

2 FOREST FIRES OUT OF CONTROL, DAMAGE SLIGHT

Two forest fires are still beyond control in Jackson county, one in the Crater National forest on Innaha creek, and the other several miles above Butte Falls on timber land operated by the Owen-Oregon Lumber company.

The Innaha blaze at present covers an area of 1000 acres, most of which is in an old burn three miles long and over a half mile wide. Over 100 men under the charge of Ranger W. L. Jones are combating the flames, which it is believed, will burn for some time before being put out.

The Owen-Oregon blaze covers an area of 200 acres, but is also in an old burn, which was the result of a forest fire in 1919. Thirty men are at work digging trenches about the flames. It is said they had completed one yesterday when the fire again broke away.

According to District State Fire Warden P. B. Lowd, the fire situation in the Evans creek country is now satisfactory. The 100 acre Iyhee Spring and Morrison creek blaze having been put under control two days ago, while several other small ones, ranging from two to 15 or more acres, having been brought under control earlier.

He stated that over 2500 acres of brush and second growth timber has been burned over during the past ten days in that section, the financial loss of which is not estimated very high. He attributes the cause of the fires to careless smokers and campers, but as yet he has found no evidence leading to any one individual.

SHERIFF JENNINGS HUNTS CONVICTS

In response to a telephone message from Klamath Falls that an electrical store in that city had been held up by three men supposed to be the escaped convicts from the state prison at Salem, Sheriff Jennings and a posse composed of Traffic Officers McMahon and Talent, City Policemen Dave and Prescott and Deputies Jennings and Talent left early this morning to search the junction of the Green mountain and Pacific highways and the summit of the Siskiyou for the criminals. The party returned this noon.

3 TRAFFIC VIOLATORS ARRESTED AND FINED

Three traffic violation cases were disposed of in Judge Taylor's court yesterday, one of which was a city case.

Cecil Evans, a truck driver, was fined \$15 on his plea to a charge preferred against him by Policeman Geo. Prescott for speeding on North Commercial Thursday.

C. H. Marsteller, a Californian recently arrested by state traffic officer T. P. Talent for speeding, and who gave \$25 cash bail, was fined \$25 on his plea of guilty which he sent by mail.

N. R. Marlan, of this city, was fined \$5 on his plea of guilty to speeding 5 miles over the limit. Sheriff Ralph Jennings was the complaining officer.

BOARDING SCHOOL IN VALLEY CONTEMPLATED

"It is reported the Seventh Day Adventists are considering the purchase of a site between Jacksonville, and Medford for a boarding school," says the Jacksonville Post. "There is also talk of these folks using the U. S. hotel building in this city while erecting their own buildings."

"Those of us who worked hard to reclaim the building would be glad to see it used for a good purpose. And his would be nice for the Adventists, too, as it has always been understood that under provisions by which the town came into possession of it from the county, no charge could be made for the use of the hotel building."

MELON GROWERS REFUSE TO SELL AT LOW PRICE

Due to the fact that the melon growers of the Phoenix and Central Point districts banded together in order to receive 2c a pound for watermelons in the city, several hundred tons of the fruit were taken back to their farms this morning because of the wholesale price being one-half a cent less.

Many of the growers were quite indignant over the situation.

Last Day of Range Campaign
Today is the last day of the special range campaign put on by local electric concerns, and many Medford housewives were expected to take advantage of this exceptional offer before 9 o'clock tonight.

A record number of electric ranges have been sold during the campaign which aroused much comment thru its novel publicity scheme featuring the now famous question "Do you love your wife?" Much of the success of the campaign is attributed to the liberal use of newspaper advertising.

EXPOSE REVEALS 18,000 ADDICTS CITY OF CHICAGO

CHICAGO, Aug. 15.—(A. P.)—Investigation in the narcotic expose here has developed that there are 18,000 drug addicts here making no secret of their plight. Several thousand more, L. J. Ulmer, acting chief agent, estimates, also use drugs but do not deal with narcotic peddlers.

The average addict uses twenty-five grains a day, says Ulmer. Same use 50 and one physician Monday found that for years he had taken 75 grains daily. One grain would be fatal to the majority of non-users.

While officials collect data on the extent of narcotics used here, they continue search for loot which they charge Col. Will Gray Beach, narcotic chief agent here, with receiving in exchange for drugs.

In ten packing cases belonging to Beach, agents yesterday found a miscellany of merchandise ranging from a baby's skull to a sack full of cheap jackknives. Included were a hundred Chinese pipes, lampshades, cigarette cases, opium pipes and hundreds of keys.

Jewelry valued at \$50,000 was found in safety deposit boxes belonging to Kitty Gilhooly which followed the seizure of drugs valued at \$100,000 several days ago.

GO WITHOUT SLEEP FOR 60 HOURS TO TEST AUTOMOBILE DRIVING

WASHINGTON, Aug. 15.—(A. P.)—Eight George Washington University students or graduates—four of them women, volunteered yesterday to commence a sixty-hour continuous stretch without sleep to enable science observers to note their actions while driving an automobile.

Professor Fred A. Moss, head of the university's department of psychology investigating the cause of traffic accidents, will observe psychopathic conditions of the sleepless drivers, with particular attention to their reaction at the wheel and their powers of perception. Dr. Oscar B. Hunter, acting dean of the medical school, will test their blood, respiration and other physical reactions.

MAYOR HYLAN HAS A NARROW ESCAPE

NEW YORK, Aug. 15.—(A. P.)—New York's mayoralty campaign nearly lost one of its star attractions last night when a heavy colonial clock in Mayor Hylan's private office at the city hall crashed to the floor, narrowly missing the mayor. A 15-pound weight splintered the flooring.

The mayor was sitting in his chair, leaning against the wall directly under the clock, when a visitor was announced. As he moved the chair to his desk the clock fell.

DESECRATE CEMETERY TO GET IN HEADLINES

ST. PETER, Minn., Aug. 15.—(A. P.)—A craving to see a "headline" story in the newspapers was the reason given for the desecration of the Kasota, Minn., cemetery near here, on August 6, by two brothers, 14 and 12 years of age, one of whom confessed to perpetrating the vandalism here late yesterday. The elder boy not only confessed to tipping over 28 gravestones in the cemetery, but he also admitted setting fire to a country schoolhouse last fall and a number of petty thefts in the community committed over a period of a year, officers said. The damage to the cemetery was estimated at \$2,000.

Call Board of Regents To Select "U" Prest.

SALEM, Aug. 15.—In order to select a successor for P. L. Campbell, president of the University of Oregon, who died yesterday, a meeting of the board of regents must be called by Judge J. W. Hamilton of Roseburg, president of the board, it was announced last night, by Sam A. Kozor, secretary of state.

MUMMIFIED CORPSE FOUND HANGING IN TREE NEAR FRESNO

FRESNO, Cal., Aug. 15.—(A. P.)—A mummified corpse, fully clad, was found yesterday on a small island several hundred yards upstream from Herndon bridge over the San Joaquin river, north of here, under circumstances leading local authorities to believe that the man committed suicide by hanging about eight months ago. Several small boys, swimming, seeing the form in a clump of willow trees on the edge of the island investigated and concluded it was either a dummy or a scarecrow placed there as a prank, and did not learn otherwise until one of the more venturesome of the boy swimmers opened its lips and found human teeth.

Coroner John N. Lisle and attaches of his office last night said the body had been almost completely mummified by the wind, air and sun. A rope, almost rotted in two, was tied about the neck of the mummy when the coroner cut it down. The weight of the body, he added, had bent the limb of the tree until the feet of the mummified body were resting lightly on the ground beneath the tree. Because of the condition of the mummy investigators were unable to even determine the nationality of the body but are inclined to the belief it is that of a Japanese.

CLEAR TAXI DRIVER IN PRISON BREAK

SALEM, Aug. 15.—Denial that there was any reliable basis for the story printed in Portland papers yesterday inferring that the driver of the taxi in which the three convicts from the penitentiary escaped to the woods Wednesday night, and his passenger were connected with the plot of the fugitives, and asserting the taxi driver is a former convict, was made here this morning by local officers who investigated this angle of the case immediately after the escape.

"Our investigation satisfied us that Ivitts and Zinn had no criminal connection with the escape, and their presence on the scene at that time was purely a coincidence," said District Attorney John Carson.

GOVERNOR PAYS A HIGH TRIBUTE TO P. L. CAMPBELL

SALEM, Aug. 15.—Because of the educational importance of the president of the University of Oregon there is a general belief in the state, it is understood, that the vacancy left by the death of President P. L. Campbell will not be filled by an Oregon man, but that his successor will come from outside this state.

Paying tribute to President Campbell, Governor Pierce said today: "He was my warm personal friend. I knew him intimately and well for a third of a century. We went into the Masonic lodge together, and he was chosen president and I orator of our Scottish rite class. He was a hard student, a clear thinker, and always displayed a wonderful degree in tact with dealing with people of all classes. He was kind and sympathetic and true as steel to a friend. Oregon has lost one of its most important characters, who always stood for the very highest type of Christian American citizenship."

The Screen

At the Craterian.
Final showings of "The Desert Flower," starring Colleen Moore at Hunt's Craterian, where this dramatic gem, with its scintillant humor, has attracted capacity houses. Lloyd Hughes is Miss Moore's leading man in this offering.
Buster Keaton in his new film farce, "Seven Chances," together with short film topics are included in the varied program tomorrow at Hunt's Craterian. On the stage it was a riotous success and the new version is said to be about seven times as funny. Ruth Dwyer is his new leading lady, while T. Roy Barnes, Sully Edwards and a levy of Hollywood beauties also share in the laugh riot.

At the Rialto.
Baby Peggy, sweetest of big little screen stars, was seen at the Rialto theater yesterday in "Captain January."
Supporting Baby Peggy are such players as Hobart Bosworth, as Judkins; Harry T. Morey as the politician; Irene Rich as Mrs. Morton; Lincoln Steedman as Bob Pete, and Barbara Tennant as one of the villagers. "Captain January" is one of the best pictures of the season. Baby Peggy's first real vehicle as a screen star is a pronounced success.
"If you think there isn't anything new in the line of screen thrills, go to the Rialto theater tomorrow. The occasion for his assurance will be the first showing here of "Troubles of a Bride," which is said to be one of the fastest moving films ever produced.

BORGLUM TO CARVE A DAKOTA MONUMENT

CUSTER, S. D., Aug. 15.—(A. P.)—A huge block of granite in an isolated spot in the Black Hills between Harney Peak and Keystone has been selected by Guston Borglum, the sculptor, as the mountain site where he will carve the busts of Washington, Lincoln, Jefferson and Roosevelt.

Mr. Borglum said that while the location of the proposed memorial is inaccessible at present, a trail would be built to the spot when the memorial is completed.
The estimated cost of the work is \$1,000,000 which has been raised by subscription.

DELICIOUS!

Cream whipped till fluffy—flavored with the juices of sun-ripened fruits—frozen till it tingles on the tongue—then heaped high on the plate.

A treat at a party, a welcome relief on a sun-scorched day, a cool enjoyment after supper or dinner.
