

### SPokane Brothers Prove Sensation in Golf Tourney

GARDEN CITY, N. Y., Aug. 6.—(A. P.)—Players in the national public links golf championship at the Salisbury country club today were up against two Walls—Johnny and Jimmy of Spokane, Wash.

Johnny, a little curly haired fellow, came through the first round by defeating the medalist, Nelson Davies of Cleveland, four and three, while Brother Jim, fighting along in the other bracket, ousted A. B. Brodbeck of New York, two and one. There is the possibility, therefore, that the brothers from the Pacific slope, will meet in the finals.

Other favorites, including Dick Walsh of New York, Walter Murray of St. Louis and Ray McAniff of Buffalo, survived the opening round of match play. Murray and Walsh clash in the second round.

GARDEN CITY, N. Y., Aug. 6.—(A. P.)—Johnny Wall of Spokane continued his march through the second round of the national public links golf tournament at the Salisbury country club course today, eliminating William Bath of Newark 3 and 2.

For six holes the battle was the tightest yet fought, both turning in par golf to stand off his opponent. Then came the break and Wall took the lead, never to be headed. The Newark man won only one hole in the eighteen.

Dick Walsh of New York also survived the second, beating down a strong opponent in Walter Murray of St. Louis, who stood third in the qualifying list, by two and one.

### Klamath Cattle Thief Sentenced

PORTLAND, Aug. 6 (A. P.)—Harry Gooderham, a resident of McCloud, Calif., for the past 15 years, was today sentenced by Federal Judge C. E. Wolverton to a two-year term in the McNeil Island penitentiary following his plea of guilty to a charge of cattle rustling on the Klamath Indian reservation.

Gooderham was charged with running the cattle off the reservation and mortgaging them to the First National bank of Bend for \$300. He was arrested when preparing to ship the cattle to Portland livestock dealers.

In his plea of guilty he told the court, "this is the first time in my life I have ever done a dishonest act."

### 3 Gunmen Shot by N. Y. Police

NEW YORK, Aug. 6 (A. P.)—One gunman was killed and two others probably fatally wounded after they had raided a Harlem dice game today. The three were shot by police as they attempted to escape after lining 70 men against a wall and collecting several thousand dollars in money and jewelry.

### AGRICULTURE IS GIVEN 1ST PLACE IN WASHINGTON

TACOMA, Aug. 6 (A. P.)—Agriculture was given first place in the annual address of J. J. Donovan of Beltingham, president of the Washington state chamber of commerce, in his discussion of important state problems at the opening of the two days convention of the chamber at the Winthrop hotel here this morning.

"The greatest potential wealth of Washington is its millions of acres of decomposed basalt and volcanic ash east of the mountains, awaiting water and the other millions of logged off and swamp lands west of the mountains awaiting the stump puller and drainage," he said. "When these lands are fully occupied there will be a safe foundation for our cities. We want intelligent owners, not tenants, on these lands, combining in co-operative associations for the proper marketing of products."

Mr. Donovan declared "any attempt to arrest the agriculture development of Washington will prove as futile as Canute's sweeping back the sea."

"Federal taxation has decreased, state, county, city and school taxation has increased since the armistice," he said. "No one desires to cripple growth nor interfere with legitimate development, but we have spent all the taxes we could raise for public purposes and in addition placed heavy bond burdens on posterity."

Delegates are present from all parts of the state.

### WILLS IS OFFERED A MATCH WITH TUNNEY

NEW YORK, Aug. 6 (A. P.)—An offer for a 15-round match between Harry Wills and Gene Tunney, leading heavyweight title contenders, at the Polo grounds, September 23 or 25, was taken under advisement today by Paddy Mullins, manager of Wills.

Mullins expressed himself as well satisfied with the offer, but the terms of which were not disclosed, but said he desired to communicate with Wills, now in Germany on an European tour, before making any decision. Mullins promised to give promoters of the Polo Grounds Athletic club a definite answer by next Monday.

### MAY WAKE UP IN JAIL

(Continued From Page One)

There were some shadows on Mary's happiness.

Reports which she ascribed to gossiping neighbors had it that she was 21 years old and not 18, as she and Mr. Browning claim; that she had been engaged to a dentist and that her parents are not poor but own part of a \$60,000 apartment house and an automobile. Her sister, Mildred, 23, in a Denver sanitarium, suffering from tuberculosis. Mary admitted being in the movies as an "extra" two days and that she had registered at booking offices of a motion picture as "Mary Starr."

DENVER, Colo., Aug. 6 (A. P.)—Mildred Spas, sister to Mary Spas Browning, adopted daughter of the New York millionaire, entered Agnes memorial sanitarium here May 19, 1925, for treatment for tuberculosis. She gave her address at 2929 Wilson avenue, Astoria, Long Island, N. Y., and her age as 23 years.

Reports from the sanitarium to the state board of health disclosed these facts.

The report added further that she was a furrier by trade.

The name of her parents was not given.

Records show that she was born in Ceccho-Slovakia, but the date and place of birth were not given.

Her financial status was listed in the report as "fair."

She came to Denver May 16.

### PEPPERMINT CROP IN OREGON SOLD AT RECORD PRICE

SALEM, Aug. 6.—D. J. Fry has just purchased the crop of the Oregon Peppermint association in the Labish section at the rate of \$11.05 a pound for oil, by far the largest price ever paid in the history of the industry. When it is realized that \$4.10 was the top price last year and the price generally runs from \$3.50 to \$4.00 a pound, the magnitude of the present year's price becomes apparent.

It is estimated that the association will produce about 2000 pounds of oil, which is in the process of distillation now. Peppermint produces from 20 to 30 pounds of oil to the acre, which means about \$320 an acre for the grower who has a good crop.

The enormous price paid this year is due to frosts in the east and a poor crop last year which has reduced the available supply materially.

PHILADELPHIA, Aug. 6 (A. P.)—Samuel D. Warriner, chairman of the anthracite operators conference, in a reply made public tonight to the last communication of President John L. Lewis of the United Mine Workers, said that "in spite of the terms of his letter and the breaking off of negotiations, he was hopeful that means would be found to compose the difference between them and avoid a suspension of production."

"Every consideration demands that this be done," Mr. Warriner added.

Mr. Warriner wrote that Mr. Lewis' statement that the operators negotiating committee is under instruction to refuse concessions is untrue and said that "the operators committee is no more bound by instructions than your committee is bound by the demands adopted by the Scranton convention."

### COAL OPERATORS STILL HOPEFUL AVOIDING STRIKE

### COLUMBIA RIVER TO HAVE BRIDGE, CASCADE LOCKS

WALLA WALLA, Aug. 6.—The Oregon and Washington shores of the Columbia river at the point where Indian legend says once stood the "Bridge of the Gods" are soon to be connected by the hand of man. It was revealed here today by local incorporators of the Wauna Bridge company, investors who are already interested in the Tri-county bridge company which connects Pasco and Nenevick over the same river.

The Wauna bridge will be located near Cascade Locks, but Hood River and White Salmon are the principal points to be connected by the span, which will be a steel cantilever bridge, instead of a suspension bridge as first planned by the engineers. The Columbia river and the north bank highways will also be connected by the bridge, thus permitting a new loop drive out of Portland.

OLYMPIA, Wash., Aug. 6.—(A. P.)—The name of Albert Beecovsky, 19, Kingston high school football star today was added to the list of dead as a result of an explosion in the Dorrence mine last Monday, bringing the total to 8. Two men were killed instantly in the explosion and the other men died in a hospital since. Beecovsky's father was in the same explosion and died Tuesday.

OLYMPIA, Wash., Aug. 6.—Articles of incorporation were filed here today by the Wauna Toll Bridge company of Walla Walla, capital stock \$500,000. The company proposes to build a bridge across the Columbia river at Cascade Locks, 35 miles west of The Dalles. The incorporators are D. P. Baker and E. L. Jones.

### KIDNAPPED U. S. CITIZEN LOCATED IN CHINESE WILDS

PEKING, Aug. 6.—(A. P.)—Dr. Harvey J. Howard of the Peiking Union Medical college, who was captured by Manchurian bandits on July 20 when Morgan Palmer, an American, was killed, is held by the bandits at a place about 20 miles from Fuchow-Hsien, which is the nearest station to Palmer's ranch on the Sungari river. This information was contained in a telegram sent to Harbin by Samuel Sokobin, the American consul at Harbin, who is attempting to obtain Howard's release.

The telegram said that Dr. Howard was being well treated. Officials of the Manchurian province of Holung-Kiang have assembled at Fuchow-Hsien and are ready to begin negotiations with the bandits for Dr. Howard's release. Other members of the party which was at the Palmer ranch when Palmer was killed and Dr. Howard captured, including Palmer's mother and Dr. Howard's son, James, are expected daily at Harbin.
