They have kept up their meetings through the summer, with Mrs. H. K. Tomlinson as advisor. Activities were stressed last year, but the plans have not been fully formulated for this. It is expected, however, that they will be quite worth while.

Mrs. G. E. Ed, Mrs. H. E. Attig and Mrs. Signe Alstrom are newly elected members. Tea was served at the close of the program, with Mrs. Louis Dodge and Mrs. William Myer at the pretty teatable. Mrs. Maxey was in charge of the social hour.

## Reginald Denny Comedy at Craterian

At Hunt's Craterian for the next four days, beginning today Reginald Denny's farce comedy, "I'll Show You the Town," will be the bill and is full of screamingly funny situations piling over each other.

In the role of a staid, but eventually ferocious young professor, upon whom devolves the superhuman task of "showing the town" to three different women simultaneously, without letting any one of them know that he is dancing attendance on any other, Denny finds himself in a series of predicaments which are truly delicious.

Add to that the presence in his rooms of a boyhood sweetheart who has left her huge and pugnacious husband and sought Denny's protection, and you have a farce comedy plot which is a corker.

The picture introduces a newcomer to the screen in the person of Miss Marion Nixon, a charming little miss with a most engaging smile. The usual comedies, concert numbers by Raymond Ballard and short subjects will round out the bill.

## \$10,000 ADDITION IS BEING BUILT TO PROSPECT HIGH

Living up to the reputation of being one of the finest and best equipped rural high schools in the state the people of the Prospect school district, No. 49, are having built a commodious \$10,000 addition to the old building, located directly across the road from the Prospect hotel.

This addition with ornamental front is now fast nearing completion, but will not be ready for occupancy until September 21st, in consequence of which the opening of school in that district has been postponed until that date.

The addition and the old building have been welded together into one structure, which has been declared by State Superintendent Churchill to be "the finest and best equipped rural school in the state." The new school plant will have for commodious school rooms, private room for the teachers, cloak rooms, a library, laboratory and a modern steam heating plant.

In addition the district has just advertised for bids for the construction this fall of a new \$4000 gymnasium for the school, to be located immediately adjoining the new educational plant of which Frank Clark of Medford is the architect.

Expert free advice is also on tap for the carpenters and others employed in erecting the addition and making other changes, from John Grieve, the octogenarian of Prospect, and his chum, R. H. Paxson the Central Point druggist, who has been spending his vacation at the Prospect hotel. While counting the passing autos and horse files daily these two men keep a watchful eye on the school building workers, and from their vast experience are always ready to give kindly advice when they do not accidentally fall asleep.

The Prospect school district has 40 pupils and three teachers this year, an increase of one teacher over last year. Prof. Chester Cook, who was at the head of the Jacksonville schools last year, will be the new head of the Prospect schools, and one of the teachers will be Mrs. Frances Pearson of Prospect.

## MEDFORD STORES WILL CLOSE ON LABOR DAY

Because of next Monday being Labor Day, a national legal holiday, another double holiday is in store for the people of Medford, as the Retail Merchants' Association, through Secretary Frank E. Redden, announces that all the retail stores will be closed all day Monday.

This, together with the fact that the postoffice, banks, city, federal and county offices will also be closed means that all other business will practically be suspended that day, affording residents who desire, to leave Saturday afternoon or evening on a double holiday outing trip, as there is no formal celebration of Labor Day in Medford.

## OH! MY BACK!

Aching Backs Make Life Miserable for Many Medford People.

It isn't right to suffer day in and day out with dull, unceasing backache. Or be utterly miserable with sharp stabs of pain whenever you stoop or lift. But chances are you will suffer these tormenting aches and pains as long as your weakened kidneys are neglected. You may have headaches, too, spells of dizziness and urinary disorders. Then use Doan's Pills—a stimulant diuretic to the kidneys. Experiences of Medford people prove the merit of Doan's.

Mrs. W. I. Longwill, 504 N. Grape St., Medford, says: "I had kidney weakness and a dull, rheumatic misery in the small of my back that was most depressing. Doan's Pills soon removed the trouble."

SEVEN YEARS LATER, Mrs. Longwill said: "Doan's Pills are a splendid remedy and I use them occasionally to keep my kidneys in good order."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Longwill had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv. With Medford trade is Medford made.

Your power company provides an abundant and never-failing supply of electricity but how well this electricity serves you depends largely upon the quality and completeness of your electrical installation.
