MEDFORD LEGION BUYS FLAGS FOR CITY DECORATION

The good natured membership of the Medford post of the American Legion, whose hearts have long bled whenever thoughts arose concerning the financial predicament of the poor down-trodden city government, while in an excessive lachrymose condition last night when they realized that the city council thought itself too poor to buy more street decoration flags to add to the few purchased a long time ago for city hall curb use, voted to present the city regime with four more flags.

Mixed in with soba and sighs Fred Scheffel, chairman of the post's flag decoration committee, made the motion for this municipal gift, which was unanimously carried by the weeping veterans. The four flags will soon be installed and hence on holiday occasions hereafter the city park frontage on Main street will no longer present so much undecorated space.

The post is talking of inaugurating a movement to have a number of citizens purchase such decorative flags to be placed on the curbs in front of their homes, as it is known that a number of people have expressed a desire to purchase such flag outfits.

The full flag outfit, consisting of large flags, 12 foot poles and holes placed in the curbing in which to place the poles, can be purchased of the post for \$5, including the cost of installation.

The coming Armistice day celebration of November 11th promises to be the largest celebration of its kind ever held in Medford and at its meeting last night the post appointed committees for it.

An Old-Fashioned Beauty Recipe

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in first-class drug stores by simply asking for "Howard's" Buttermilk Cream.

There is no secret about it nor is there any doubt about the result—it's just a common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth.

If you have not yet tried this simple, easy way to beauty, get a small quantity of Howard's Buttermilk Cream today and let your face be the judge. Your favorite toilet goods counter can supply you. A. J. Druggists are selling lots of it.
