

Local and Personal

The headlights of one-third of the automobiles in the county, have been tested by the three official light testing stations in Medford in compliance with a new headlight law passed by the last legislature according to William V. Smith, who has charge of the North Riverside station. Due to several technicalities of the law, states Mr. Smith, there will be no concerted drive by the people to fight its enforcement. He adds that what opposition there has been to fight it, has already been dropped in many cases.

Will sell as good or better than any other orchard for 20 a pound. W. H. Watt.

Targest and best flour in southern Oregon. American Legion Labor Day dance.

The United States weather bureau at Portland predicts continued low humidity and increased forest fire hazard for southern Oregon. Officials of the Crater National forest warn local campers, even though rain recently fell, to be extremely cautious when in timbered areas, as fire starting during the present weather conditions would be very difficult to put under control.
