

ARLEY SCHWAB SEES PEACE AND PROSPERITY AHEAD

CAGO, Oct. 21.—(A. P.)—Charles Schwab declared today the country is on the threshold of a great era of peace and prosperity. He spoke at a joint educational program conducted by the University of Chicago and Institute of American Packers. Before entering the stage he told newspaper representatives that "business was never so good as it is now" and that the years immediately ahead of the industry would be the able ones.

In an optimist, always have been an optimist, always will be an optimist. I have never believed that communism was going to spread over the world. I have never been afraid of Reds, the 'pinks' or the 'yellows.'"

MODIFICATION OF DAWES PLAN IS CONTEMPLATED

W YORK, Oct. 21.—(A. P.)—The Tribune says that the visit of Hjalmar Schacht, head of the Reichsbank, to this country is not intended to stimulate American trade credits to Germany but has as its purpose the paving of the road to a revision of the Dawes plan. It intends to discuss the question with various persons, including Vice President Dawes, in connection with more tangible steps taken when some of the problems involved in the operation of the plan become acute. There is a growing realization, the news adds, that German deliveries of reparations account for a large part of the price of goods and are seriously injuring American interests.

PASTORS PUT UP AT WHITE HOUSE

ASHINGTON, Oct. 21.—(A. P.)—The old practice of "putting up the pastor for the night" is being revived upon this week in the White House, where seven Congregationalist ministers, two of them with their families, are house guests. When the Rev. Jason Noble Pierce, pastor of the president's church, read the membership to "take in" a quota of delegates to the Congregationalist convention the president and Mrs. Coolidge declined to be put out, announcing they had room for the ministers. The nine include former pastors and a present pastor of the Edwards church of Hampton, Mass., Mr. Coolidge's hometown. White House officials said the visitors were guests, not of the nation, but of Mr. and Mrs. Calvin Coolidge, Congregationalists.

AUTHOR OF ANTI RED LAW OPPOSES WHITNEY ACTION

OAKLAND, Cal., Oct. 21.—Miss Charlotte Anita Whitney, club woman and civic leader, who is awaiting commitment to San Quentin prison to serve a sentence of from one to four years for a violation of the state syndicalism act said here today that she would not apply for a pardon.

City Attorney W. J. Locke of Alameda, who fathered the syndicalism act in the lower house of the legislature, while serving as a member of that body, characterized the conviction of Miss Whitney as a "mistake." "The bill was not designed to prosecute those who would affect governmental changes by peaceful means," Locke said. "It was introduced into the legislature after an attempt had been made to dynamite the governor's mansion in Sacramento and was directed solely at anarchy and such other armed attacks on the peace of the commonwealth. It was a violation of the word and the spirit of this law to convict Miss Whitney."

Miss Whitney announced that she was to confer today with her attorney John Francis Neylan of San Francisco as to what her next step would be. Discussing the widespread agitation for a pardon she said: "I am not going to ask for a pardon. If the governor is disposed to pardon anyone let him liberate the poor men who are now imprisoned for a violation of this same law and whose guilt may be less than mine. He could more closely approximate justice by pardoning them than by extending clemency to me, a woman of money and influence."

LIQUOR RUNNERS SHOT BY GUARDS ON MEXICAN LINE

EL PASO, Texas, Oct. 21.—(A. P.)—Liquor smugglers attempting to run the blockade at the international boundary early today were repulsed by United States customs guards, with two wounded, one probably fatally. Five of the band were captured. Many shots were exchanged in the skirmish at a point on the banks of the Rio Grande near El Paso. Juan Burgo, one of the wounded smugglers is suffering from a shattered jaw, struck by a customs officer's bullet. The other wounded man was carried away by a few members of the band who escaped. Twenty cases of liquor were left behind. The band, called by officers the "Gun Gang," is one of the most dangerous operating along the boundary, federal officers said.

SPECIAL RELIEF FROM TAXES IS UNIVERSAL AIM

WASHINGTON, Oct. 21.—(A. P.)—Varied forms of tax relief were sought by a number of organized interests through representatives appearing at today's session of the hearings before the house ways and means committee on a new revenue bill. Nine organizations were allotted time today by the committee which will hear all parties interested in the proposed tax reduction measure before starting work a week from Sunday on the drafting of the bill.

Exemption of salaries of employees of municipally owned systems was urged by Representative Johnson, republican of Washington, who spoke for the municipal employees of Tacoma. Committee members suggested this was a legal point for the courts. B. C. Little of Rochester, N. Y., speaking for the American Waterworks association, pointed out that recent interpretations of the present law had made salaries of employees of municipal owned water systems subject to the tax, and he insisted this was discrimination since state and other municipal employees are exempt. Representative Hawley, republican, Oregon, pointed out there was a difference between employees on city payrolls and water works payrolls.
