

C. E. GATES HEADS RECREATION CO. AT LAKE OF WOODS

Incorporated at \$25,000, the Lake of the Woods Recreation company was formed early this week with Medford men in charge, the capital stock of which includes 1000 shares at \$25 each.

Its purpose is to make a model summer resort at the lake, which will include a hotel, store, cottages and 15 or 20 boats, and which, it is expected, will be ready for the 1926 vacation season.

R. S. Gleason of Berkeley, Calif., is the general manager, while C. E. Gates is president, G. A. Gardner secretary, Charles A. Wing, treasurer and F. J. Newman, manager in charge of actual erection.

This corporation is not to be confused with the Lake of the Woods association of Ashland, which has charge of a number of cottages along the lake shore. Instead of cottages, the company plans to make a resort in every way equal with the one at Diamond lake.

Fishing is said to be very good at the lake, and boating and swimming very enjoyable. A golf course is also nearby for those desiring to play.

At present the National forest service is making a special survey in the lake section, in connection with plans of the local corporation.

BIG POULTRY EXHIBIT AT COUNTY FAIR

War which has been waging on all fronts in the poultry world in recent months will be given a big impetus in the poultry show to be staged at the coming Jackson county industrial fair, Medford, September 16 to 19, it was announced by Secretary S. E. Brown.

A big drive on slackers, national in scope, will be launched by poultry experts at the Jackson county industrial fair. Culling of all flocks in this locality will be carried on systematically and the slackers among the poultry fraternity sent to the market. Poultry specialists will urge farmers to get rid of their inferior stock. Old hens, fat hens, hens that want to set frequently and do not care to lay eggs, and hens with a weak disposition will be looked for the guillotine.

"The value of pure-bred sires has been thoroughly proved in the dairy cattle business by the increased size of cream checks," says W. J. Warner, superintendent of the poultry show. "The same results can be obtained in poultry if farmers will select good roosters to head their flocks each year. A scrub hen will ordinarily lay about 150 eggs a year, while a bird of good breeding, from flocks that have been culled, will average about 250 eggs. Not only will the egg production be doubled but the meat produced increased, and all at no increase in cost of feeding, for a good bird will not eat any more than a scrub bird."

All of the leading breeds of poultry including American, Asiatic Mediterranean, English, Polish, Continental, Hamburg and Orientals will be exhibited at the fair. In addition there will be the customary exhibits of ducks, geese and turkeys. Entries will close September 15.

Opening New Market And Grocery Store

M. E. Wilson, recently from South Dakota, has leased the meat and fish department of the Johnson Produce Co. and will open for business Saturday, August 29.

Mr. Wilson has given the building a thorough overhauling, has painted and otherwise improved the same, will add a stock of groceries to the meat and fish business and will run an up-to-date place.

The Red Cross life saving training course began last night will continue every night for a week, under the supervision of O. L. Cornwall, at Merrick's natatorium, will be open to all Scouts. This will be the only opportunity this year to prepare for becoming a junior life saver, and will also be an opportunity to pass life saving and swimming badges. The only fee charged will be the regular tank fee at the plunge. At the end of the course there will be a tournament and valuable cups and prizes will be offered for the winners of events.

Scout troops in Crater Lake council are planning their winter's activities, after being more or less disorganized during the summer, fellows are turning home ready to take active interest and put some of their new ideas into scouting.

Governor Smith of New York, speaking to 3500 Scouts at the Greater New York Boy Scout camp at Kanawake lakes, August 14th, where he was present with 250 other guests of Mr. Barron Collier, vice president of the Boy Scout foundation of Greater New York, said "The one thing above all things that will prevent crime is the proper associations that boys form through the Boy Scout movement, and the promotion of respect to law that comes as a result of these associations."

Latest reports on Scout membership in the United States:

Total boys & officials	779,884
Scoutmasters	21,544
Assistant Scoutmasters	20,982
Other Volunteers	126,308
Total Number Troops	24,285

COLUMBIA RIVER BASIN PROJECT IS TURNED DOWN

WASHINGTON, Aug. 27.—(A. P.)—The special commission on the proposed Columbia river basin reclamation project reported to Secretary Work today that the time had not arrived when local and national interests required the proposed construction.

The report pointed out that the cost of the project had been fixed at \$193,260,000, which is \$158 an acre, and declared the bureau of reclamation has not the information needed to formulate a development plan as costly and complex as the one outlined.

"Your commission has no doubt that the time will come when local and national interests will require the construction of these works and the utilization of these immeasurably valuable resources," said the report. "It does not believe, however, that this time has arrived."

"So far as construction is concerned, the procedure of the past could be followed, but building these irrigation works would not of itself insure solvent developments or create real opportunities for settlers. Past experience in this and other irrigated countries is conclusive that solvent reclamation requires a program of settlement and farm development."

The Screen

Milton Sills as Star.

"The Making of O'Malley" is the current feature picture at the Hunt's Criterion, starring Milton Sills.

Many times has Milton Sills been featured, but as Patrolman O'Malley he makes his star debut. And such a big, kindly, shining star as he is.

The story is woven around a big Irish cop on the New York police force, but there is an interlock so impregnable, almost, that a little child appears much of the time to be the chief actor. It is the little child and the big policeman who get a grip on one's heart, and each is possessed of native qualities calculated to do that.

Milton Sills is so fine one forgets he is screen acting and is fairly carried away by the story.

Heat Gibson Leaving.

"The Kidn" Kid From Powder River" Heat Gibson production which closes at the Rialto theater tonight, is a motion picture story that excites interest from the beginning and maintains it quite ably.

It is one of the best vehicles in which Heat has been seen in a long time.

Some of the famous Universal ranch riders thrill by their spectacular feats of horsemanship, and the entire cast does some fine work.

"The Sign of the Cross" starring Jack Hoxie, which will be shown in the Rialto theater tomorrow and Sunday, is the story of the dispute between a big irrigation company and ranchers who feel they have been the victims of sharp practice. Hoxie is cast as a sort of Robin Hood, and the supporting company includes Helen Holmes, Francis Ford, Josef Swickard, Muriel Frances, Dana J. Gordon Russell, Jack Pratt, Frank Newberg and Bobby Gordon.

Authorship to Be Stewardless

NEW YORK, Aug. 26.—(A. P.)—Countess Leontina di Italy has acted as stewardess on the steamship Duilio in order to obtain material on American tourists for a book.

Big Demand Annazes Drugists.

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic. The most wonderful thing about it is the fact that while it turns the ugliest, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, crows' feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream.

To prove this to your complete satisfaction, get a small quantity today at your favorite toilet goods counter with the understanding that they will freely return the purchase money should you be dissatisfied. All druggists. Adv.

MEDICINE CAN'T REDUCE WEIGHT DOCTOR CLAIMS

DES MOINES, Iowa, Aug. 27.—(A. P.)—Drugs and medicines cannot make a fat person thin and they cannot add weight, Dr. Lyman F. Kehler, of the bureau of chemistry, Washington, D. C., who is here for sessions of the American Pharmaceutical association, declared today.

"Fat persons are born," he said, "and not made. Sensible eating is the only method of keeping one's figure normal."

Dr. Kehler told of the activity of the bureau in putting out of business in Kansas City a firm "that has fleeced the public out of huge sums of money, claiming they had a fat reducing property in their medicines. They made \$500,000 in 1923, and \$400,000 in 1924," Dr. Kehler said, before they were put out of business.

PORTLAND REPORTS HOME SEEKERS IN SOUTHERN OREGON

PORTLAND, Aug. 27.—(A. P.)—Home-seekers still continue to call at the Land Settlement department and two families so far this week have been located out of their Portland office.

Frank J. Lamberger of Syracuse, N. Y., who has been in correspondence with the department for several months, has bought a place near Reaverton, Oregon.

Ed Kenney and family of Oakes, N. D., are enjoying their new home near Clatskanie, Columbia county. They purchased 80 acres logged off land.

E. E. Pickering and C. M. Randall of Pullsade, Neb., arrived this week, and have also come into Columbia county to look at some cut over land.

The Ontario and Ashland gateway offices still report home-seekers coming into Oregon. Two settlers were registered this week by the Ontario office: M. P. Fraley, Northome, Minn., who has located on a farm near Eugene, Lane county, and Frank Posse, of Yakima, Wash., who has settled in Multnomah county.

A number of California prospects are now in Oregon looking for farms, according to the latest report from the Ashland office. Richard Stevens of San Francisco is interested in Coos Bay and Marshfield; C. A. Smackelford, Garden Grove, Cal., is looking over the Rogue River valley; Henry T. King, Atwater, Cal., is interested in Bandon; J. N. Pollock, Enfield, Cal., is investigating Marion county and the vicinity of Salsburg; T. Stacey, Long Beach, is in Medford negotiating for a farm; G. A. Boist and brother, Santa Monica, are planning on buying a fruit farm in Jackson county; and Wm. Kangos, Los Angeles, is looking for a good dairy somewhere in the Willamette valley. Hy Marti comes as a real prospect from Los Angeles branch office. He is now in Lincoln county about to close a deal which will make him a new settler.

MacMillan Starts Again.

WASHINGTON, Aug. 26.—(A. P.)—The MacMillan aerial expedition has resumed its southward voyage after having been weather-bound for several days on the northwestern coast of Greenland.

An Old English Beauty Recipe

"Howard's Buttermilk Cream"

Says It's Nothing More Than Old Fashioned Ordinary Buttermilk in the Form of a Wonderful Cream. Is Guaranteed by All Good Drug and Department Stores.
