

TALENT IRRIGATION EXHIBIT TO GO TO BIG STATE FAIRS

The big Talent Irrigation community exhibit, which attracted so much admiring attention at the county fair last week because of its novel features, general set up and the excellence of the various products raised in the combined seven communities of the district—Bellevue, Valleyview, Colman Creek, Talent, Wagner creek, Griffin creek, Fern valley and North Phoenix—will be exhibited at the state fair, beginning next Monday, and at the Pacific International Livestock Exposition in October.

The purpose, as at the county fair, is to advertise the district, and Jackson county as a progressive section. The exhibit was not put on at the fair in competition with any other local community, but for the broader purpose of attracting the attention of the rest of Oregon and the Pacific northwest to the fine advantages offered by Jackson county.

Then too, the district, proud of its great advantages and opportunities, feels that after it had spent one and one-fourth million dollars to get an ample water supply on its productive soil, it should call the widest attention possible to its wealth in opportunities offered.

The district exhibit of its seven communities comprised the finest quality of grains, vegetables and the like and loads of canned fruit which made the spectators' mouths water, both put up ordinarily and for exhibit purposes. The canned fruit put up for exhibit purposes was done by Mrs. D. M. Lowe after many hours spent in painstaking effort.

The entire big exhibit, which was arranged with such novel and tasty effect, was divided into the following departments: Camp scene, agricultural, horticulture, dairying and gardening, home work including every day canned stuff, and a modern kitchen for demonstrating canning and baking.

The camp scene, which was especially effective in its forest setting, well equipped hunters' and fishers' tent, illustrated pointedly the fact that the district lies in the midst of a great hunting and fishing territory. Along with the Talent Irrigation District exhibit goes some financial figures of money realized from its varied products, that calls the attention of the whole world to its desirability.

In general the rural population of the seven communities of the district, exclusive of their towns, is 1000. In the district 205 families are users of electricity, and 39 families have electric ranges.

The total irrigable area is 13,100 acres, and the stored water is 24,200 acre feet, in addition to flood water. The estimated gross returns on 7215 acres for the year 1925 is \$840,000. The gross earnings on 1700 acres of pears is estimated at \$274,000, and on 970 acres of apples is \$177,510. The estimated gross earnings on peaches, apricots, cherries, (153 acres) is \$211,117.

Here are some other very telling estimates for 1925 gross earnings: 675 acres of grain, \$20,700; 372 acres of pasture, \$4,300; 445 acres of garden, \$35,000; 650 cows, \$75,000; 13,000 chickens, \$20,000; other live stock, such as hogs, turkeys, horses, bees, \$15,000.

Sham Battle Tuesday, Sept. 29

The sham battle that was to have been put on this week at the fair grounds for the benefit of the Jackson County Fair association has been postponed until Tuesday evening, September 29th, owing to arrangements having to be made with the Ashland and Grants Pass companies.

You can't afford any but the BEST

Oil is the life blood of your motor. It must endure or your motor can't possibly endure. The oil you use dictates how long and how efficiently your motor is going to run. You can't afford chances.

MonaMotor oil puts a reliable film of protection on the moving parts of a motor. MonaMotor insures more power and longer life. High motor temperatures, heavy duty, and fast driving will not dull the fine lubricating properties of MonaMotor.

You can't afford any but the best—and that is MonaMotor Oil.

Vaudeville Program Craterian Tonight

Music and comedy predominate in the association vaudeville at Hunt's Craterian tonight. The Ginger Jazz Revue is the headliner. Instrumental numbers on saxophones and piano constitute the musical end of the act, while the vocal numbers are ably handled by Raymond Sykes. The dancing features are done by Archie Grant, Raleigh Wallace and Babe Berger.

With the appearance of Gene Austin and Kathryn Arnold you have the privilege of seeing and hearing one of the most popular recording artists on

A Ginger Jazzer.

the Victor company. Gene Austin. He introduces two new ones: "How Comes You Do Me Lak You Do" and "When My Sugar Walks Down the Street." Miss Kathryn Arnold sings and dances the latest fast and fancy steps.

"Two Wise Crackers" of the cross roads village type are Mills and Duncan who spend their spare time in the rural communities studying and getting into closer touch with the types which they endeavor to portray on the stage.

Happy Busch and Ethel Joy helped to make jazz famous in France during the war when they brought "Joy" and "Happy"ness to many thousands of the soldiers. They specialize on the saxophone, violin, piano and ukelele and also sing jazz numbers.

Fox and Barno who have with classic gymnastic and strong man presentations in the world, top off a variety program that for entertaining possibilities is unequalled.

W. O. W. Campaign

Join the Woodmen of the World and get your protection at cost. Campaign now going on.

Men 16 to 59 eligible. Initiation fee \$5.00, which includes medical examination. For further information see T. T. Chave, district manager, or E. C. Silliman, Clerk, 206 West Main street. 158*

ROYAL ARCH MASON REUNION THURSDAY

Ashland, September 23.—Nearly a dozen chapters of Royal Arch Masons are expected to participate in a fraternal reunion of that order at Ashland, on Thursday evening of this week, September 24, Masonic hall in that city, being the center of the gathering. Medford, Jacksonville, Grants Pass, and Klamath Falls chapters have signified intentions of sending delegations, and invitations have been extended to California chapters as far south as Chico. John K. Kollock, of Portland, and Charles H. King, of Sebastopol, grand high priests of the jurisdictions of Oregon, and California respectively, will be present. Other notable fraternal circles who are expected, include Grand Master Kelly, of Albany, Past Grand Master Ballie and Grand Secretary Cheney, of Portland, and Grand Commander Magee, of Klamath Falls.

At this gathering business routine will be dispensed with, the reunion event being preeminently a social one. The Chapter locally, Siskiyou No. 21, under the auspices of which the reunion is being held, will open at 7:30 o'clock, the grand representatives being officially received at 8. The banquet will be served at 8:30, after which a program of addresses, etc., will be in order. Charles H. King, heading the grand chapter body of California, was formerly a well known resident of Medford, afterwards removing to Santa Rosa, and is now located at Sebastopol, engaged in the fruit business.

All Royal Arch Masons, regardless of any particular chapter affiliation, are cordially invited to attend this reunion.

Rogue River Pears Sell for \$9.25 Box, New York City

C. C. Lenmon, local representative of Sgober & Day of this city, received a wire yesterday announcing the sale in New York of a car load of Seckel pears, from the Del Rio orchards, averaging \$5.67 per box, and some sold as high as \$9.25 per box.

This is truly a remarkable price, but the quality of the pears is possibly unexcelled anywhere in the United States.

New Home Product On Local Market

A new home product will be put on the market tomorrow by the Snider Dairy and Produce company, known

as the Creamed Cottage Cheese, that will be made from pure milk and cream.

According to Howard Grover, of this firm, this new cheese is a superior product and is as good as any on the market and will be on sale at most of the grocery stores tomorrow. It will create a good market for

the farmers' milk and cream as the demand for the cheese grows, the company predicts.

George Simmerly of Butte Falls will leave tonight for Eugene where he will resume his studies as a Junior this year in the University of Oregon.

We take all the heavy work

Only a little ironing for you

All washday work is trying enough, but most women will agree that the muss and the fuss of washing, and ironing of the large, heavy pieces is hardest.

This service relieves you of all this, and at a cost which you will agree is most moderate.

We call for your bundle; wash everything in clean, sparkling water—without rubbing or scrubbing; rinse in oceans of more soft water, and dry in a warm, purifying breeze that penetrates every pore, giving sweet, refreshing cleanliness.

This drying leaves many pieces ready to wear. Heavy flat-work like sheets, tablecloths, etc., we iron. We leave for you only the ironing of the lighter pieces—all the washing done; all the drying done, and most of the ironing.

You will find this service most inexpensive—really less than what it would cost you to do this work at home.

Telephone today and have us take your next washing.

BEAUTY • COMFORT • CONVENIENCE • UTILITY

The Smart New Tudor Sedan Will Especially Appeal To You

The Ford Tudor Sedan, recently announced, is an attractive closed car with all-steel body in deep Channel Green, and bright nicked radiator.

A pronounced stream-line effect has been achieved by dropping the chassis and lowering and lengthening the body. This also results in greater riding comfort because seats are low and deep, and the car is roomier.

See your nearest Ford dealer and have him explain the many new features, such as gas tank that is filled from outside, one-piece ventilating windshield, large fenders, attractive upholstery, wider running boards and doors and improved brakes.

Remember—this added beauty, comfort and convenience is offered at no additional cost. FORD MOTOR COMPANY, DETROIT, MICH.
