The Pilker Sheet Metal Works have added to their regular line of sheet and metal work, radiator and fender repairing. They are now ready to do first class repair work on all radiators and fenders.

## An Old-Fashioned Beauty Recipe

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready for use at any first-class drug store by simply asking for "Howard's" Buttermilk Cream.

There is no secret about it nor is there any doubt about the result—it's just a common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips across the corners of the eyes and mouth.

If you have not yet tried this simple, easy way to beauty get a small quantity of Howard's Buttermilk Cream today and let your face be the judge. Your favorite toilet goods counter can supply you. All druggists are selling lots of it. Adv.
