Willy, Lester Martin, C. Hesel, H. D. Boyer, Don McClinton, J. A. Oehus, E. M. Morton, W. J. Lewis, C. D. McCoben, Charles Hinman, W. G. Avery, G. Meister, G. L. Tufts, Tim Burke and Allen Hart.

Large cotton rags wanted at Mall Tribune office.

British Ship Saves Herself. LOS ANGELES, Oct. 22.—The British tank steamer Ampullaria sent out distress calls at 9:56 last night, saying she was ashore on Point Sur, 100 miles south of San Francisco. At 10:56 the tanker sent a message saying she was off the rock and proceeding and that no vessel was needed to stand by.

Marcell's Miracle Mineral. A radio-active substance of the earth. The great blood and body builder. Laboratory at Portland, Ore. See Mrs. J. A. Everett, 206 Willamette street. Jackson county agent, Medford, Ore. Tel. 357-Y. 196

SICK WOMEN ATTENTION! Read this Remarkable Testimony Regarding Results from Taking Lydia E. Pinkham's Vegetable Compound

Norfolk, Virginia.—"If you only knew how many women and girls have taken your medicine by hearing my testimony, it would seem wonderful to you. Every day and every chance I have I advise some one to try it. It was in June, 1904, when I had given up to never get well, that I wrote to you. My husband went to the drug-store and brought the Vegetable Compound home to me. In a few days I began to improve and I have often taken it since. I am now passing through the Change of Life and still stick by it and am enjoying wonderful health. When I first started with your medicine I was a mere shadow. My health seemed to be gone. The last doctor I had said he would give me no more local treatments unless I went to the hospital and was operated on. That was when I gave the doctors up. Now I am a healthy robust woman. I wish I could tell the world what a wonderful medicine Lydia E. Pinkham's Vegetable Compound is. I will be only too glad to answer letters from anywhere. I wish all sick women would take it."—Mrs. J. A. Jones, 317 Colley Avenue, Norfolk, Virginia.

I wish all sick women would take it."—Mrs. J. A. Jones, 317 Colley Avenue, Norfolk, Virginia.

Norfolk, Virginia.—"If you only knew how many women and girls have taken your medicine by hearing my testimony, it would seem wonderful to you. Every day and every chance I have I advise some one to try it. It was in June, 1904, when I had given up to never get well, that I wrote to you. My husband went to the drug-store and brought the Vegetable Compound home to me. In a few days I began to improve and I have often taken it since. I am now passing through the Change of Life and still stick by it and am enjoying wonderful health. When I first started with your medicine I was a mere shadow. My health seemed to be gone. The last doctor I had said he would give me no more local treatments unless I went to the hospital and was operated on. That was when I gave the doctors up. Now I am a healthy robust woman. I wish I could tell the world what a wonderful medicine Lydia E. Pinkham's Vegetable Compound is. I will be only too glad to answer letters from anywhere. I wish all sick women would take it."—Mrs. J. A. Jones, 317 Colley Avenue, Norfolk, Virginia.
