

RAILROAD FROM MEDFORD EAST IS TERMED POSSIBLE

H. H. Corey, chairman of the public service commission of Oregon, was the guest and principal speaker at Wednesday's luncheon of the Lions club held at the Hotel Holland. Mr. Corey reviewed briefly the action of the commission in connection with the construction of new railroads in Oregon. The commission is now awaiting the determination of this matter by the Interstate Commerce commission and believes that a favorable decision will be very beneficial to all of Oregon, including the Rogue River valley. Five different applications filed by various railroads are awaiting hearing before the Interstate Commerce commission in Portland on October 5th. Mr. Corey mentioned as a possibility, some time in the future, of the construction of a railroad through Butte Falls to connect with the lines on the east slope of the Cascades, which would give the people of this and adjoining territory a shorter route to the east to points in Idaho and eastern Washington, as well as eastern Oregon.

Mr. Fred Williams, former Public Service commissioner and now a practicing attorney in Salem, also spoke about the railroad situation.

W. H. Gore was present as a guest of the Lions and made a few remarks concerning the problem involved in securing an appropriation from congress to relieve Jackson county taxpayers of the burden placed upon them by the reversion of a considerable number of railroad lands to the government some years ago. These lands are mostly vacant and do not bear their share of the taxes as was the case when they were railroad property.

The entertainment committee announced that the Orchard orchestra would present a musical program at the next Wednesday meeting. H. T. Hubbard, secretary of the club, was appointed as delegate to represent the club at a meeting to be held in Corvallis this coming week.

"Ten Commandments" Big Success.

The picture opens with the Biblical story of the exodus from Egypt, and there are many sequences in full color in this part of the picture. Special sets were built on a massive scale, and some of the largest construction jobs ever undertaken for a motion picture were carried to successful completion for "The Ten Commandments."

The Biblical prologue is followed by a modern story which illustrates the principles involved in the commandments. Many of the scenes in the modern part were taken in San Francisco. The cast includes Richard Dix, Charles de Roche, Leatrice Joy, Nita Naldi, Rod La Roche, Estelle Taylor, and many other favorite players.

Paramount Drama Highlight.

"Rugged Water," a story with plenty of action, interesting characters, and opportunities for beautiful and novel settings in a lighthouse and on sinking vessels, heads the new bill at the Rialto today. Irvin Willat, who made "North of 36" and "The Air Mail," produced the story for Paramount. Lola Wilson, Warner Baxter, Wallace Beery and Phyllis Haver are featured in the cast. It is a romantic drama of the storms and dangers of the New England coast. It's a story of the life-saving service.
