Those rich flavors that come only from *Coffees* aged in the *Tropics*

Reputation Through Merit

The housewife who has served S&W Telephone Peas, Baby Kernel Corn or Hawaiian Pineapple can appreciate the extraordinary goodness of all S&W Fine Food Products—fruits, berries, hominy, celery, fish, condiments, coffee, jams, jellies, marmalade, etc.—practically every variety of fine foods, each upholding the famous S&W reputation for excellence.

Delectable flavors hidden deep within fine coffees, but which time alone can develop and prepare for your delight!

Ordinarily, coffee—no matter how fine in quality—brings to your cup but a portion of its *real* goodness. That is because the deep, mellow richness natural to the best coffees comes only from "aging" in the tropics. But coffee crops are shipped so promptly, to fill the immense demand, that only a little remains to be aged. These are the prized coffees.

S&W Coffee is a blend of these rare aged coffees. To this blend is added just a trace of new coffee to emphasize, ever so little, the smooth, mellow flavor.

You'll probably discover in S&W a coffee-taste different from any you've ever experienced. But your palate soon recognizes the rare flavors of aged coffees. Your coffee appetite is more readily satisfied—your coffee enjoyment the greater.

S&W is vacuum packed in the new key-can. Now is an excellent time to start to enjoy this better coffee. It upholds the reputation for extraordinary goodness belonging to all S&W Fine Food Products.
