New Management—New Music—New Hall

START TO BUILD DISPUTED FENCE ON M. H. S. FIELD

As a result of the meeting of the school board last night, the erection of the fence to enclose the new high school athletic field on West 2nd Street began today. Harry D. Mills, chairman of the fence building committee, having been given full authority to order its erection.

Facing Second street the fence, it was decided, will be four feet high with a three foot hinged extension, hanging either in or outside the fence as the carpenters see fit. The rear of the field, or the northern end, and portion of both sides not between adjoining lots will be enclosed with a 7-foot fence. The four foot height will be used near adjoining lots and residences with seven foot posts for the purpose of supporting the extension when football or other games are in progress.

A letter recently received by the board signed "2nd Street Owners," objected to the erection of any kind of fence and suggested that if one must be erected, it should be constructed of heavy steel meshed wire and be 19 feet high. The proposal was considered by the board, but the cost was found to be prohibitive, as \$3000 would be needed to enclose the field, containing 30 lots. Objections other than the cost were also raised. Board members contended even though it excluded spectators from the field it allowed observation through the meshes and would be a continual temptation for young boys to attempt to climb eventually ruining its structure. The proposal offered by the 2nd Street owners also suggested that the posts of the fence should be set in concrete.

While this was under consideration several taxpayers, not living in the 2nd Street section, notified the board members of their objection to the erection of such a fence when three-fourths of the materials for a more practical enclosure were already on the ground at a cheaper cost. They believed the expenditure of \$3000 to be unwarranted in this case as over three-fifths of that amount could be saved by using the material on hand. At the same time citizens, other than those on 2nd Street, urged the board to erect a fence of any nature, putting that body in an uncomfortable position in their effort to please both sides of the fence building controversy.

The school board realizing its position, which figuratively speaking "was between two fires," put forth every effort to give satisfaction to all parties concerned. Last night with that thought in mind, they decided nothing else could be done other than to proceed with the erection of the fence, a permit having been already granted by the city.

ELABORATE PLANS ARMISTICE DAY BEING PREPARED

In preparation for the coming Armistice day program celebration here the various committees of the Medford post of the American Legion are arranging to excel all previous features in the way of entertainment on that day.

One continuous round of amusement from 9:30 a. m. till midnight is the plan. The big patriotic parade will be a revelation, it is claimed, to those who are looking for a regulation "small-town" procession. Elaborate floats by leading industries of the valley, decorated automobiles of every description and other features will serve to lend variety to the many marching bodies which will be in line.

The annual football game between Medford high and Ashland high will draw a large attendance and the patriotic ball in the evening will top off the day's celebration. Numerous other events will be sandwiched in between the big features and will provide entertainment for young and old.

KLAMATH FALLS EDITOR AND WIFE VISIT HERE

Mr. and Mrs. E. J. Murray, the former editor of the Klamath Falls Herald came over last evening on business and to visit friends. Mr. and Mrs. Murray are pioneers in the newspaper business in Klamath Falls and run a livewire evening daily.

They have been much interested in the progressive spirit of Medford and the proposition of bringing plenty of pure mountain water, and feel sure the people will give a majority for the water and new city hall.

They are loud in their praise of the Klamath country and its wonderful future progress, especially as to railroads and lumber.

Banker's Wife Advises People of Medford

"I had stomach trouble so bad everything I ate soured and, formed gas. Was miserable until I tried Adierka. This helped the first day. Adierka helps any case of gas on the stomach unless due to deep-seated causes. The CHECK action will surprise you. Because Adierka is such an excellent intestinal evacuant it is wonderful for constipation—it often works in one hour and never gripes. H. C. H.'s Drug Store. Adv.

FINAL ELECTION RETURNS EXPECTED ABOUT MIDNIGHT

The special election day opened up this morning with fine sunny weather, which continued all day and presaged that practically the full vote of the city would be cast before the polls closed this evening at 8 o'clock.

The early voting up to 11 a. m. contrary to expectation in view of the nice weather, was quite light in comparison with previous regular elections, which from the general interest manifested in the outcome of the various features of the election indicated a tremendously heavy vote for this afternoon and evening. At 11 a. m. in a number of the large precincts only from 17 to 39 voters had cast their ballots.

Although there are about 4500 total registrations of Medford voters the vote cast at regular elections in recent years has been around 2500 until the last national election when 2800 votes were cast. The leading proponents of the water bonds, city hall-out house and other issues planned an effective organization last night to get all the voters out to the polls today, and to have fifty cars canvassing the city and taking backward voters to the polls. The opponents also had some sort of organization to get out their full strength at the polls.

The total unofficial returns will probably not be known until after midnight. The officials at the various polls, after the balloting ceases at 8 p. m. will as usual take an hour for dinner and rest, therefore the counting will probably not begin until 9 p. m. Upon the completion of the count at each precinct notices of the result will be posted outside each voting place, and the returns will be given into the charge of City Recorder Alford.

S. O. ADVERTISING PLAN FORMULATED

Representatives of the Southern Oregon Chambers of Commerce met at Grants Pass yesterday for the purpose of discussing a unified plan for advertising southern Oregon as a whole. A comprehensive advertising program as outlined by the H. K. McCann company, was submitted by W. H. Crawford of the Copco organization and discussed at length.

It was generally conceded that a concerted advertising effort of this nature should accomplish excellent results in attracting tourists, settlers and industries to the cities of southern Oregon. Future plans were outlined and the subject of financing an extensive program of this nature was given careful attention by all present. This is the second meeting to be held in this connection, the first one having been put on in Ashland two weeks ago. It is expected that another meeting will be called in the near future and that the project will take definite shape at that time.

Among those present at yesterday's meeting were the following: L. B. Tuttle, J. D. Russell and H. L. Bromby of the advertising committee of the Medford chamber of commerce; Lloyd Crocker, president and J. Antles, secretary of the Roseburg chamber; Lynn Sabin, secretary and L. McNeely, chairman of the advertising committee of the Klamath county chamber; C. A. Swope, secretary of the Grants Pass chamber, and Paul B. McKee and W. H. Crawford of the California Oregon Power company. The meeting was presided over by Mr. Swope of the Grants Pass chamber of commerce.

Funeral Notices

Funeral services for the late Mary Jane Meeker, aged 82 years, mother of W. H. Meeker, Ella Anderson of Medford and Hattie Shaduch of Portland, will be conducted Friday, October 9th at 2 p. m. from the Conger Funeral parlors; interment will be made in the Medford cemetery.

SICK WOMEN OF MIDDLE AGE

Can Be Carried Comfortably Over
The Critical Period by Lydia E. Pinkham's Vegetable Compound
—Note Mrs. Headden's Case

Macon, Georgia. — "During the Change of Life I suffered with my whole right side and could not lie on my left side. I was in bed about two months and could not get up only as my son would lift me. After doctoring without relief a man who was rooming with us told my son that Lydia E. Pinkham's Vegetable Compound cured his mother at the Change of Life, so I began taking your medicine. After taking it for two weeks I could get out of my bed by myself. I am now 53 years old and in better health and stronger than ever in my life. I have recommended the Vegetable Compound to many suffering women, young and old, and you may use my name anywhere as long as you please. I will be glad to answer any letters sent to me."

—Mrs. F. B. HEADDEN, 5 Hoyt Avenue, Macon, Georgia.

In a recent country-wide canvass of Lydia E. Pinkham's Vegetable Compound, over 200,000 replies were received and 98 out of every 100 reported they had been benefited by its use. For sale by druggists everywhere.
