Showing flashes of real football class, but still displaying their green- ness and inexperience, the Ashland high school football team Saturday staged an uphill battle and, finally emerged from their tussle with the Grants Pass eleven, deadlocked in the 7-7 tie. Throughout the first quarter the locals showed several short flash- es of what could be termed real foot- ball, but whenever they got into a tight hole, where nothing but inexperience could pull them out, they blew up, and allowed their opportunity to slip away—Ashland Times.

# DECLARES WOMEN HAVE LOWERED IN THEIR MORAL TONE

One of the clearest and most force- ful addresses on the moral situation of the day, was delivered last night at the Baptist church by the Rev. Wayne Phelps of Portland, who is giving a series in the churches of the city. Mr. Phelps represented the World's Purity association. From his wide experience, in Philadelphia, San Francisco and Portland and many smaller places he draws his illustra- tions. His message last evening was on the question as to whether or not we are losing our grip on morality and if so, why. Mr. Phelps is not a dogmatist, but presents facts as he has seen them and draws his conclu- sions, leaving you to draw yours.

Because of the increasing tendency among individuals and in groups of young women to tell salacious stories even in the presence of men—the rapidly increasing number and enor- mous sale of sex magazines, the large number of books of low moral tone, the widespread use of the cigarette among women and for other reasons, he concluded that women were lower- ing their moral standards and when womanhood allows for moral stan- dards to drop, the morals of men drop with them. One of the greatest causes lying back of this downward tendency, he places the war, the great tobacco trust and the movies.

Tomorrow night he is announced to speak on the subject, "The Key to Noble Living." The young people of high school age are especially invited to hear this message at the Presby- terian church at 7:30 p. m. There is no charge for admission but a silver offering will be taken at the close of the service. Parents and teachers and Christian workers together with

# Clean Kidneys By Drinking Lots of Water

Eating too much rich food may pro- duce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kid- neys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving blad- der disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia- water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney dis- orders. By all means have your physi- cian examine your kidneys at least twice a year.
