"Cattle running in Ashland Creek canyon, are seriously threatening the water supply of the city, according to forest service men, who are stationed in the canyon," says the Ashland Tidings. "At the present time, several cattle, owned by George Mathis, local man, are ranging in the water shed, from which the city secures its water supply, the forest service man declared this morning. It has been understood that cattle have been allowed to drift into Ashland Canyon for some time. Last winter, according to reports received by the council, at least 15 cattle ranged in the canyon throughout the winter, protected from the heavy snows of the higher ranges." 160\*

Fruit growers got in touch with the government free employment bureau for apple pickers. Medford Chamber of Commerce. 154\*
