNE, France, Aug. 6 (A. P.)—If the weather continues to improve Miss Gertrude Ederie, the American swimmer, will begin her attempt to swim the English channel at 10:20 o'clock tomorrow morning, starting from Cape Gris Nez.

Bids for Grading.
Notice is hereby given that the Board of Directors of School District No. 49, Medford, Oregon, will receive bids for the grading, crowning and draining of new High School athletic field. Information regarding yardage, length of haul, etc., may be obtained at the clerk's office.

Announcement.
I wish to state to the many friends of the late Martin McDonough with whom I cooperated in the past, that I have taken over his insurance business, including that sterling old company, The Phoenix of Hartford, and bespeak from these gentlemen their cordial support and patronage, assuring them of the same efficient service and close attention to details, which distinguished my predecessor in the Medford agency.

ON BELGIAN DEBT TO U. S. A. MONDAY

WASHINGTON, Aug. 6.—(A. P.)—Negotiations for the refunding of Belgium's \$500,000,000 war debt to the United States, will be initiated next Monday between the American debt commission and the special Belgian commission which arrived last night at New York.

The Belgian commissioners will wait time for some further discussions among themselves before the first meeting with the Americans so that the formal negotiations probably will not get under way before next Monday. At that time it is expected both sides will make tentative and more or less informal suggestions for the terms of settlement of the \$430,000,000 debt.

The American commission today formally accepted the resignation of Elliott Wadsworth of New York, as its secretary, and elected Under Secretary Winston of the treasury in his place. It received reports from Winston and Representative Burton, Ohio, a member of the commission on their observations of financial conditions in Europe.

EAGLE PT. ASKS FOR STATE AID

SALEM, Aug. 6.—The Eagle Point irrigation district of Jackson county today applied to the state irrigation securities commission for a state guarantee of interest on the district bonds for 18 months in addition to the three and one-half year guarantee already granted by the state. If the 18 months additional guarantee is allowed it will make the full five year guarantee allowed by law. The district's bond issue is \$400,000. About 2500 acres of the project are under cultivation and 500 acres more will be under cultivation this year.

BALDWIN EXPLAINS COAL STRIKE ACTION

LONDON, Aug. 6 (A. P.)—Premier Baldwin faced a crowded house of commons when he arose today to more the government's supplementary estimate of 10,000,000 pounds sterling to finance the subvention plan in the coal mining industry.

The premier traced in detail the course of the negotiations leading up to the government's intervention in the dispute between the miners and the mine owners. He declared that while the government was reluctant to interfere, the affair came to a point where it was forced either to countenance a stoppage in the coal industry that would further depress Great Britain's trade, or find a way out.

The pictures of the Lewis-Munn wrestling match at the Craterian theatre are an eye opener to local mat fans and indicate that classical local affairs at Gold Hill, were more or less dainty. The high moments of the contest are shown, and in the first part of the film, Munn, a monster of a man, flopping Lewis on his hip pockets, and the number of deliberate bounces he took the first out of the ring. Munn won the first fall by slipping on a croth hold. The pleasures show how Munn weakened almost from the start of the second round, from the rabbit punches of his opponent and began to crumble from the time he slipped on a croth hold, and was unable to perfect it owing to being tangled up in the ropes. The third fall is thrilling and shows the relentless savagery of Lewis in applying his deadly headlock.

CRASHES, INJURED, BUT WILL RECOVER

BLOOMBERG, Pa., Aug. 6 (A. P.)—Harry A. Chandler, air mail pilot, whose plane fell into the Susquehanna river here last night, will recover from his injuries, physicians said today.

Chandler's skull was fractured, when his plane, its spinning gear tangled by uncut oats in a field from which he attempted to hop off, struck a tree top and plunged into shallow water.

The injured airman said he had lost his way on the westward flight, the last guiding beacon he had observed being at Phillipsburg, N. J. Flying low, he alighted in the oat field near here and dropped a magnesium flare, which attracted a number of persons from whom he obtained direction. The accident attended his attempt to regain flight.

PRESIDENT SITS FOR HIS PORTRAIT

SWAMPSCOTT, Mass., Aug. 6 (A. P.)—With the summer more than half gone, President Coolidge is taking advantage of opportunity for rest and relaxation and for the second consecutive day he had almost a vacant engagement list today. He is putting in his free hours posing for a portrait and enjoying the freedom of White Court with its sea view.

Mr. Coolidge gets in many minutes each day strolling about the spacious lawns of his summer home. It is quite likely that after going to Plymouth, Vt., for two or three days in a short time, he will return here to stay probably until early September.

Fame of Merrick Camp Reaches Eastern U. S.

The fame of Merrick's Motor Inn has spread across the continent as far back as the New England states, according to G. H. Towle, manufacturer of Log Cabin syrup of New Market, N. H., who arrived at the inn yesterday, accompanied by his family.

Mr. Towle, who is touring the country by motor car, stopping only at auto camps, in order to make the trip a thorough camping trip, said he heard of the local motor camp just as he had left New Market westward bound. He also stated that the camp fully lived up to his expectations.

The party, traveling in two large sedan cars, left this morning for Crater Lake, and will depart from the lake by way of Klamath Falls.

IN OREGON AND CHEESE UP ALSO

PORTLAND, Aug. 6.—Cheese prices are higher in all lines this morning, following the lead taken yesterday when Tillamook advanced a cent on both triplets and loaf. Mellowest cheese is up to 28 cents on triplets and 29 cents on loaf, in the local wholesale market. The advance in Tillamook brings triplets to 29 cents and loaf to 30 cents a pound, Portland. Other Oregon makes are also higher today with triplets ranging from 26 to 27 cents and loaf from 27 to 28 cents.

Effective at the opening of trade Friday morning sugar prices will be 15 cents higher in the wholesale market. Best cane granulated will be quoted at \$6.20 and beet at \$6 a sack. A year ago today sugar was selling at \$7.45 a sack for the best cane.

Cube extras have reached the 50 cent level in the local butter market, an advance of another cent of previous quotations and a new high level for the season. Last year at this time extra cubes were quoted at 29 cents on the local exchange. Standards are a half cent higher at 49 cents, prime firsts a half cent lower at 47 cents and firsts are unchanged at 45c.

VICE-PRESIDENT DAWES STOPS DAY IN COLORADO

COLORADO SPRINGS, Colo., Aug. 6 (A. P.)—Vice President Dawes and party arrived here today after a week spent at the Wagon Wheel Gap ranch of Colonel A. E. Humphreys of Denver.

After spending the day here the party will leave at 8 o'clock tonight for Lincoln, Neb., where the vice president speaks tomorrow night. While here Mr. Dawes will be the guest of Miss Ann Douglas, his cousin, and the Rev. James Douglas, who was chaplain in his army regiment during the World war.

Klamath Man May Lose Eye As Result Of Rifle Accident

KLAMATH FALLS, Ore., Aug. 6.—Roscoe Largent, a cook, may lose the sight of an eye and possible permanent injury to the other as the result of an explosion of a defective rifle bullet while he was shooting at a target near Henley late yesterday afternoon. The breach of his rifle was blown out, the bullet straggling his temple and the powder being imbedded in his eye. The injured man will be rushed to San Francisco this morning for an operation in the hope of saving his sight.

BOSTON WOMAN WITH PERJURY

BOSTON, Aug. 6 (A. P.)—The hearing of the case of Mrs. Ida Blankenburg, who claims to be the daughter of Lotta Crabtree, and is endeavoring to obtain a part of the famous actress' fortune left for philanthropic purposes today was continued until Monday by Judge Prest at the request of defense counsel to enable him to make a more complete examination of specifications filed by Assistant Attorney General Weston.

Judge Prest declared that on Monday Mrs. Blankenburg must be prepared to face not only charges of perjury but also of obstructing justice in his court. She came into court, he said, bringing a fraudulent claim of kinship and knowingly and willingly supported that claim by perjured testimony, not only in one case, but in many.
