

LEARN ALL ABOUT GOOD WASHERS

In this day of rapid progress and keen competition, giant manufacturing concerns are presenting strong, and in many instances, well sustained claims for the superiority of their product.

The manufacturers of the modern, time and labor-saving washing machines are no exception to the rule. Due to the rapid progress of mechanical science, the American housewife does her weekly washing with a minimum of labor and time. This invention alone has shattered the age-old belief that women must slave over a tub of dirty clothes week in and week out, and many good washers are on the market, with the owner of each pushing their sale so thoroughly that ere long nearly every home will be equipped with a modern, power washing machine.

True Worth Must Be Determined

Those who have not already purchased a washer, or those who have been unfortunate in securing one of the inferior makes, and who are thinking of investing in a new one, will do well to heed the claims of all, then, as a final test, wash with each, learn its true worth and performance, then buy the one that gives the best service.

Housewives of Jackson, Josephine and Klamath Counties Have Made the Test

They Have Subjected Several Different Makes of Washers, Permitting Each to Prove Their Superiority, and at Last, As You Eventually Will, Have Signaled Out the

AS SUPERIOR TO ALL OTHERS

That you may not have the slightest occasion for doubting the foregoing assertion we are presenting below the names of those who have made the thorough test. Many of them are well known to you, being residents of this and adjoining counties. You are at liberty to ascertain the results of their investigations and we urge you to learn from them the excellent service they are obtaining from their Maytags. Here are the names:—

(Note—This is only a partial list of Maytag owners in this district)

THIS IS A RECORD UNPARALLELED IN SOUTHERN OREGON, AND IS DECIDEDLY SIGNIFICANT WHEN IT IS CONSIDERED THAT THE MAYTAG HAS BEEN IN DIRECT COMPETITION WITH THE BEST OF OTHER MAKES.

More Than 150 MAYTAGS Have Been Sold During the Past Four Months

The unsurpassed performance of the Maytag—its ability to wash quickly and thoroughly—even to the wristbands and collars of wearing apparel—and the masterly manner in which it cleanses both the lightest and heaviest materials, sold itself to the women noted above. It will sell itself to you.

Let us place a Maytag in your home. Wash with it once, twice, three times if you desire, and if it does not sell itself to you, we will gladly remove it without any obligation to you whatever—if you will let us.

NOTE:—Don't buy it, however, until you have tried some of the other leading makes and convinced yourself beyond a shadow of a doubt that the Maytag is the world's leading washer.

9 Outstanding Maytag Features

- 1—Washes faster. The Gyrafoam Principle creates a more highly energized, turbulent and continuously effective water action. No idle water.
- 2—Washes cleaner. The Gyrafoam Principle mixes the soap evenly through the water, and forces the super-cleaning, soaper washing solution through the meshes of the clothes. No idle suds.
- 3—Largest hourly capacity in world—50 lbs. ordinary family wash per hour.
- 4—Most compact washer made—takes floor space only 25 inches square.
- 5—Cast aluminum tub—can't warp, rust, rot, swell, split nor corrode.
- 6—Easily adjusted to YOUR height, and height of tubs.
- 7—Clothes can be put in or taken out while washer is running.
- 8—Tub cleans itself in 30 seconds.
- 9—Metal swinging winger. Low. Swings into 7 positions. Adjusts itself automatically for handkerchiefs or blankets. Automatic drainboard. Instant tension-release. All parts enclosed.

9 Reasons for World Leadership

For homes without electricity, the Maytag Gyrafoam is available with Gasoline Multi-Motor Attachment.
