

SEES DANGER IN FAR EAST FROM JAP EXCLUSION

WILLIAMSTOWN, Mass., Aug. 13.—A warning of possible serious results to Japanese-American relations from the immigration act passed by congress in 1924 was uttered at the institute of politics today by Professor George H. Blakeslee of Clark university. "For 20 years the United States has held to a policy of restricting Japanese immigration, but in a way not to wound the susceptibilities of the Japanese people," he said. "The immigration act of 1924 put in force a totally different policy which has created a new issue."

"If the Japanese government and people as a result of this are unwilling to co-operate with the United States in maintaining the policy of the open door and the integrity of China, the situation will produce serious and far-reaching results."

"Between the United States and Japan there are still two racial issues—discrimination against Japanese immigrants and discrimination against Japanese residents in the United States," he said. "If Japanese exclusion is regarded as at least temporarily settled, the people of the Pacific coast will be willing to remove anti-Japanese legislation and make every effort to treat resident Japanese with friendliness. There is good reason to believe that if no agitation is made to do away with the statutory exclusion of the Japanese the people of California will begin at the very next meeting of their legislature to repeal the discriminatory laws against oriental residents."

GOVERNORS JOIN IN PARDON PLEA FOR W. T. M'CRAY

WASHINGTON, Aug. 13. (A. P.)—One of the most imposing campaigns ever undertaken to secure clemency for a federal prisoner was launched here today on behalf of Warren T. McCray, former governor of Indiana, who has served about 15 months of a 10-year sentence in the Atlanta penitentiary, imposed after his conviction on a charge of using the mails to defraud.

Coinciding with the presentation to Attorney General Sargent of a formal application for pardon, the department of justice was given more than two hundred letters supporting the request and bearing the signatures of fourteen governors and former governors of states, seven of the jurymen who found McCray guilty, thirty of the bankers who were involved in the financial operations which resulted in his conviction and several senators, representatives, business men, ministers of the gospel and others.

BRYAN'S WIDOW REPUDIATES GIRL AND MEMORIAL

NEW YORK, Aug. 13.—Miss Dionese Bryan Evans of Minnesota, who originated the idea of a memorial to William Jennings Bryan at Clearwater, Fla., expressed herself today as much embarrassed by the statement of Mrs. Bryan that she had not communicated with Miss Evans nor given her approval of the project. Miss Evans said that she had been both misunderstood and misquoted. She did not say, she said, that Mrs. Bryan had approved her plan. In fact, she had not heard from the latter. She said that she did wire Mrs. Bryan and naturally hoped that what she wished to do would be pleasing to the family.

Mrs. Bryan at Coconut Grove, Fla., last night declared: "I do not know the young lady, never have heard of her, and never have lent my approval to anything which she has suggested."

A memorial in Arlington cemetery at Washington is the only one that the commoner's widow has approved.

Radio News

WASHINGTON, Aug. 13.—(A. P.)—Successful test of a "talking movie radio" was announced yesterday by C. Francis Jenkins, Washington inventor.

For the experiment, Mr. Jenkins moved about the picture transmitting set and described his actions, an audience in another room viewing the reproduced picture and listening to the inventor's voice coming through the speaker.

Predicting that general use of the apparatus might be made feasible, Mr. Jenkins said he had designed it as an attachment to standard radio receiving sets.

HAWLEY SLAMS PIERCE SYSTEM STATE TAXATION

SALEM, Aug. 13.—A general attack on the present taxation system of the state of Oregon, including the methods of expending public funds in the state, was launched this noon by Congressman W. C. Hawley, speaking before the Salem Rotary Club.

Mr. Hawley outlined briefly the method of handling Federal expenditures, mentioning that he is a member of the Federal ways and means committee, describing the workings of the Federal budget system and stated that a budget system of a similar kind should be inaugurated in Oregon.

"If a 2 per cent tax eventually takes more money out of my pocket than a 4 per cent tax, then the 2 per cent tax is higher than the 4 per cent tax," he declared.

"I think the taxes in this state are too high," he stated. "I think we are paying more taxes than our business justifies."

Hawley indicated that present expenditures should be cut down and that taxes should be adjusted so that a certain proportion would be raised by each of the methods used. "The trouble with the income tax the way this state had it," he said, "it just gave them that much more money to spend." He stated that he would favor an income tax under the right conditions.

Mr. Hawley indicated that he will probably favor the policy of cutting down Federal income taxes.

MOTHER EVICTED BY LANDLORD IS SERIOUSLY ILL

CHICAGO, Aug. 13.—Deserted by her husband and father and evicted from her only home, Mrs. Anne Cooper, 19, gave birth to a child as she lay on the roadside in the village of Phoenix, southwest of Chicago.

The baby died a few hours later in an infirmary where it and the mother were taken in a hearse because no ambulance was available. Physicians there attributed the death to exposure and premature birth induced by the sight of a pistol in the hands of the evicting constable.

An investigation by the coroner will be asked, and an inquest held. The mother is in a serious condition.

Mrs. Cooper is one of eleven children. Since her father deserted them three years ago her mother, Mrs. John Max, and the elder children earned a pittance by working for farmers. They fell behind in their rent. Then Mrs. Cooper's husband left. Mrs. Max said the constable had evicted them after telling them they were squatters and giving them a week to move.

SALEM SUICIDE IS IDENTIFIED

SALEM, Aug. 13.—The body of a man who the police say committed suicide on the bank of the Willamette river here last Friday, was this morning identified as a 59-year-old man, who had given his name as Jim Sullivan, and had roomed at a hotel here for the past three months. The body was found by accident Sunday night, Sullivan having selected a spot where he was out of view from the top of the bank.

Sullivan was registered at a hotel here as being from San Diego. Fragments of conversation held with various persons while staying at the hotel indicate that he has a son and two grand-children in San Francisco.
