COMPLETE PLANS OF MEDICAL SOCIETY MEET NEXT WEEK

One of the outstanding features of the coming week in Medford is the 51st annual meeting of the Oregon State Medical Society, who will be guests of the Jackson County Medical Society. It has been the custom of late years to have addresses by men of national reputation as a special feature of the scientific program. This year two such men have been secured, Dr. C. A. Hamann of Cleveland, Ohio, and Dr. Alexander H. Peacock of Seattle, Wash. In addition to the papers by these two men, there will be papers on various medical and surgical subjects by members of the society.

A local committee of arrangements, consisting of Dr. J. J. Emmons, Dr. L. C. Hayes and Dr. E. A. Woods, has made provision for entertainment of the visiting doctors and their wives. There will be a tea and a luncheon for the ladies on two of the convention days and fishing and golf and auto rides for all who wish to use these methods of passing away the spare time. A unique feature of the entertainment this year is a supper tendered to the state society and ladies on the first evening Wednesday, by the Jackson County Public Health Association. This supper will be given at the Baptist church and will consist entirely of Jackson county products. This supper, so generously offered by this organization of public spirited women, will round out the general program to perfection.

The public meeting, to be held on Wednesday evening at 8 o'clock, should be attended by all who are interested in the public welfare.
