

Nerves All Unstrung?

Medford Folks Should Find the Cause and Correct It.

Are you all worn out? Feel tired, nervous, half-sick? Do you have a constant headache, sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys.

Medford folks recommend Doan's for just such troubles. Mrs. A. E. Dodge, 242 S. Holly St., Medford, says: "I am glad to say a good word for Doan's Pills, as they have given me splendid results. My kidneys were weak and I was run down and nervous. I tired easily and was often unable to do my housework, as my back ached as if it were broken. I also had dizzy spells and my feet and ankles swelled. Doan's Pills soon strengthened my kidneys and all the symptoms of kidney disorder disappeared."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Dodge had. Foster-McBain Co., Mfrs., Buffalo, N. Y.

FORMAL OPENING LITHIA SPGS. HOTEL HELD NEXT WEEK

ASHLAND, Sept. 23.—The formal opening of the new Lithia Springs hotel, which occurs Monday of next week, will be marked by a dinner served from 5 until 8 P. M. The program is presented at 8 o'clock, at which a number of prominent speakers will be heard, at the conclusion of which the splendid hotel will be thrown open to the public for inspection. Representatives of the largest hotels on the coast will be present, as will secretaries of nearly every chamber of commerce in the state. It is expected that the majority of the stockholders, of which there are 500, will be present to inspect the building, since but few have visited it for that purpose, preferring to wait until its completion. Additional features to be added during the week will make this a very pretentious program.

Music in the schools, the band, and the musical organization of Ashland, the Music Study club, were phases of the general topic of music which was discussed very interestingly at the chamber of commerce luncheon at the Lithia Springs hotel Monday.

Mrs. H. C. Galey, former member of the board of education, was the first speaker at the music forum, telling of the courses open to pupils in the public schools and of the intensive work that may be done. The band was the theme of the address of William Briggs, who recommended that the board of directors appoint a committee to care for the band concerts, that the members of the band need not find it necessary to solicit funds for a continuance of the work. The president of the Music Study club, Mrs. John H. Fuller, represented that organization and presented its aims and work in the final address given. What is the ultimate goal of the club was named in the speaker's closing statements. There were several special musical numbers given. Miss Morton sang twice, accompanied by Mrs. Ruth McDonald, as did Carl Loveland, with Mrs. McDonald at the piano.

In an interesting letter from Miss Mary Young, missionary in Korea, who states that there were but two stormy days on her ocean trip, she tells of the recent appalling flood in which so many lives were lost and so much property destroyed. Miss Young says that unless these unfortunates receive assistance death will follow from starvation.

From letters received by friends, Mrs. Eunice Andrews Kibler, who will teach in Hawaii the coming year, has arrived at her journey's end after a most delightful voyage. She writes very entertainingly of the passage and of her fellow travelers and experiences on board ship.

Messrs. F. G. Swenning, his son, W. J. Swenning, who has been visiting at the parental home from Manila, Iowa, with Charles Blake, have just returned from a combined hunting and fishing trip via Crescent City and Sandon, with which the weather man interferred sadly, the party not being able to do either to advantage, but they brought home a quantity of huckleberries; delicious, but not so large as those found near Lake of the Woods.

Mr. and Mrs. C. B. Lamkin were in Ashland Monday from their ranch near Talent.

Mrs. Mary L. Mathews of Medford was a guest at the home of her brother, Aaron Andrews of Fairview street, recently. They all visited the fair the next day.

Mrs. Aaron Andrews and Miss Rita Andrews returned Saturday from a trip to Josephine county, where they had enjoyed a pleasant visit with old friends.

It is pleasant to record that in the prizes awarded for floral exhibits, Mrs. H. H. Elhart of Ashland, whose flower garden is a source of joy and pride to all who see it, received three first prizes and one second on dahlias and one first and two seconds on roses and other flowers.

Mr. and Mrs. H. H. Elhart, little son Billie, and their house guests, Mr. and Mrs. J. L. Elhart, were weekend visitors at the home of Mrs. H. H. Elhart's sister, Mrs. Perry Wait near Gold Hill, on Sardine creek.

The Rev. W. Judson Oldfield is to deliver the address at the meeting of Mount Ashland chapter of the D. A. R. which is held Friday afternoon at the home of Mrs. J. P. Dodge on the boulevard. This is the first meeting and is commemorative of Constitution day.

The Rev. S. J. and Mrs. Chanoy of the First Methodist church expect to attend the conference which convenes in Eugene beginning Sept. 28 and continuing until October 4.

Miss Ramona Wise arrived home Saturday from Portland, where she is in training at the Emmanuel hospital. Miss Wise has been there for some months and says that she enjoys the work very much. She expects to spend perhaps a fortnight with her parents, Mr. and Mrs. Louis Schwein of Church street.

Mrs. William Glenn of near Talent was in town Saturday to attend the funeral of Mrs. Luke, whose death occurred last week.

The C. E. society of the Presbyterian church will have a party Friday evening. Different committees have in charge the different phases of the affair and very happy plans are being made looking forward to the general good time expected.

PIRATES WIN AND PENNANT IS NEAR, HARRIS INJURED

NEW YORK, Sept. 23.—(A. P.)—Clutching of the National league pennant by a victory on their home field over Philadelphia was possible for the Pittsburgh Pirates today as a result of triumph over Fletcher's club yesterday, 14 to 4.

While the senior league leaders were gaining a half game on the running up Giants, the champions Senators in the American league were moving up a full game on the Athletics as a result of a 3 to 2 triumph over the Indians. Defeat for the Mackmen, 1 to 0, at the hands of the St. Louis Browns increased Washington's lead to eight and one-half games and necessitates the Senators winning only three of their 11 remaining games to clinch the flag.

The Pirates boosted their advantage by throwing out a barrage of 19 hits of three Quaker batters, two of which were home runs by Hazen Cuyler.

Stanley Coveleskie's 20th pitching victory of the season was attended by an incident which may cripple Washington in the world's series. Washington in the world's series, Stanley Harris, manager and second baseman of the champions, suffered an injury to his throwing hand when he was spiked on the middle finger in sliding to third base. He had to retire from the game. Clark Griffith, president of the Washington club, was doubtful about his chances of starting the post-season classic.

The Browns' close verdict over the Athletics, resulting from brilliant hurling by Glard, kept the Sisler entry three full games ahead of Detroit in the fight for third place in the American league despite a double decision taken by the Tigers over the Red Sox, 11 to 7 and 2.

Twenty-six hits were collected by Cobb's men, 11 of them being clustered in the second game behind the former hero, Cross pitching star, Owen Carroll, who won his initial major league triumph in a full inning contest. A liberal sprinkling of home runs featured the splitting of a double-header by the Yankees and the White Sox, 11 to 6 and 4 to 2.

Babe Ruth went hitless in both games, but Bob Meusel bagged his thirtieth and thirty-first circuit clouts of the year, one coming in each game. Pashal also made two homers both in the first game.

The Braves drew up to within two games of fifth place in the National, in spite of their iltness, as a result of the ninth successive defeat of Brooklyn. The Robins went 12 innings only to suffer a setback at the hands of the Cubs, 3 to 2, being held to four hits by Alexander and Jones.

SEX DETERMINES INTELLIGENCE SAYS SEATTLE PROFESSOR

SEATTLE, Sept. 23.—(A. P.)—Sex determines intelligence, Dr. W. C. Reavis of Chicago has decided after giving tests to a thousand Seattle school children from the sixth to the twelfth grades. Dr. Reavis disclosed the results of the tests before the principals' association here last night.

The tests were based on "information" and "attitude." Out of a possible twenty points the medians for the boys ranged from 7.4 in the sixth grade to 16.3 in the twelfth on information and from 12.1 to 17.8 in the attitude tests. The girls' medians ranged from 7 to 15.3 in information and from 12.3 to 17.5 in attitude.

"Up to the senior high school year, the girls show a superiority to the boys in their general civic attitude," Dr. Reavis commented. "After that they lag behind the boys in their sense of responsibility as citizens."

"On the other hand girls manifest an indifference to the facts of economics and law which shows the boys to be much the better-informed sex."

The Screen

By The Press Agent.

Marion Davies at Rialto.
If one were to tell in detail the plot of "Under the Great," which opened yesterday at the Rialto starring Marion Davies, half the enjoyment of future audiences would be spoiled.

In this picture Miss Davies evolves from a little orphan girl in an asylum to a young woman of strong character, great beauty and charm of manner. It is upon the exciting incidents and unusual situations that arise from the fact that as Mamie, the lovable, whimsical heroine, Miss Davies finds herself the center of a hotbed of plot, counter-plot, adventure and romance.

The drama whirls and vibrates around Mamie's adopted child. The comedy touches are supplied by Holbrook Blinn, Harry Myers, Richard Carle and Harry Watson, Jr. while the more serious and dignified incidents are enacted by Harrison Ford and Robert Howarth.

A Spatt Family comedy, "Wild Papa," International News and Bertrand Wortman at the organ, rounds out a splendid bill.

Giant Beasts a Feature Photoplay

Amazement, surprise, disbelief in one's own eyes, are said to be aroused by "The Lost World," which will be seen for the first time in Medford on the screen in Hunt's Craterian tomorrow night.

Movie makers have long promised "something really new"—a second

"Birth of a Nation"—a photoplay that will start a new chapter in film history," and the like. This picturization of Sir Arthur Conan Doyle's fantastic story is said to come nearer these promises than any film play brought to the screen in a long time.

School textbooks say that the dinosaurs became extinct at least 10,000 years ago. Yet in this film monsters of the reptilian age are said to come to life with a reality.

For those who like romance there is Lloyd Hughes and Lewis Stone

struggling for the heart of Helen Love. For those who hanker for adventure there are the episodes in which Hughes and Stone, Wallace Beery, Miss Love and Arthur Hoyt fight for their lives against the monsters of the lost world.

A Family Affair
LOS ANGELES—Three hefty bootleggers, members of one family, were assessed one dollar a pound, or \$108, when they pleaded guilty to charges of selling illicit liquor.

Fire May Rob YOU of Your Valuables

Are your Liberty Loan and other bonds, your insurance policies, receipts, contracts and other valuable papers left around the house—on a shelf in a closet, in a bureau drawer, or a cardboard box, perhaps?

Our safe deposit boxes will give you protection at a trifling cost—compared with the comforting peace of mind. We'll be glad to show them to you.

DR. RICKERT'S EYE TALKS

THERE ARE FEW NORMAL EYES IN THE WORLD

Emmetropic Eyes, meaning those that are normal in youth are rare. Most eyes have not the proper focusing accommodation. When these defects make themselves apparent no time should be lost in consulting a competent authority. Our optometrist will search out for you in scientific fashion the eye troubles that are interfering with your vision and we will make glasses to correct them.
