NARCOTIC CHIEF IS ARRESTED ON A GRAFT CHARGE

CHICAGO, Aug. 13.—(A. P.)—Colonel Will Gray Beach, chief of the narcotic division of the internal revenue department for the Chicago district and three of his trusted assistants, have been arrested on charges of bartering drugs for the loot of robber gangs.

Coincident with the arrests agents of the special intelligence unit of the internal revenue bureau reinforced by more than 100 detectives raided a score of joints in Chinatown and on the south side.

Arrested with Beach were Dennis J. O'Brien, Alonzo Baxter and Harry Deitrich. Aother arrests will be made, said federal agents, as a part of a nation wide inquiry and cleanup of all grafting in the federal narcotic service. Search of the apartments of Beach and O'Brien, uncovered readly saleable goods identified as stolen and worth thousands of dollars. Included were wearing apparel, jewelry, curios, radio sets, guns and cameras, searchlights, fans, arc lamps and violet ray machines used in beauty parlors.

ARABS REPORTED TO BE PLANNING TO KILL ZION JEWS

WILLIAMSTOWN, Mass., Aug. 13.—(A. P.)—Arab leaders in Palestine have predicted that the Jews will either relinquish their Zionist movement there or be eliminated by a general massacre, Dr. William E. Rappard of Gemeva, a member of the League of Nations' permanent commission on mandates said at the institute of politics here today. He was addressing a round table conference on the Mediterranean area.

Dr. Rappard said the Jews in Palestine were emphatically opposed to bolshevism, although they were developing agriculture on a communistic basis there. He declared that an international commission to govern Palestine would be "the worst kind of anarchy."

Other speakers testified to the bitterness of the Arabs toward the Jewish population and Zionism. Rev. Martin Nathan of Philadelphia, asserted, however, that the anti-Jewish feeling of the Arab population of Palestine was waning. He pointed out that the Jews possess only six per cent of the arable land in Palestine.

President Harry A. Garfield of Williams college endorsed the British administration of Palestine under the present mandate as a "strong hand that is keeping the peace in the midst of bitter religious animosities."

ANOTHER LIQUOR SHIP CAPTURED

SAN FRANCISCO, Aug. 13. (A. P.)—The coast guard cutter G-262 last night captured the Jessie M., a 40-foot craft, on the coast south of here with a cargo of 300 cases of liquor aboard.

The vessel was towed to San Francisco. As the coast guard vessel neared Meiggs' wharf here with its prize, the owner jumped overboard. He was not apprehended nor was his name learned.

The capture was made 20 miles from Pigeon Point, which is 45 miles south of San Francisco.

EX-GERMAN CONSUL FILES COUNTER SUIT

PORTLAND, Aug. 13.—(A. P.)—Clement J. Pape, former German vice-consul here, and former Portland manager of the Shanghai building company, who is in jail here charged with embezzlement of funds of the company, today filed suit in federal court here against Edward Bell, secretary and general manager of the company, and William F. Merrick and the company, for $125,000.

Pape alleged he had been made a victim of a conspiracy to deprive him of his position so that Merrick might get the place. He also alleged that he was charged with shortages in order that the company might escape the obligations respecting Pape's "commissions, interest in the business and other compensations."

HOLLAND TORNADO SWEEPS GERMANY DEATH LIST GROWS

LONDON, Aug. 13.—The tornado which swept through Eastern Holland Monday night with the loss of 12 lives and the destruction of several towns continued into Northern Germany yesterday. Meager reports indicate further destruction was wrought to villages and farms in this sparsely populared district. Wetersen, 15 miles northwest of Altona, in Schleswig-Holstein, is reported almost entirely demolished.

The storm continued to the neighborhoods of Hamburg, Bremen and Ludbeck, causing heavy property loss. Two persons were killed at Neuendeich by flying tiles from roofs, but thus far no other deaths were reported from Germany, although several hundred persons were injured by falling debris.

The injured in Holland now number 400 and the homeless more than 2,000.

Heavy damage is reported from the towns of Didam, Doetinchem, Oldenzaal, Hengelo, Zeiland, Zwolle and Hangelow.

REFORESTATION PLAN IS ANNOUNCED BY LONG-BELL COMPANY

LONGVIEW, Wash., Aug. 13.—(A. P.)—A comprehensive program of reforestation to effect a re-seeding at a rate qual to the progress of denudation and following within three years after logging, was announced today by the Long Bell Lumber company. Experiments in direct seeding will be conducted and such other species as redwood, Port Orford cedar and white pine will be tried on a commercial scale to supplement the native Douglas fir, hemlock and red cedar. A large forest nursery will be established at Ryderwood, center of the logging operations for the company.

The announcement of the program, which definitely provides for five years time, was made today by M. B. Nelson, president of the company, now in Longview. It follows three months intensive survey made by Captain J. B. Woods, forest engineer of the Long Bell Lumber company, and is modeled somewhat after successful reforestation under way in the redwood districts of California.

One feature of the reforestation plan of special interest is development of fire lines of alder and other broad leaf species along abandoned logging spurs, which will subdivide the cutover lands into smaller compartments and facilitate protection of the young growth.

In explaining the program Mr. Nelson said that in the course of logging care is being taken to remove all snags large enough to constitute fire hazard. Slash disposal is being carried on in accordance with state laws, and carefully organized fire patrol is maintained to protect cutover lands as well as virgin timber.

"The program is being mapped out now for a period of five years because of the present rapid strides being taken by the state and federal government in reforestation work," said Mr. Nelson. "At the end of that period it may be possible to synchronize our program with those of the state and federal government, but the Long Bell Lumber company is instituting this program of its own accord and at its own expense. Actual reforestation will begin immediately."

PRESENT DRY SPELL NOT A RECORD SAYS THE STATE FORESTER

SALEM, Aug. 11. (A. P.)—F. A. Elliott, state forester, takes exception to newspaper statements that the present dry spell is a record breaker for length.

In 1917, says Elliott, citing official weather records, Portland was 69 days without rain, Tillamook 117 days, Roseburg 94 days, Medford 119 days, Port Orford 166 days, Bend 120 days and Baker 102 days. In 1914 there was no rain in the timbered districts from June 23 to September 6, a total of 74 days.

Timber fires, says Elliott, have been held in check this season and the loss of green timber is small.

BURGHDUFF CHARGES ARE ORDERED ERASED

PORTLAND, Aug. 13.—After debating from 3 until 9:30 last night, the state game commission decided to erase from the minutes of its last meeting the long succession of charges and defense statements which surrounded the dismissal of Master Warden Burghduff, Superintendent of Hatcheries Rykeman and Educational Director Jones.

The minutes were turned over to Chairman Clifford and Warden Aveill with instructions to cut out the evidence of a fight and credit the dismissals to the cause of harmony.

How Many Miles in Your Motor?

And What Do They Cost?

The answer is not in the price per quart of oil, but *how much per mile.* Nor are the higher priced oils necessarily the best.

For example: There isn't a better motor oil in the world than Aristo Motor Oil. It is refined in California, from selected western crude.

Because of volume production, and low freight rates, it easily under-sells the eastern oils.

Some people think that the higher price means a better oil. Nothing could be farther from the truth.

Aristo, as an instance, is made without regard for cost—with concern only for quality. And it couldn't be a better lubricant if you paid twice as much for it.

Aristo combats the formation of carbon. It is an unexcelled lubricant. Its saving is thus in service as well as price.

Made by the Union Oil Company, sold at Union Oil service stations and by independent dealers of the first class everywhere.
