

GOLD PRODUCTION IN UNITED STATES GREATEST 6 YEARS

WASHINGTON, Aug. 20.—(A. P.)—Gold production in the United States and its possessions during 1924 was 2,524,906 ounces, valued at \$52,277,000, the largest total in any year since 1912. It was \$543,000 greater than the production in 1923.

Silver production for 1924 was 65,467,186 ounces worth \$43,822,814, or 7,930,784 ounces less than the 1923 production.

Bureau of the mint figures issued today showed California, which turned out 633,921 ounces of gold worth \$12,985,700 was the leading state in gold production while the Montana silver output 13,688,728 ounces worth \$9,171,447, was larger than that of any other state.

The Philippine Islands were credited with gold production of 82,652 ounces, valued at \$1,706,700. Colorado gold production was 429,858 ounces worth \$8,699,900, while Alaskan gold production was 203,553 ounces, worth \$6,275,000.

JAPANESE RADICAL LEADER SENTENCED

TOKYO, Aug. 20.—Gaku Sano was today sentenced to ten months in prison on a charge of attempting to form a secret communist society. Sano, a former Waseda University professor and one of the leading socialists of Japan, surrendered himself for trial after returning voluntarily from Russia to which country he had fled in May, 1924. His departure from Japan was at the time the Tokyo police were arresting large numbers of so-called radicals.
