

PRIMATE ELECTION EPISCOPAL CHURCH MAY BE DEADLOCK

NEW ORLEANS, La., Oct. 14.—(A. P.)—Election of a primate, the first in the history of the church, was the principal business here today before the house of bishops of the Episcopal church in the United States, beginning the eighth day of sessions of the 43rd triennial general conference of the church.

With eight bishops nominated for the office, which will be for an executive term of six years, balloting was expected to be centered upon these nominees, although voting is not confined to those nominated.

The nominees are: The Right Rev. Charles Henry Brent, bishop of western New York, former missionary bishop to the Philippine Islands; former chief of chaplains of the American expeditionary forces; chairman of the joint commission of relations with the federal council of churches.

The Right Rev. Thomas F. Gallor, bishop of Tennessee, president of the national council of the Episcopal church and chancellor of the University of the South, a leading churchman.

The Right Rev. Joseph Gardner Murray, bishop of Maryland; president of the ecclesiastical court which convicted the former bishop, William Montgomery Brown of heresy, Bishop Murray is regarded as a conservative.

The Right Rev. Edward L. Pearson, bishop of California, chairman of the committee on individual and international peace.

The Right Rev. William Cabell Brown, of Virginia, chairman of the house of bishops.

The Right Rev. Alexander Mann, bishop of Pittsburgh, former president of the house of deputies.

The Right Rev. James DeWolf Perry, bishop of Rhode Island, former member of the chaplains board of the army and navy.

The Right Rev. Hugh Lattimer Burleson, missionary bishop of South Dakota.

With a majority vote of 67 required for election, the possibility of a deadlock in the house of bishops which may delay the action of a primate, occupied the attention of all delegates to the convention.

An alignment of voting strength was indicated to be centered on two nominees, Bishops Gallor and Brent, and a deadlock resulting from refusal of members of the house to change their vote might obviate the possibility of either Bishops Gallor or Brent being elected.

Should such a deadlock occur it was believed an effort would be made to reach a compromise on another nominee with Bishop Perry prominently mentioned in this regard.

OREGON BACKFIELD MAY BE CHANGED

EUGENE, Ore., Oct. 14.—In an effort to install a system of offense into the 1925 University of Oregon football machine, Coach Dick Smith is drilling his proteges doubly hard daily. Last night the freshmen of the university were the victims, the varsity plunging through the freshman team at will.

Then the freshmen were given the ball and eventually slammed through for a touchdown. So the line coaches are equally hard at it trying to teach the Oregon varsity defense.

Coach Smith's chief worry in his campaign for an offensive team is a backfield. Several new combinations were tried out yesterday and there is indication that there will be a change in personnel of the back field regulars.

SECRETARY OF WAR DAVIS SWORN IN

WASHINGTON, Oct. 14.—(A. P.)—Dwight F. Davis of Missouri, was sworn in today as secretary of war, Chief Justice William Howard Taft, a former secretary of war, administered the oath, and John W. Weeks, retiring secretary of war, stood by. The chief of staff of the army, Major General John L. Hines, his assistants and chiefs of war department bureaus witnessed the ceremony.

Mr. Weeks remained in Washington over night, delaying his return to Boston in order to witness the induction of his successor into office. Mr. and Mrs. Weeks will leave for Massachusetts tonight.

SALEM POPULATION ESTIMATED 19,709

WASHINGTON, Oct. 14.—(A. P.)—The census bureau today made public estimates of population of cities having on January 1, 1920, 10,000 or more inhabitants. The estimates are based upon the assumption that the annual increase in the population of any city since 1920 is equal to the annual increase between 1910 and 1920 as shown by the returns of the two federal censuses. The estimates for Oregon are: Astoria, 16,635; Eugene, 11,421; Portland, 252,353; Salem, 19,709.

PULLET EGGS GO UP FOUR CENTS BUTTER IS FIRM

PORTLAND, Ore., Oct. 14.—Pullet eggs of fresh mediums as they are now known on the Portland dairy exchange, had a brisk rally during the last session and today are posted four cents higher at 46 cents. The egg market is very strong locally but today's advances are limited to the undergrades while top grade eggs remain unchanged.

Undersized or peewee eggs are a cent higher at 29 cents and current receipt eggs up a cent at 41 cents net.

Fresh standard extras and firsts remain at 52 cents and 46 cents respectively.

Ordinary butter is firm and higher in the local market with top grades unchanged for the day. On the dairy exchange prime firsts are a cent higher at 51 cents and firsts a half cent up at 47 1/2 cents. The market for butterfats is a mixed affair with bids in the country ranging all the way from 52 to 55 cents while offers for fats delivered at Portland range from 55 to 57 cents with one large butter-maker out with a card quoting 59 cents for fats delivered here.

Country dressed hogs remain firm and scarce with choice lights bringing 18 to 18 1/2 cents. Veal is still weak with little or no demand. Choice light calves today 15 to 15 1/2 cents.

SPORTS CALIFORNIA BEARS DEFEAT BRINGS OUT FOOTBALL RECORD

BERKELEY, Calif., Oct. 14.—(A. P.)—When the San Francisco Olympic club defeated the University of California 15 to 0 last Saturday the final chapter was written in what is probably one of the most remarkable football records ever made by a major team playing major opposition. During the five and a fraction years on which the Golden Bears went undefeated, fifty games were played in which the Bruins won 46 and tied four, losing none.

Not only were the strongest teams on the Pacific coast met and consistently defeated in the course of this long string of victories, but three strong eastern eleven were met, of which Pennsylvania and Ohio State were beaten and Washington and Jefferson played to a scoreless tie.

Coach Andy Smith's men scored a total of 1643 points in those fifty games while the combined opposition had to be content with only 139 points.

YESTERDAY'S RESULTS. At Seattle 10; Portland 3. At San Francisco 4; Oakland 0. At Sacramento 8; Salt Lake 4. At Los Angeles 3; Vernon 1.

Whitman to Play O. A. C. WALLA WALLA, Wash., Oct. 14.—Whitman college will send 21 players to Portland for the game against the Oregon Aggies Saturday. Coach Borleske said today. Of this squad only one man who faced the Aggies at Pendleton in 1924 will start and he will be in a new position. The only survivor is Captain Conley, who has moved from tackle to fullback.

Large Meteorite Found. ABERDEEN, Scotland, Oct. 14.—(A. P.)—The third largest meteorite in the world has just arrived here from Greenland aboard the Danish schooner Skongen. Captain Petersen of the Skongen says it weighs seven tons. It fell in 1916 and it had been dragged toward the coast on dog sleds since early in 1923.

A Hard Billed Fran. TACOMA.—William R. Jones was shot and almost killed by his wife last June. The gun-wielding wife yesterday filed suit for divorce in which she asks \$500 from her recent victim to be used in her defense on a charge of first degree assault.

2 KILLED YESTERDAY AT FLORENCE, OREGON

EUGENE, Ore., Oct. 14.—News of two fatal accidents at Florence Saturday was received here late yesterday. Fred Saubert, of Cushman, was drowned in the Pacific ocean when the boat from which he was fishing capsized, his body has not been recovered.

Frank Ready with other workmen was raising a residence when the supports gave way and the building caught him and Oscar Huff. Ready was instantly killed while Huff was badly bruised.

ARCHAEOLOGISTS MAKE IMPORTANT DISCOVERY, AFRICA

ROME, Oct. 14.—(A. P.)—Discoveries of primary importance to archaeology are announced by the Italian scholars who have been excavating on the site of the ancient Greek colonial city of Cyrene, on the north African coast between the modern cities of Benghazi and Derna. The excavators say they have proved that the famous temple of Apollo, the main temple of Cyrene, when it was among the fairest of Mediterranean cities in the fifth and sixth centuries, B. C., was originally built by the Greeks about 600 B. C.

This proof was taken from a stratum of earth alongside the ruins of the temple's sub-structure, in which the excavators founds works of art dating as far back as 1000 B. C., and believed to be of Libyan origin. Many of these art pieces are said to be priceless.

Cyrene was one of the first and most prosperous of the colonies founded around the Mediterranean in the era of Greek colonial expansion. Its beginning is placed at about 650 B. C., and its founder, according to legend, was Battus, who placed the new colony according to the dictates of the Delphic oracle. At its zenith Cyrene is believed to have had 100,000 inhabitants, and its temples were among the finest of the ancient world. The local Arabs now call the place Girona, a corruption of Cyrene, and say that it takes six "camels" to go from one end to the other of its ruins.
