

FRANCE WILL CHANGE ENVOYS IN WASHINGTON

Ambassador Daeschner to Be Removed and Place Taken by Senator Berenger, Noted Financial Expert, Paris Reports—Is a Surprise

PARIS, Oct. 29.—(A. P.)—It is learned on high authority that Senator Henry Victor Berenger will be appointed shortly to succeed Emile Daeschner as French ambassador to the United States.

The decision of the government to change ambassadors in Washington is closely related to the American debt funding negotiations.

Foreign Minister Briand has expressed upon Senator Berenger and others of his colleagues in the cabinet that another effort should be made to settle the debt.

Senator Berenger is regarded as the best man available to bring this about.

His financial authority in France, his intimate acquaintance with the subject and the ideas he derived from his recent experience in Washington as a member of the Calhoun debt mission, have persuaded the government that, if something more is to be done, he is the man to do it.

There is a disposition in some quarters to criticize Ambassador Daeschner for his dispatches to the foreign office prior to the departure of the French mission to the United States, it being declared that these dispatches left M. Calhoun and his party under misapprehension as to the attitude of the American debt funding commission.

The usual inquiry whether M. Berenger is justifying a grant to the American government as ambassador has not yet been made, but is expected in due course.

M. Berenger, seen by newspapermen as he was about to leave town for the week-end, said he had not the slightest knowledge of his prospective appointment.

WASHINGTON, Oct. 29.—(A. P.)—News of an impending change in French ambassadors to Washington was received here with apparent surprise.

As far as disclosed, M. Daeschner's contacts with the American government all have been of an agreeable character, and he has made many friends in American official life.

There is no doubt, however, that in one respect the mission to the United States has failed. It was generally understood when he succeeded Jules Jusserand that his major duty would be to pave the way for a settlement of the French war debt, and that and he had many conferences with American officials.

It was apparent, too, that when the French debt commission, headed by Joseph Caillaux, reached Washington, it believed itself to have been fully informed through the French embassy here of the American attitude, but found later that it had been indulged in over-confidence as to a settlement on acceptable terms.

To what extent the ambassador has been held responsible for this situation and for the failure of the American funding negotiations remains to be disclosed. It is a subject on which neither the embassy nor the state department will comment.

U. S. C. SCORES 20 POINTS 1ST HALF

MOSCOW, Idaho, Oct. 29.—(A. P.)—Within the first five minutes of play the University of Southern California scored a touchdown against the University of Idaho here today. Except for a fifteen yard run by Denny, most of the game was in the air. The touchdown followed a 22-yard run by Denny through the entire Idaho backfield. U. S. C. failed to kick goal.

Denny made a second touchdown a few minutes later and kicked goal, making the score 14 to 0 for the victors. After a series of punts and passes on both sides a fifteen-yard run by Denny put the ball on Idaho's six yard line and soon afterward Denny crashed through eight guards and over the line.

A third touchdown for the Californians followed almost immediately. Roger of Idaho fumbled the kickoff and Earl of Southern California ran twenty yards for a touchdown. Denny kicked goal. Score, U. S. C. 20; Idaho 0.

BOAT CAPSIZED, TWO DROWNED

ABERDEEN, Wash., Oct. 29.—Elmer Ecklund and Elmer Cronlund, Hecce fishermen, are believed to have lost their lives early this morning when their 30-foot power boat Urum No. 2 capsized on Grays Harbor bar. The overturned boat caught in a flood tide, was retrieved by two Aberdeen fishing launches and towed to Westport. The bodies of Ecklund and Cronlund were recovered from the boat since early morning but no trace of the bodies has been found.

There is a bare chance, it is said, that the men were picked up by other fishing boats which crossed the bar in a fleet of daws.

LOCAL APPLES TO BE FEATURED BY S. P. ON APPLE DAY

Oregon's finest apples from the famous Rogue river, Willamette and Umpqua river valleys are to be specially featured on Southern Pacific dining cars during the National Apple Week which begins October 31.

Southern Pacific dining car chefs are energetically preparing special apple menus and more than 10,000 copies of special apple menu cards will be distributed by the company on its dining cars operating between Portland, Ogden and New Orleans.

As a part of its participation in National Apple Week celebration the railroad is now baking in its Oakland, California, commissary the world's largest apple cake. It will weigh more than 100 pounds and contains five boxes of apples. The mammoth pastry is to be presented by the railroad to the little orphans of San Francisco Home for Homeless Children, Otto Heiler, supervising chef for the railroad is personally supervising the baking of the huge cake.

Among the many ways in which Oregon apples will be featured on the railroad's dining cars during National Apple Week are the apple strudel, apple cake, apple compote, apple dumplings, fried apples, stewed apples, apple fritters, apple cider, stuffed apples, apple pudding and a score of other appetizing ways to delight the palate of travelers.

More than 11,000 boxes of apples are consumed on Southern Pacific dining cars annually.

SEATTLE HOLD-UP BANDIT IS SHOT

SEATTLE, Oct. 29.—(A. P.)—Interrupting a holdup by Frank Cunningham and Fred Rasmussen of 26 men in a yard room here today, Police Sergeant P. H. Jennings and Patrolman P. H. Vike engaged in a pistol battle with Cunningham. The bandit was wounded three times by Vike and had his pistol shot from his hand by Jennings before he was arrested.

Rasmussen surrendered immediately. Cunningham declared that he was a salesman, though not employed recently. "I had lost considerable money in the place," he explained, "and went there to get some of it back."

Police said the pair expected to get about \$10,000 in the holdup.

WARNED TO KEEP PEACE

(Continued from page one.)

scenes of pillage and destruction. According to these accounts the Greeks took away food and clothing, even furniture and household utensils in some cases leaving behind them only the bare walls of the homes they had looted.

At the foreign office it is declared Bulgaria will insist before the League of Nations council that Greece make reparation not only for the lives lost—most of those, it is alleged, being civilians—but also for all property destroyed or stolen.

With this end in view, the alleged military attaches who supervised the evacuation were asked to take careful note of the activities of the departing Greeks.

POTATOES FROZEN IN MIDDLE WEST, PRICES SOAR UP

CHICAGO, Oct. 29.—(A. P.)—A slow reaction from the cold wave in the Rocky Mountain and central states was promised for today and tomorrow though prospects were that Halloween would see snow. Seasonal temperatures were forecast for Sunday.

This cheering information from the weather man balanced in part the sad stories from Iowa, Minnesota, and Colorado potato growers, whose unharvested crops suffered heavily from frost.

Colorado cultivators of the spud suffered a loss of a half million dollars and prices jumped from \$2.50 to \$3 a hundred pounds.

Government reports said some 700 carloads of potatoes were ruined during the last fortnight.

Growers near Davenport, Iowa, estimated their loss at about twenty per cent.

Nebraska yesterday took from South Dakota the doubtful honor of being the coldest spot in the country with Gordon's unofficial thermometer reading eleven below zero.

Minnesota led in heavy snowfall with more than sixteen inches in forty-eight hours in some places. Ranchers face considerable loss to crops and stock unless a moderating wind brings relief.

PARDON EXPLAINED
