

ASHLAND WOMAN CALLED BY DEATH, FUNERAL TODAY

ASHLAND, Sept. 30.—The many friends of Mrs. Frances McWilliams Spencer were grieved to hear of her death Monday evening. Mrs. Spencer has been in ill health for some time. She has long been a resident of Ashland and for many years was a well beloved teacher in the public schools of the city. During the past few years she taught in Oakland, California. She was married last June to James Spencer of Ashland. Funeral services will be held this afternoon from the Episcopal church.

The Odd Fellows and Hebeceas jointly observed their fifth Tuesday by a pleasantly spent social evening. At 7 o'clock a bounteous repast was enjoyed by over a hundred members and their families. Later all adjourned to the lodge room where a short but delightful program was given, the main feature being a reading by Dr. Mattie Shaw delivered in her usual pleasing manner. The latter part of the evening was spent in dancing.

The Salvation Army held its annual harvest festival celebration last night at the barracks on Fourth street. A pleasing program was presented under the guidance of Envoy Schwindel who is in charge of the Army work in Ashland.

Funeral services for William Lindsay were held Tuesday afternoon at the Stock Undertaking parlors, under the auspices of the G. A. R. Mr. Lindsay was born in Wisconsin Aug. 24, 1840. He was a veteran of the Civil war, fighting with the Union forces. He lived the last 22 years of his life in Ashland.

Marcus Woods and George Francis Barron, students at the University of Oregon, were recently pledged to Lambda Psi.

A delightful three course luncheon was given Sunday by the Misses Edna Goheen and Bertie Haan at their apartment on Oak street. Covers were laid for six. Bouquets of vari-colored astors furnished the decoration for the rooms. The guests were the Misses Beryl Jarmon, Helen Holtan, Juanita Tarr and Ethel Tempia. The afternoon was spent showing the eastern girls some of the beautiful Rogue River valley orchards and when they returned home at a late hour their arms were laden with many varieties of fruit.

Biggs Barker fell from a tree Monday and suffered a broken right arm, just above the wrist.

Mr. and Mrs. Cleo V. Howell are moving from their home on Van Ness to the Chattin apartments on Hargadine street. Mr. Howell is instructor of biology in the Ashland schools.

The Lithia Springs Hotel put up its beautiful electric sign Monday afternoon. The sign represents a fountain of lithia water and at night when the lights are turned on the lithia water appears to be continually bubbling up out of the fountain and running down the sides, and forming a pool at the base of the fountain.

Miss Mell Carter, teacher in Junior high school, spent the week end with relatives in Central Point.

It is reported that Mrs. Daisy Stephenson, who was operated on for goiter at a Portland hospital, was able to leave the hospital the first of the week.

"Shore Leave," Craterian.

Richard Barthelmess in "Shore Leave," begins a three days run tomorrow matinee. "Dick has been a soldier in "Classmates;" now he becomes a soldier in the navy.

Once on "shore leave" in a little New England fishing village "Bilge" had a flirtation with the town doctor, and she takes his attentions seriously. Her father had been a ship owner and had left a freighter in the mud someplace in the Orient.

Connie finds out "Bilge" would like to be a captain of a freighter, so while he is away she sends a man to hunt up the old ship; he brings home a rich cargo and Connie is suddenly a person of consequence.

But she has to give away her wealth before "Bilge" will think of matrimony, for he won't marry a "rich skirt."

Dorothy Mackall is the Connie, others are Ted McNamara, Niek Long, Marie Shotwell, Arthur Metcalfe, Warren Cooke and Samuel Hines.

Gibson Pleases at the Rialto.

"The Thrill Chaser," the Hoot Gibson special production, which opened yesterday at the Rialto theater is a wonder.

"The Thrill Chaser," however isn't told entirely in filmland. The story carries the "actor" man hero into far away Arabia, where he earns twenty-five thousand dollars as a "double" for a real sheik.

The mere fact that he ruins scenes in several big pictures is only one of the many funny things that befall this hero. He isn't a hero, as a matter of fact, until he lands in Arabia. It's the real Arabia, with sheiks by the tenful.

Billie Dove is the leading woman, while James Neill, William E. Lawrence, Gino Garrado, King Hargot, Hobart Henley, Norman Kerry, Mary Philbin, Reginald Denny, Laura La Plante and Sedgwick Jenkins are in the cast.

The Edlow-Spring mattress is made with many layers of snow-white, felted, staple cotton—interlaced curled hair and the patented Edlow-Springs.

As handsome in daytime as restful at night

AN Edlow-Spring mattress as when "dressed up" for the day will give many a fussy housewife a "pleasurable thrill." No bumps or hollows. No sagging over the edge of the bed.

The Edlow-Spring is the only basic improvement in mattress construction for many years. A series of flexible, piano-wire springs are built between many layers of snow-white, felted, staple cotton and interlaced curled hair.

Every Edlow-Spring mattress bears a label guaranteeing it not to sag, stretch or lose its resiliency for 20 years. In case of failure, a new one free of charge.

Costs less than 1 cent a night.

Medford Rotary Club News

The Tuesday noon luncheon of the Rotary club was attended by Harry Leland of Los Angeles, Whit Given of Monrovia, Harry Watson of Los Angeles, George Riddle of Grants Pass, and Max Fraser of Oskaloosa, Iowa, as well as by most of the members of the local club. Carl Swigart being absent, sent a telegram saying he would attend the meeting in San Francisco today. Vice-president Win Vinson presided, assumed the usual fines and ruled with a rod of iron (one of Emil Mohr's silver knives). Funny these doctors can't leave the knife alone.

The principal speaker and guest of the club was J. B. Coleman, county assessor who spoke on taxes. He said in part that taxes had increased from \$114,964 for the year 1917 to the amount of \$1,493,344 for the year 1924. These figures cover the county, state and special tax for Jackson county. He stated that 97 per cent of the taxes are voted by the taxpayers themselves and consequently they are responsible for these amounts. He insisted that re-valuation of property is the solution of a part of our trouble and urged that taxpayers study the problems with a view of lessening the burden. Harry Walters made a statement concerning the recent taxpayers' conference held in Portland with representatives from 11 western states. Secretary Walter Leverette personally called attention of the club to improvements recently made in front of his residence by the power company. Harry Leland attempted to disclose a counterfeited ring, but after a long talk only succeeded in passing a Mexican dollar on Fred Greene who obligingly acted as collector of customs and was rewarded by being fined for his pains. The meeting adjourned promptly because Win had an appointment.

An extension of time until November 24, to allow his attorneys, Gavford and Borden of this city to perfect an appeal to the supreme court was granted Tuesday by Circuit Judge C. M. Thomas to T. Edy, jurkman, under 20 years' sentence in state prison upon conviction on a statutory charge involving a ten year old girl, living at Gold Hill. Edy, a man in his early sixties, was tried and found guilty by a jury at the May term of court.

Good Program for Vaudeville Tonight

In the Association vaudeville program at the Hunt's Craterian tonight "The Peter Pan Revue" is presented by Miss Berenice Brin & Co. It is a gorgeously staged and beautifully costumed singing, playing and dancing number.

Charley Covert "Jazzologist," mixes numbers on the ukelele and jazz horn with his other routine which helps to demonstrate her versatility as an all round entertainer. Lovers of eccentric dancing, acrobatics and good comedy will find rare treat in the act of Hart, Roberts and O'Neil, who present what they term "European Eccentric Oddities." They are European artists. Bell and Darling have a clever act called "The League of Nonsense." It is for laughing purposes only and fills the bill.

A well balanced capable show is nicely rounded off by the wire act of Lyle and Irma Conner in a delightful bit of entertainment which they call "On the Wire."

All Matters Pertaining to the Various Measures on the Ballot and the Water Question Will Be Explained.

The General Public Is Earnestly Urged to Be Present at This Meeting; Also the Ladies.

....Clean as a whistle!....

Why the emphasis on "cleanness," you ask. Simply because *true* cleanness in gasoline has a lot to do with getting your money's worth from the gasoline you buy—"more miles to the gallon," in other words.

Of course, freedom from impurities in gasoline promotes *clean* burning and *clean* cylinders. That's one advantage.

But of greater importance is yet another type of cleanness—not seen, but *felt* in your motor. Let us explain:—

Associated Gasoline is given a scientifically determined range or "chain" of *boiling points*, gradually rising from the more volatile parts on up through the heavier or power-yielding elements.

Hence each "charge" of Associated Gasoline ignites instantly at the spark, and explodes or "burns" completely on the down stroke of the piston. Your motor gets all the impulse in every "charge"—another explanation of "more miles to the gallon"—and there's no unburned fuel to gum the cylinders.

Use Associated. Get "more miles to the gallon" through *sustained quality*.

Associated Gasoline

They are worthy running mates for your motor. Their rigidly sustained quality gives you greater mileage and longer car life.
