

ARMON CLOSES GOLDEN JUBILEE ASHLAND CHURCH

ASHLAND, Aug. 31.—With the Presbyterian church of Ashland filled to capacity the golden jubilee celebration closed with its final act given in the masterly sermon, "Church Triumphant," delivered by Rev. Charles F. W. Koehler of Spokane, Knox Presbyterian church, formerly the well beloved pastor of the Ashland church. The service was a union one, and there were present from Medford and Ashland, ten ministers, which included the former pastors and those of some of the local churches, were on the platform, the Rev. Mr. Angell from Clatskanie, to be here at the time. Special numbers in music were given, one, a duet, "My Redeemer," sung by the Misses Evelyn and Florence Allen. Two songs particularly appropriate to the occasion were sung by the choir.

After the services the farewells were spoken, the pastors standing for an hour bidding good-bye to brotherhood and friends. The Rev. Koehler and family leaving last night for Jacksonville to visit the Rev. Mrs. Edgar, going on then to port for a little rest before returning to Spokane. Dr. H. A. Carnahan is today for his home, as does Dr. Donaldson. Dr. F. G. Strange Saturday in Medford with his who lives there, and doubtless visit there before returning to land. The Sunday morning's service was the communion service, led by the Rev. Donaldson and Mrs. and was a most impressive. The reception of members and baptism of infants was also a part of the services, as was the reading of all messages from former pastors. Pious anthems and a solo by Miss were special features of the day. The church has been kept with golden blossoms and lovely flowers were sent from former members in California for the occasion. That might have been a tragedy if Friday evening on Church street, which intersects North Main street, a Ford had been about two blocks up and in absence of the driver started down hill, gathering momentum as it went. Providence had it that the Ford was at the foot of the street instead of crashing into a car on the crowded Main street, or curving over one of the many children who have a habit of playing in the street. For the most of the day the car kept in the middle of the road, turning into the store just the foot of the hill.

One of the pleasant things that opened in honor of Mrs. C. P. Miller was a banquet by the Martha chapter of the Westminster lodge, which was organized by Mrs. Miller during Mr. Koehler's pastorate here. It was given at the home Mrs. Hitchcock on Oak street, with large percentage of the membership present. A feature of the gathering, which had been planned as a surprise Mrs. Koehler, was the making of a Elsie Howell a life member. Howell, a former member, is now teacher in True Light school in Ton, China. She is the fourth to make a life member. Mrs. Koehler made one just before she left Spokane two years ago. Special features of the occasion were two beautiful solos by Miss Florence Allen and Miss Eva Foley at the piano, and helpful readings given by Mrs. W. Foley.

James Fagin, an alleged auto thief, picked up Friday night by Chief Subb, charged with stealing an in Portland. When arrested he accompanied by two hoboes on he had picked up on the road. Fagin does not deny his identity and named the man to whom the belonged before it came into his hands. Fagin leads one to suppose the car was obtained in a poker game.

Mr. and Mrs. Charles Lindsay and Fallon, Nev., Mr. and Mrs. Carpenter of San Jose, W. K. and Mrs. Drew of math Falls, all former members, among those who came especially to be present at the 50th anniversary of the Presbyterian church. F. and Mrs. George Andrews and F. of Corvallis, who have been a few days visiting at the home of Mr. and Mrs. Aaron Andrews Fairview street, Mr. Andrews' sons, and with other relatives in land and Medford, left Monday night for their home. A family party at the home of Mrs. Josephine and at the Andrews' home were special features of the visit.

Miss Able Thomas of Medford was at the Foley home Sunday, as Mr. and Mrs. Hartley and sons Roserick. They were here to attend Sunday evening service. F. J. Murphy left Saturday night for Hood River, where she teach the coming year. Her son, Mrs. Francis, will join her there. Miss Marie Andrews will teach in oma, Wash., and Miss Able Andrews returns to New Mexico, where will teach in the Almagordo high school. They leave this week for respective positions.

Those interested in making plans Pioneer day are to meet at the peer log cabin on Winburn Way, Tuesday, September 2, at 2:30 P. M. The notice stressed the importance of the meeting.

PORTLAND WINS GOLF TOURNEY FROM MEDFORD

In one of the most successful tournaments ever held at the Medford golf club a team of eight players from various clubs in Portland defeated the local golfers here Saturday and Sunday by winning two flights to one. W. J. Roup won the first flight from C. E. Nelson of Portland, 6 up and 5 to play. Walter E. Pearson of Portland won the second flight from L. C. Newlands of Portland 6 and 5 and George Roberts of Medford won the third flight, defeating Gordon Voorhies of Medford, two up.

H. Chandler Egan of Medford made the lowest score of the tournament when he turned in a 67 or 18 holes, establishing a new course record. He defeated Nelson in an exhibition game, but defaulted, so as to give the less prominent players a chance for the prizes. H. Thompson, captain of the Waverly golf team, made the second lowest score, a 76, but he defaulted to Roup, leaving Sunday morning for Portland. The closest match of the meet was between L. C. Newlands of Portland and Harry Rosenberg of Medford in the semi-finals of the second flight, finally won by Newlands, one up, on the twentieth green. The winners and the runners-up in each flight were given handsome prizes. A consolation handicap match was also held Sunday afternoon, and was won by Wheldon Middle of Medford with a net score of 73. H. Chandler Egan, who played scratch, was second with a 74. A return match between the two teams will probably be played in Portland at a future date.

The Pirates continue in their lead of seven games. The Giants have won eight games and lost eight in their engagements with the western clubs. Brooklyn polished off Cincinnati in both sections of a double-header program, 4 to 3, in ten innings, and 10 to 8, Bixey, Red twirler, was chased off the field by Empire Quigley. ELECTRIC COOKING —less watching

The roast, for instance—first a quick searing to seal in the savory juices, and then a slow cooking heat as in a fireless cooker. That's in the oven. But over here, something is simmering gently in a saucepan. Another pan is bubbling vigorously at the lid. Tomorrow morning's prunes are stewing leisurely between whiles.

Dinner is being prepared—and it must be watched, too. For each different dish requires a different method, a different heat. One fire will not do for all.

That's one reason why electric ranges, with their instantly regulated and easily controlled cooking temperatures, from a sizzling, searing heat in one place to a just-keep-it-alive glow in another, are so favored by good cooks. Electricity makes good cookery better, and easier.

And that, plus the surprising economy* of electrical cooking, is a reason why nearly one thousand eight hundred kitchens in the territory served by this company are now fuel-less and ash-less. Nearly one thousand eight hundred electric ranges have made them so.
