Willamette Valley-Florence highway, between Cheshire and Rainrock, in Lan county.

### The Screen

Naval Academy Film, Craterian. A truly delightful film is "The Midshipman," starring Hanson Novaro, which closes at the Hialto theater tonight. It concerns the adventures of a youth at the Naval Academy at Annapolis.

The big town and its biggest lure, "Night Life of New York," has been brought to actual visualization and will be shown on the screen of the Hialto theater tomorrow.

The gay White Way has been filmed without resorting to constructed sets. For the first time also its midnight clubs, its exotic dancing places, its cellars and cabarets—its flirty, flashy scenes of revelry have been caught by the camera.

"The Fool," Hunt's Craterian. The much heralded screen version of Channing Pollock's stage play, "The Fool," is the film attraction at Hunt's Craterian today, tomorrow and Saturday.

"The Fool," as many local theatergoers will remember who have read the play in book form, or who have seen its stage presentation, is the story of the adventures of a young minister who believed that he could live like Christ in the 20th century. It has been ranked as one of the greatest plays ever written for stage or screen, not only because of the significant moral message it contains but also for the sheer thrill and entertainment of its melodramatic action and climax.

### MORSE AND CATTLE ASSOCIATION IS BEATEN IN SUIT

Circuit Judge Charles M. Thomas Wednesday handed down an opinion in the case of the Big Butte Horse and Cattle association against Alex Anderson and others, for regulation of grazing land. The opinion ruled that the case of the Horse and Cattle association be dismissed, and no grounds for damage had been established.

The controversy has been hanging fire for three years, and revolved about the eternal controversy between cattle and sheepmen.

The plaintiffs held that the defendant had no right to graze sheep on the public domain, where priority of cattle grazing had been established.

The opinion holds that in one instance land involved, had been used as a sheep range, before it was a cattle range.

The defense contended that it used only deeded or fenced land for grazing and the case was further simplified by the defense statement that they were going out of the sheep business.

The opinion also makes mention of the fact, that fenced land had been leased to forestall sheep grazing.

### New Real Estate Firm in Medford

William Olson and Chauncey Flory have entered the real estate business, with offices in the First National Bank building.

Mr. Olson was woods superintendent for M. D. Olds when he owned and operated the Pacific & Eastern rail-

way and saw mill, which were later sold to the Owen-Oregon Lumber company, and Mr. Olson comes into the business with a wide knowledge of experience gained over years of successful business operations.

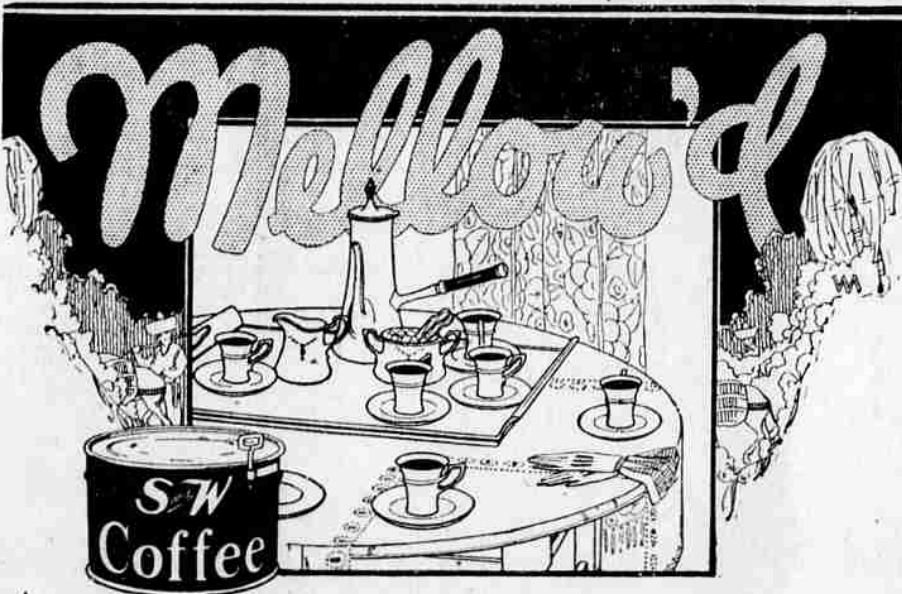

The new firm is prepared to furnish homes, ranch property or timber lands to anyone desiring them.

Frank H. Neil will be associated with them in the handling building loans for the Western Loan & Building company, which is prepared to furnish money to anyone wishing to construct new buildings in Medford, or the territory adjacent.

These aged coffees bring to your cup, deep and mellow'd richness.

Imagine coffee-flavors you are fond of coming to your palate richer, deeper, more appealing, more satisfying!

This coffee experience is yours with S&W, because the coffees used in its blend have been aged in the tropics.

Fine coffees are these, brought to full perfection by nature's slow method of "mellowing." And scarce, because so great is the world's impatient demand for coffee, little can remain behind to age.

But adequate supplies of these rare "old" coffees are secured for S&W. To the blend is added just a trace of new coffee to emphasize a bit, the rare, mellow flavors of the old.

S&W Coffee is one of the S&W family of Fine Food Products. You have probably used many of them. If so, you know that S&W Coffee is of extraordinary goodness. The individuality of S&W Coffee flavor grows on you as you continue its use.

The Symbol of Unusual Goodness

More than a quarter century's unyielding adherence to the best that can be produced in fine foods—this standard of merit has been strictly maintained. It has resulted in the enviable reputation enjoyed by S&W as a symbol of unusual goodness and value in canned fruits, vegetables and other foods.
