

ROSEBURG KIWANIS GIVE LOCAL CLUB A FINE EVENING

That Roseburg has a livelier bunch of business men as members of the Kiwanis club was proven by the 25 members, ten of whom were accompanied by their wives, who attended the meeting and banquet of the local club at the Holland grill last night. There were 84 present and the "orchestra" of Medford, in farrow costume, furnished music.

Vernon Vawter, president in the absence of President Fabrick, welcomed the guests and then introduced B. H. Shoenaker, vice-president of the Roseburg club, as the visitors had charge of the program. After expressing their pleasure at being present, Mr. Shoemaker introduced Lloyd Crocker, chairman of the inter-club relations committee, who had charge of the program, which commenced with singing some spirited Kiwanis songs. Lyman Spencer, song leader of the visitors, in charge. During the evening there were a number of songs in which both clubs took part.

The attendance prize was furnished by the visitors and R. L. Whipple conducted the drawing. C. C. Lemon, Bert Thieroff and Dr. Howard were the three chosen as contestants. They were given a looking-glass and asked to make a cross in a square behind them, looking in the glass. Dr. Howard won.

Lyman Spencer sang a solo and responded to a hearty encore. Mrs. Lyman accompanying him on the piano. At this time the famous Roseburg Crazy Kazoo Komie Concert Komany, with R. L. F. Lintott as their able leader, appeared in costume, strictly in accord with their name, and rendered several "delightful and descriptive numbers."

Dexter Rice, a Rotarian of Roseburg, made a splendid talk on "Friendship." He said in part: "Friendship is the motive power behind both the Kiwanis and Rotarian clubs. The Rotarians cannot 'live' without building, and that Kiwanis cannot 'build' without serving—which means their mottoes mean the same thing. Friendship is the hope and salvation of the people, organizations, states and nations. It creates a feeling of safety and loyalty. On the north of us we have an imaginary boundary line, there are no fortresses or armies there, but neither nation could think of crossing that line and devastating property or taking the lives of others as long as friendship prevails. Had there been true friendship and proper understanding there could have been no civil or world war."

"In order to have true friendship prevailing in this and other nations among the people it must commence with the individuals who are willing to help others and give a square deal to all."

Vernon Vawter then closed the meeting stating that it had been a very enjoyable one and predicted that in the future, he asked that the visitors be guests of the local club at the vaudeville at Hunt's Crater.

During the afternoon several Roseburg men played golf with the local club members.

The dinner served by the Holland grill brought forth many favorable compliments.

The guests were: Guy Gordon and wife, Carl Neal, Tom Ness and wife, T. Jackson, J. R. Farrington, H. C. March, R. L. F. Lintott and wife, Lyman Spencer and wife, B. R. Shoemaker, Lloyd Crocker, Mayor George I. Houck, Harry Pargeter, George Smith, Floyd Wilson, Roy Catching and wife, Walter Fisher and wife, C. L. Wimberly and wife, John Thorne and wife, Nathan Fullerton and wife, Jason Cummings and wife, W. L. Whipple and wife, L. A. Dillard, E. A. Post, W. B. Day and wife and Dexter Rice and wife.

ASHLAND'S AUTO THIEF REALLY ILL, TRIP IS DELAYED

ASHLAND, Aug. 25.—It is probable that Ellis and Herman Warner who were arrested Saturday night on a charge of car theft, will be taken to Portland in a few days in charge of Pat Morrison, department of justice operative. Federal charges are filed against the young men for a violation of the Dyer act and they will probably face federal court trial in Portland. The time of their departure depends on the condition of Ellis Warner, who is suffering from what one physician diagnosed as chronic appendicitis and Dr. Geary, a county physician, pronounced as acute indigestion. Warner was considerably improved this morning. Because of his condition he was held in the city jail, while his brother Herman was taken to Jacksonville. Herman Warner was arrested last Thursday near Yreka on a charge of stealing a car here. His brother came on from Stockton, so he stated, and paid the fine of \$100 on the misdemeanor charge filed against Herman and they started south. They were rearrested near Jackson Springs on a charge of reckless driving, and the car inspected, which proved to have been stolen from a Portland firm. Officers state they have a clear case against the youths.

On Friday, August 28, the First Presbyterian church of Ashland will celebrate the fifteenth anniversary of its organization in a golden jubilee celebration, beginning Thursday evening, August 27, and closing Sunday evening, August 30. Four of the ten former pastors will be present: The Reverends John B. Donaldson, Palo Alto, Calif.; F. D. Strange, Portland; H. A. Carnahan, Oakland, Cal.; and the Rev. E. C. Koehler, Spokane. Twenty-two members formed this first organization, seven of whom are living and will be present, dressed in the costumes of a half a century ago. They are the Mesdames Mary Dunn, Ann H. Russell, Ellen Giddings, Sarah J. Kennor, Nancy Applegate, Sarah Walker and Laura Woodson-Howard, all of Ashland. Dr. Carnahan will preside at the Thursday evening service; Dr. Donaldson and Strange at Sunday morning service, and Dr. Koehler at Sunday evening's. The local pastor, the Rev. J. C. Mergler, will have charge of Friday evening's service and Mr. W. M. Wright at the reminiscent hour Friday afternoon. There is a basket dinner at noon Friday at the church.

Mr. and Mrs. W. M. Poley, daughter Mary, and Mrs. Josephine Poley and Miss Eva Poley returned Tuesday evening from the Lake of the Woods. Mrs. Poley and Miss Poley have been spending the past week or so with Mr. and Mrs. W. M. Poley at their lakeside cottage. Their stay at the lake was shortened that all might be present at the anniversary celebration of the Presbyterian church, which begins Thursday evening and extends over Sunday.

Mr. and Mrs. George Andrews and daughter, Mildred of Corvallis, arrive tomorrow for a visit at the home of Mr. Andrews' parents, Mr. and Mrs. Aaron Andrews of Fairview street. The Misses Rita and Marie Andrews returned home Tuesday evening from a delightful auto trip, extending as far north as Seattle.

Mr. and Mrs. Jorgensen of the Electric Bakery spent Sunday in a pleasant trip down the valley, visiting friends in Sams Valley during the afternoon.

Mrs. J. R. Luke of Seaside Drive

still continues very ill. The reports received are encouraging, however, as her friends are anxiously awaiting news of a distinct gain. Friends of G. G. Ogg will be glad to learn that he is improving and is able to sit up at present. It will be recalled that many weeks ago Mr. Ogg was seriously injured by falling from a second story window and for some time lingered between life and death. The sudden death of Mrs. Ogg occurred just after the accident.

Jan Mowat, whose home is in Honolulu, where he is in business, arrived in Ashland last week and will remain for a few weeks with his mother and brother, Edwin Mowat, who is convalescing from a major operation recently performed, and Lynn Mowat, who has been here for some time. Edwin Mowat returned from the hospital Sunday.

Mrs. J. H. Sugg expects to change her business location early in September. Her millinery establishment will occupy the mezzanine floor at McGee's new store that is being rapidly rushed to completion. Mrs. Sugg hopes to have her fall opening between the 10th and 15th of September in her new quarters.

It is very gratifying to learn that Mrs. J. R. Robertson has gained very materially in health during the past two months, since Mr. and Mrs. Robertson have been touring the coast. They stopped at Newport, spending a few weeks in Portland, where Mrs. Robertson's brother and his wife met them, later visiting in Stockton, California with relatives and are now at Berkeley, California, from which Mr. Robertson returned for a few days to attend to business interests. They expect to go on to San Diego, where they will visit old friends. When they will return home is uncertain.

Mrs. A. E. Woods left Monday night for Clear Lake, Minnesota, called there by a telegram announcing the death of her mother, Mrs. Ingra Anderson. Mrs. Woods will be joined by her brother en route. The message came as a great shock to Mrs. Woods, since she was planning for an extended visit from her mother in the near future.

Miss Edna Goheen has just returned from a delightful trip to Crater Lake. She was one of the friends accompanying Mr. and Mrs. John Bonar of Phoenix, who with their house guest, Miss Cora Crews of Chicago, and Mrs. Blackwood of Phoenix, returned Monday evening from the lake. Miss Goheen went down the trail to the lake and enjoyed the experience very much. She is at home now with Miss Hann, at

provided on the touring car and two on the runabout. Curtains, held secure by rods, open with the doors. Most important in the mechanical changes are the improved brakes. The transmission brake drum and bands have been considerably increased in size. The rear wheel brake drums are large and the brake of self-energizing type. Cord tires are now standard equipment on all Ford cars.

George Smith, who was here attending the Kiwanis club meeting last night and who is manager of the Hotel Rose, now under construction at Roseburg, says it will be opened about September 15. The building is 50x100 feet, five stories of concrete construction, all rooms have baths, has a roof garden and is strictly modern in every way. Mr. Smith formerly lived in Medford.

Mr. and Mrs. Adolph Hannah, accompanied by Mr. and Mrs. A. A. Madden, left for Eugene this morning. Mr. and Mrs. Hannah, whose wedding occurred a few days ago, will make their home in Eugene, where Mr. Hannah is employed in a vulcanizing establishment.

Body changes and chassis refinements more pronounced than any made since the adoption of the model "T" chassis were announced today by the Ford Motor company. There will be no advance in price.

Outstanding features of the improvements in both open and enclosed types are lower, all-steel bodies on a lowered chassis, complete new design in most body types, a change from black to color in closed cars, with enhanced nickel radiators, larger, lower fenders, newly designed seats and larger, more powerful brakes.

Longer lines, effected through higher radiator and redesigned cowl and bodies are apparent in all the improved Ford cars, but are especially pronounced in the open types. Greater comfort is provided for driver and passengers in both open and closed cars by larger compartments, more deeply cushioned seats and greater leg room.

In the runabout, touring car, coupe and Tudor, the gasoline tank is under the cowl. One-piece windshield and narrow pillars in the Tudor and coupe afford the driver greatly increased visibility and improved ventilation. Driving comfort is materially increased by lower seats, scientifically improved back rests and lowered steering wheel. Brake and clutch pedals are wider and more conveniently spaced. Four doors are now

provided on the touring car and two on the runabout. Curtains, held secure by rods, open with the doors. Most important in the mechanical changes are the improved brakes. The transmission brake drum and bands have been considerably increased in size. The rear wheel brake drums are large and the brake of self-energizing type. Onions weak, \$1.50@1.75.
Potatoes steady, \$1.75@2.

San Francisco Markets.
SAN FRANCISCO, Aug. 26.—(U.S. Bureau of Agricultural Economics)—There was a slightly stronger tone in colored, young chickens with 1 1/2 to 1 3/4 pound stock bringing from 10 to 33 cents per pound today.
Broilers—Leghorn, 1 to 1 1/4 lbs., 16 to 28c; 1 1/2 lbs., 25 to 36c; colored, 1 1/4 to 1 3/4 lbs., 20 to 33c.
Fryers—Leghorn, 2 to 2 1/2 lbs., 33 to 25c; colored, 2 to 2 1/2 lbs., 30 to 12c.

Clears Complexion

"Oh! how clear and beautiful your complexion is today, my dear!"

THERE is a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying for that attractiveness which is not theirs. But why the wondering—the hoping—the praying for that craved for attractiveness—that clear skin—that beauty. A clear skin—is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

S.S.S. is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1826 S.S.S. has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema and from rheumatism, too. Because S.S.S. is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. The World's Best Blood Medicine

"Ridin'" was his first name and say how he did ride! All the sheriff's horses and all the sheriff's men couldn't catch the "Kid" again.
