The double holiday and rain of yesterday placed the pear picking situation in somewhat of a muddle, due to the fact that a number of tourists and other regular pickers, who were laid off yesterday, did not show up for work today, and it was difficult to locate others to take their places. That was the situation this noon, Secretary Chris Gottlieb, of the U. S. employment bureau, stated, but the situation is expected to be ironed out by tomorrow morning. Some of the orchards picked yesterday, except when it rained hard, and others did not pick. A number of local packing houses also operated yesterday.
