WASHINGTON WINS THIRD BY ONE RUN

Fatal 7th Proves Too Much for Pirates After Gaining Lead of Two Runs—Goslin Hits Home Run—Pirate Rally in 9th Brings Fans to Their Feet.

Pirates Protest Victory. WASHINGTON, Oct. 10.—(A. P.)—Bill McKechnie, manager of the Pittsburgh Pirates, filed a formal protest of today's Washington victory with Commissioner Landis on the ground that Sam Rice, Senator outfielder, did not catch Earl Smith's drive in the eighth inning over the edge of the bleacher barrier.

GRIFFITH STADIUM, WASHINGTON, Oct. 10.—(By the Associated Press.)—Washington won the third game of the world's series from Pittsburgh today, 4 to 3, before President Coolidge. The victory gave the Senators a lead of two games to one.

The president, accompanied by his wife and party, arrived five minutes before the game and stood with the crowd while the navy band played the Star-Spangled Banner.

Summary—Two-base hits, Judge, Carey; three-base hit, Traynor; home run, Goslin; sacrifice hits, Wright, S. Harris, Judge, Marberry; double plays, Peckinpaugh to S. Harris to Judge, Moore to Grantham; left on bases, Pittsburgh 11, Washington 9; bases on balls, off Ferguson 4 (Moore 2, Traynor, Smith), off Kremer 3 (Ruel, Myer, Leibold); struck out, by Ferguson 5 (Kremer 2, Moore, Grantham, Carey), by Kremer 5 (Goslin, Myer, J. Harris, Ferguson 2), by Marberry 2 (Wright, Grantham); hits, off Ferguson 6 in 7 innings, off Kremer 10 in 8, Marberry 2 in 1; hit by pitcher, by Ferguson (Carey), Marberry (Cuyler); passed ball, Smith; winning pitcher, Ferguson; losing pitcher, Kremer.

Umpires, McCormick (N.), plate; Morarity (A.), first base; Rigler (N.), second base; Owen (A.), third base. Time of game, 2:10.

First Inning. Pittsburgh—After Ferguson had tossed up a few balls to Ruel, he wound up for the first pitch. Moore up. Moore got a base on balls. The wind was blowing the dust around the field. Carey was hit by a pitched ball. Cuyler sent up a high fly to Goslin, who almost dropped the ball. It was hard to gauge it in the high wind. Barnhart up. Barnhart hit into a...

S. Quentin Convicts Who Killed Guard Get Second Degree

SAN RAFAEL, Cal., Oct. 10.—The jury which heard evidence in the trial of six San Quentin convicts who were charged with murder growing out of the death of Branch Miller, a prison employe, who was killed during an attempted escape, found the six men guilty of second degree murder.

LAST TRIBUTE IS PAID TO BIG SIX BY HOME TOWN

LEWISBURG, Pa., Oct. 10.—This little college town which 23 years ago sent Christy Mathewson forth to win a lasting fame on the baseball diamond, today claimed him in death as its own. Sorrowing townsfolk set aside the afternoon to accompany the body to its last resting place in the little cemetery on the outskirts of the town.

It was here, as a student at Bucknell university, that the baseball idol of other years first gained fame as a pitcher. His body, accompanied by his sorrowing widow, was brought back last night from Saranac Lake, where he died Wednesday night.

Banked high with floral tributes, the body lay in state at the home of his mother-in-law, Mrs. Frank C. Stoughton. Crowds began to gather in front of the home early in the day and from the time the doors were opened until near the funeral hour a steady stream of persons filed past his bier.

Thousands sent messages of condolence from all parts of the world. Flowers sent from other cities filled two baggage cars.

In accordance with the wishes of Mrs. Mathewson, the funeral services were arranged to be simple. During the services business in Lewisburg was suspended. Flags were at half-staff on the campus of Bucknell university, where Christy Mathewson Jr. is a student, and on many business houses.

WAR BREAKS OUT IN CHINA AGAIN

CANTON, Oct. 10.—(A. P.)—Canton, a strike-torn city for the past several months, turned its attention today from its immediate situation to the advancing army of Cheng Kwang-ming, who is attempting to close in the city with anti-foreign forces.

Canton is being defended by field armies in charge of General Cheng Kai-Shek. The fury of the fighting is indicated by the increasing numbers of wounded being returned from the battle front which is sixty miles distant. In the city the strike of Chinese against foreign activities remains in force.

World Series Game to Be Broadcast By Sun Tomorrow

In the event a world series game is played tomorrow, the Medford Sun will bulletin the contest, play by play, starting about 11 o'clock, local time.

In the Medford Sun tomorrow detailed accounts of all leading college football games, coast, midwest and east and southern Oregon high school contests.

More Fair Weather. SAN FRANCISCO, Oct. 10.—The weather outlook for the week beginning October 11 was given by the United States weather bureau as follows: Pacific states—The weather outlook is for fair weather with temperature about normal, except for increasing cloudiness and probable showery weather in the western portions of Washington and Oregon about the close of the week.

2 BOOTLEGGERS CAPTURED HERE BY SPEED COPS

W. C. Barker of Medford and J. Finrock of Los Angeles, a Suspect, Apprehended By Talent and McMahon—Liquor Paraphernalia Seized at Former's Home.

Charged with possessing and transporting moonshine, W. C. Barker and stepdaughter, Allie M. Romey, are being held in the county jail following their arrest yesterday by State Officer Terry Talent and Traffic Officers J. J. McMahon and C. P. Talent, at the end of North Riverside while in the act of delivering one gallon jug of moonshine.

Terry Talent was first to appear on the scene. Upon his arrival the girl, carrying the jug, attempted to evade arrest by fleeing from the car, with Talent close upon her heels. She had not proceeded far when she threw the container with a vain hope that it would break; instead it remained intact. Only a small portion of the mouth had chipped away, allowing a small quantity of moonshine to run out of the bottle.

At this juncture Traffic Officers McMahon and Talent arrived just as Barker was also attempting to leave, having backed his light car forcibly against the curbing in preparation. Talent jumped on the car. Immediately Barker submitted to arrest.

Later in the afternoon Officers G. J. Prescott, Joe Cave, Terry Talent and Federal Officer C. McCreedy searched Barker's home at 710 West Jackson street and there found more incriminating evidence in connection with his alleged operations as a bootlegger. Over a dozen bottles of flavoring extract, which included rye, bourbon, Pebleford and Scotch varieties, used for flavoring the moonshine, were found with other bootlegging paraphernalia. With Barker's own hydrometers and equipment the officers ascertained the strength of the moonshine to be 100 per cent proof.

An assortment of cork, in a leather bag, tubing, bottles and a quart bottle of alleged moonshine were also found. The two will have a preliminary hearing in Justice Roe's court at Jacksonville this afternoon. Officers say that Barker has indictments for violations of the prohibition law now pending in the state supreme court. Several years ago he received a \$250 fine for possessing a still, and in general has caused officers more or less trouble under whose surveillance he had been for some time.

According to the arresting officers, Barker had centered his alleged activities in and about Grants Pass until a short time ago, when he came to Medford.

No still was found, but boxes containing the hydrometers were labeled for different operations of distilling moonshine. On one box at the end was pencilled the word "mash," suggesting that Barker had also operated a still.

Jack Finrock of Los Angeles, an alleged booze runner, was arrested last night by State Traffic Officers McMahon and Talent south of Phoenix and is being held in the county jail facing probable charges of possession and transportation of moonshine, carrying concealed weapons, having no operator's license and speeding on the Pacific Highway at 60 miles per hour.

Several companions were with Finrock when arrested, one of whom smashed a bottle of moonshine on the concrete floor of a local garage after officers had the car driven here. Finrock spent the night in the city jail and today was removed to the county jail to await a preliminary hearing in Justice Roe's court. No charges as yet have been preferred against his companions.

It is the officers' presumption that Finrock has been in the custom of running booze into southern Oregon for some time past from the California bay cities.

Finrock was traveling in a large Hudson car and had arrived here from Roseburg in two hours and 15 minutes. He said he expected to reach Los Angeles this evening. He carried a new 32-20 revolver.

Wire Report on the Pear Market

CHICAGO, Oct. 10.—(U. S. Bureau of Markets.) Yesterday's three receipts: Two California; three Illinois; three Illinois; one New York; one Ohio; two Oregon; one Utah; eleven Washington.

No quotations on Oregon pears. NEW YORK, Oct. 10.—(U. S. Bureau of Markets.) Yesterday's receipts: 24 California; 6 New York; 16 Oregon; 4 Washington; 11 New York by boat.

The Hero of Third Game

GOOSE GOSLIN

STATE RESTS IN MURRAY TRIAL DEFENSE STARTS

SALEM, Ore., Oct. 10.—The state in the case of Tom Murray, accused of the murder of Sweeney, prison guard, in the prison break of August 12, rested its case shortly before 3 o'clock this afternoon with the testimony of Dr. R. L. Edwards, prison physician, and Deputy Warden J. W. Lilley. The defense is expected to start before adjournment.

SALEM, Ore., Oct. 10.—The prosecution with the exception of picking up a few loose ends and weaving them into its net of evidence, had practically completed its case in the trial of Tom Murray, convict, for the slaying of Guard James Holman in the prison break of August 12, at the state penitentiary when court adjourned last night.

It had, through the testimony of witnesses, presented to the jury evidence that Sweeney had been killed by a bullet from a 32-20 revolver fired from behind an oak tree in the front yard of the prison; that Murray had been seen by at least three eye witnesses of the shooting to have stood behind this tree and fired into the guard tower in which Sweeney was killed, with a revolver and that Murray had admitted in a signed statement dictated to Charles Newman of New Era that in the event Sweeney had been killed by a 32-20 bullet, he (Murray) killed him.

Today the state had only eight witnesses left to call to the stand, all of them minor witnesses with the exception of Charles Pilling, Centralia officer who was instrumental in the capture of Murray; C. R. Craddock, of the Portland police department, Donagan Wiggins, gun expert, and Miss Blanche F. Barrett, court reporter, who reported an alleged voluntary statement made to District Attorney John H. Carson by Murray to the effect that if Sweeney was killed by a 32-20 pistol bullet, then he, Murray, fired the shot that caused the guard's death.

By stipulation agreed to over night, the defense was this morning granted permission to subpoena three convicts from the state prison as witnesses in the case. The three are Frank Falton, Dale Arthur and Charles Willis whom, the defense alleges were in a position on the night of the break, to view all of the shooting that went on in the front yard, to tell a complete story of what happened.

Wall Street Report

NEW YORK, Oct. 10.—(A. P.) Stock prices swept forward under another avalanche of buying orders in today's brief session of the stock market. Motor and necessary issues were bid up sharply. Pre-holiday profit taking set in toward the close, particularly in some of the high priced issues, which had recorded spectacular gains earlier in the week. Chrysler selling five points below yesterday's final quotations, Adams Express four and Detroit Edison 3 1/2. The closing was firm. Total sales approximated 900,000 shares.

KELSO OFFICIAL EXONERATED ON MURDER CHARGE

George R. Norris, City Engineer, Released On Charges Made By Mayor Todd—\$40,000 Bail Is Withdrawn—Warrants Issued for Hart and Smith.

KELSO, Wash., Oct. 10.—(A. P.)—George R. Norris, city engineer of Kelso, was completely exonerated today of charges preferred against him by former Mayor A. Ruric Todd, of conspiracy in connection with the death of Thomas Doversy, Kelso editor, who was shot June 19.—J. G. Sharpe, assistant attorney general, this morning issued a statement declaring that evidence produced was insufficient to justify filing an information against Norris. Later Judge Homer Kirby of the superior court, issued an order releasing Norris from \$40,000 bail.

A joint information charging John W. Smith and F. T. Hart with first degree murder in the Doversy case was filed in superior court, and warrants were issued for the arrest of the two.

FIND SKELETON OF TWO-HORNED BEAST IN WILDS OF ASIA

PEKING, Sept. 19.—(Correspondence of the Associated Press.)—The fossilized skeleton of a two-horned beast that probably walked the earth on cloven hoofs some millions of years ago in the age of mammas is the latest discovery made by the third Asiatic expedition.

Roy Chapman Andrews, leader of the expedition and known throughout the world as the discoverer of dinosaur eggs in Mongolia, and Walter Granger, chief paleontologist of the expedition have just returned here from the Mongolian wilds.

The skull in question, after the traces of the "Dune-dwellers" previously described by Mr. Andrews, was regarded as the most important find of the season. The horns are peculiar in that they are larger at the top than at the juncture with the skull, suggesting that the animal must have belonged to the giraffe family.

Two other skulls were found, larger and suggestive of the rhinoceros, but with teeth like nothing heretofore known in paleontology. The skulls are being shipped embedded in the rock in which they were found for treatment in the museum of natural history in New York.

An important feature of the finds, according to Mr. Granger is the fact that they suggest a new group of pre-historic animals in Asia.

PORTLAND TEAM GETS 3 'ATHLETIC' PLAYERS

PORTLAND, Ore., Oct. 10.—(A. P.) Purchase of three players from the Philadelphia Athletics was announced today by President Thomas L. Turner of the Portland Pacific Coast league baseball team. William Hagwell, outfielder and first baseman, who was with Portland early in the present season, but who had to return to Philadelphia under a ruling by Commissioner Landis is one of the acquisitions. The others are Marvin Smith, shortstop, and Tom Glass, right-handed pitcher. Commissioner Landis ruled early this year that as Bagwell had been drafted by Philadelphia he must either be retained by the team from which he was drafted.

Word "Obey" Stricken From the Episcopal Marriage Service

NEW ORLEANS, La., Oct. 10.—(A. P.)—The word "obey" in the marriage ceremony of the Episcopal church was ordered taken out today by the house of deputies of the triennial convention of the church meeting here. The vote was 27 to 28 with 15 votes divided.

GERMANY MAY BE RELIEVED OF WAR DUTY BY LEAGUE

LOCARNO, Switzerland, Oct. 10.—(A. P.) The German and allied statesmen today approved in second reading the majority of the points in the draft security pact but left for consideration on Monday the two main outstanding questions, first, the conditions of Germany's entrance into the League of Nations, and second, France's special guarantee for Poland.

These two questions will be the subject of private pour parlers over the week-end. Meanwhile Foreign Minister Stresemann of Germany is telegraphing to Berlin the interpretative declaration drawn up by the league experts on article sixteen of the league covenant, providing for concerted action against any aggressor nation.

The allies hope the declaration will satisfy the Germans as its effect is to recognize Germany's special condition of disarmament and to remove her from the obligation of participating against her will in operations to enforce league penalties.

TAXI SLAYER TO HANG NOV. 30TH

DALLAS, Ore., Oct. 10.—W. R. Lloyd, 26-year-old convicted slayer of Clint I. Baun, Independence, Ore., taxi driver, was today sentenced to be hanged at Salem on November 30. Sentence was pronounced this morning by Circuit Judge Ramsey. The prisoner heard the sentence without comment.

French Garrison in Syria Surrounded; Hear Pittsburg Radio

BEIRUT, Syria, Oct. 10.—Members of the French garrison besieged for weeks by tribesmen at Suedia are telling of how they were entertained by a radio concert broadcast from Pittsburg.

Shenandoah Disaster Kills Mother of Pilot

WASHINGTON, Oct. 10.—(A. P.)—Announcement of the death of Mrs. Elizabeth Knox Lansdowne, mother of Commander Zachary Lansdowne, was contained in a telegram received here today from Greenville, Ohio. The message came to Mrs. Zachary Lansdowne, who yesterday testified before the naval court inquiring into the wreck of the Shenandoah and the killing of Commander Lansdowne and members of his crew.

Radio from Sea Bed. HELGOLAND—Broadcast from the bottom of the North sea, a diver's story has been heard in Hamburg, 100 miles away.

She's a Modest Violet. NEW YORK—Ganna Walska is asking a fee of \$1500 for one appearance in "Madame Butterfly" on the ground that she will sell out the house.

OSSIE BLUEGE SUFFERS RELAPSE BUT MAY PLAY IN TOMORROW'S GAME

GRIFFITH STADIUM, WASHINGTON, Oct. 10.—(By the Associated Press.)—Ossie Bluege "beamed" third baseman of the Senators, had a slight relapse and will not play today, it was announced by Manager Harris as his men took the field with the Pirates for the third game of the world's series in a wintry setting. Bluege was taken to a hospital Harris disclosed, after an attempt to exercise had brought on some ill effects from the blow he sustained Thursday in the second game when hit by one of Vic Aldridge's fast curves. Harris asserted he did not believe there was any cause for alarm in Bluege's condition, however, since an X-ray disclosed no broken bones or ear injury. It is simply that he needs additional rest, the manager declared, adding that Bluege may be able to return to the game tomorrow.

S. P. DENIES HIGHER RATE TO THE EAST

Gen'l. Freight Agent Says if S. P. Given An Exclusive Right at Klamath, Rates to East Will Not Be Higher Than Over Hill Lines.

PORTLAND, Ore., Oct. 10.—(A. P.) The Klamath Falls district is in no danger of being held up for high freight rates if the Southern Pacific is allowed exclusive rights there, H. A. Hallmark of San Francisco, general freight agent of the Southern Pacific testified at the rail hearing today before Director of Finance Charles Mahaffie of the Interstate commerce commission.

The rates from Klamath Falls to the east over the Southern Pacific, if the company is allowed to extend to a connection at Alturas, Cal., will be no higher than the rates from Bend east over the northern lines, Hallmark declared.

From Lakeview to the east, the rates will not exceed those from Klamath Falls and Bend, he said. Hallmark argued that the northern lines would absorb the entire freight charge by carrying lumber all the way east over their own lines, whereas the Southern Pacific would divide its receipts with other lines.

"Do you think your line is entitled to an exclusive right in this territory," queried Attorney Charles A. Hart, attorney for the Oregon Trunk, subsidiary of the northern lines.

"Yes," replied Hallmark, "as long as we give a satisfactory service." In support of the contention that the service would be satisfactory, he declared that many southern pine manufacturers are moving from the south, where they have been dependent on the Southern Pacific for transportation and loading in the Klamath basin, where they expect again to be served by the Southern Pacific.

"Why do you think the Southern Pacific should make a \$15,000,000 investment to aid the eastern movement of freight from the Klamath basin," continued Hart, "when an expenditure of \$6,000,000 by the northern lines would serve the same purpose?"

"It is not solely for the long haul of lumber to the east that we want to enter the territory," Hallmark replied. "Local freight and the business to come from the development of the country are other considerations." Hallmark said that his company estimated that within five years the lumber business of the Klamath basin would require 10,000 cars a year.

C. N. Huggins, vice president and manager of the Valley and Siletz railroad, stated his line receives 600 cars annually from the Southern Pacific and that he had never had any trouble with the larger company reloaded. "Local freight and the business to come from the development of the country are other considerations," Hallmark said that his company estimated that within five years the lumber business of the Klamath basin would require 10,000 cars a year.

C. D. Johnson, president of the Pacific Spruce corporation, with a large mill at Toledo, Ore., testified that his company is dependent on the Southern Pacific for all its rail shipments out of Lincoln county and that he has always been well treated in matters of rates, routings and cars. Johnson said that once in a while he uses the Portland gateway for eastern shipments, but at no time has the Southern Pacific objected to his so doing.

He advocated the granting of the Southern Pacific permission to build the Alturas cut-off to give quicker service east.

Robert B. Gould, civil engineer of Bend, was a witness for the Southern Pacific late yesterday. He testified there are 23,000,000,000 feet of timber tributary to the Oregon Trunk at Bend. H. A. Utkley, land operator at Lakeview, said that if the Southern Pacific plans are carried out he will assist in large colonization projects that depend on the railroad development. C. D. Arthur said there are 60,000 sheep on the range near the route of the Strahorn lines and the road when projected could be used to transport those sheep from summer ranges to winter feeding at Lakeview.

George H. Kelly, formerly of the Booth-Kelly Lumber company and (Continued on page six.)

WHEAT PIT MAY DISAPPEAR AS RESULT OF JARDINE'S WARNING

CHICAGO, Oct. 10.—Hectic hours in the Chicago wheat pit may be gone forever. The Chicago board of trade has adopted stringent rules to curb wild price swings to create a committee for supervising trading ethics and protect public interests and to permit outside members to vote by mail.

Virtually similar changes were made by the metropolis exchange and other markets are expected to follow suit. The changes were made after Secretary of Agriculture Jardine secretly issued warnings against grain trade practices and gave voice to an order for a cleanup a fortnight ago.
